WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B., writes:—"I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pains in my stomach that were so bad, at times, I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy an yellow complexion.

I had read a great deal about

MILBURN'S LAXA-LIVER PILLS

so decided I would try a vial, and after taking three of them I was greatly improved and felt more like living, and I can now do my own work without any trouble."

For sale at all druggists and dealers; put up only by The T. Milburn Co., Limited, Toronto, Ont.

SALT LAKES PROVED POPULAR ATTRACTION

The Salt Lakes proved a popular attraction yesterday, a large number of people visiting there and enjoying the bathing. Launch 23 plied regularly between the Prince Rupert Boathouse and the lake but owing to the fact that the service had not been advertised a great many did not know the boat was running.

The water in the lake was very warm especially near the surface. Those who dived into deep water found it colder.

In the Letter Box

POACHING FOOTBALL

Editor, Daily News.

Under the heading of "Poaching Football" in your issue of the 24th instant, there appears a letter over the signature "Footballer," in which charges are made that certain football clubs (or club), are endeavoring to secure players from other clubs, by the offering of jobs to the better players.

Now, there is only one commercial firm supporting a football club in the league, in a position to offer jobs to players, namely, the Cold Storage, and the only inference which can be drawn is, that this charge is directed against the Cold Storage Football Club.

We wish it to be known, that this charge is absolutely without foundation, and as we are jealous of our reputation of being a sporting team, we think a few facts relative to the above, would not be out of place.

At the present time, there are four men on the payroll at the Cold Storage, playing for other clubs, and no effort has been made to induce them to sign up for our team, in fact, it is the practice of the selection committee, to advise any player of another club who may be taken on the payroll, that he is under no obligation whatever, to play for this team, and if he does so, it is at his own request.

Verify Innuendo

It is a pity that "Footballer" did not take the trouble to verify his innuendo, before rushing into print with a story well calculated to bring more harm than good, to local football. There is a possibility that these charges are not directed against us, but if such practices are actually being employed by one or other of the teams, it is "Footballer's" duty—after having committed himself as he has—to have the moral courage and sportsmanship to definitely accuse the offending parties, over his own signature, and not to cast, what appears to us to be, an unmerited slur upon all the teams in the league.

For the future guidance of "Footballer" we would suggest that he place any charges he may wish to make, before the officials of the Football Association, and not attempt any mud-slinging tactics, through the medium of the press, over a "nom de plume."

Now Mr. Editor, we trust we have not taken up too much of your valuable space, but for our own justification, we deemed this letter necessary, and we can assure you this is our first and last word on the subject.

Cold Storage Football Club,
F. W. Grimble, Sec.

Sport Chat

The Callies and the Cold Storage are due to meet tonight in the Senior Football League for the city championship. The fact that the Callies are at the head of the league with two victories and no defeats and the Cold Storage are in the cellar with two losses and no wins does not necessarily mean that it will not be a good game. In fact, there has been some strengthening going on recently in the ranks of the fish plant team and it is said that they may yet give a battle for the season's honors. Besides the supporters of the two teams there should be a number of independent fans on hand tonight to find out for themselves if the situation has changed any.

Capable of making a mile in 55 seconds, "Miss Plaquemine," a hydro-speed boat constructed in Louisiana, is believed to be one of the fastest boats ever built in the United States. It has no underwater propeller, being driven by a 90 horse power Curtis airplane motor mounted on the stern, using a propeller of the type mounted on planes for driving power. The boat is 20 feet long and seven feet wide and when travelling at full speed draws only two inches of water, while at slow speed she draws six inches. "Miss Plaquemine" accommodates three passengers and a pilot, who controls the boat from a steering post similar to an automobile. With a full load the boat will attain a speed of more than 60 miles an hour and its inventor claims that it will maintain an average speed of 50 miles an hour throughout a day without injury to the motor.
