UNITED CHURCH IS BORN TODAY

Formal Service Takes Place Here Next Sunday With Rev. W. J. Parsons Officiating

Today the local Methodist Church passes out of existence and its place is taken by the United Church of Canada. The formal services in connection with this event will take place next Sunday when Rev. J. W. Parsons of Terrace, representing the Presbyterian Church in Canada, will have charge as a union minister, Rev. G. G. Hacker taking a similar position in Terrace for that day.

Last Sunday the final Methodist services were held here and there was many a tear shed by people who had been Methodists all their lives at the thought that their church had passed away, even though it was entering a new birth with greater possibilities.

Earl Barrie reported on the Methodist young people's contribution to the Union Church and a synopsis was also given from the laymen's association. Rev. G. G. Hacker spoke of the future outlook and urged loyalty to the new organization. A convenant service followed in which the congregation expressed its determination to be loyal to the new organization.

The motto of the new church is: "Wherever officers of the law travel or bootleggers operate, there to have some service of the United Church."

TEN YEARS IN GROCERY HERE

Rupert Table Supply Built up from Two-Man Store in Decade

The month of June marks the tenth anniversary of the establishment of the Rupert Table Supply Co. a business which has been built in the past ten years from a two man store to one of large proportions having an annual turnover of a quarter million dollars under the management of J. C. Gavigan assisted by George Arnott. This turnover is excluding the turnover of the Universal Trading Co., the dry goods branch of the business.

The establishment of a grocery store in a basement was somewhat of an innovation and experiment in the city but it has proved very successful. This progressive business has been built up on the system of small profits and quick turnovers.

Mr. Gavigan, who is a consistent user of newspaper advertising, has no hesitation in stating that the advertising columns of The Daily News have been found by experiment to be far and away the best method of reaching the people in a widely scattered territory. In this manner Mr. Gavigan has built up a mail order business of increasing volume both in groceries and dry goods.

The telephone has played an important part in building up the city business and a large trade is done over this indispensable instrument. As the business grows so do the telephone numbers and at present there are three lines to the store. The growth of the business speaks for itself as to the careful management and the appreciation by the public of the service rendered.

FIRST PARTY OF SHRINERS

Two Hundred Members of Syrian Temple, Indianapolis, Arrived in City From South Last Night

The blare of a melodious brass band as the C.N.R. steamer Prince George, Capt. Harry Nedden, entered the harbor at 8.30 last evening announced the arrival of the first party of Shriners returning to their homes in the East by way of this city after having attended the big convention in Los Angeles. This party, which consisted of some 200 members of Syrian Temple, Cincinnati, was one of the livest groups of tourists that has ever visited the city. Local Shriners were on hand to greet the party and offer such entertainment as time and opportunity would permit. United States Consul A. E. Wakefield, himself, took an active part in giving the visitors a welcome.

The visitors themselves proved great entertainers. In the course of the evening the band, vocalists and comedians gave a concert at the corner of Fourth Street and Third Avenue. Both men and women participated and some talent was displayed that Prince Rupert people do not often get the chance to enjoy. The party said they would give another open air concert tonight at the wharf on their return from Stewart.

The party proceeded on the steamer at midnight to Stewart and will be back here this evening at 7 o'clock to board a special train which will take them east. The hour scheduled for the departure of this train is 8.30.

Early tomorrow morning the second contingent of Shriners, members of Zuhrah Temple, Minneapolis, 310 strong, will arrive on the steamer Prince Rupert. They will board a special train here and proceed east. R. F. McNaughton, local C.N.R. district passenger agent, is accompanying this party.

EASY TO FIND

Jinks — That office boy of yours is always whistling. Doesn't it annoy you?

Jones—It does a little, but, then, when I hear him whistling I know where he is.

DOING HER SHARE

Powell — Does your wife do anything in the interest of charity?

Howell—Why, yes. She attends all the concerts that she receives free tickets for.

After Every Meal

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house. R81

WRIGLEY'S

MEETING OF FAIR BOARD

Negotiations Under Way for Services of Band—May Obtain Government Art Gallery Pictures

The Fair Board held its regular monthly meeting last evening. President Ben Self was in the chair and other directors present were Ald. Perry, Frank Dibb, Fred Scadden, D. Jabour, A. D. Plant and D. McD. Hunter.

Several native organizations having offered their services, the question of bands for the Fair was discussed. The matter was left in the hands of the bands committee without any action being taken.

Regarding the exhibition of a group of pictures from the government art gallery at Ottawa, Fred Stork, M.P. informed the board that it would be possible to obtain 20 of these pictures for the fair. Considerable expense, however, will be involved in getting them here and the matter will be decided upon later.

It was reported at the meeting that $230 had been netted as a result of the recent May Queen Carnival. This sum is to be devided between the Fair Board and Elks. On account of weather conditions, the takings were not as large as might have been expected.

There will be a special meeting of the Board next Tuesday to go into the matter of sports and other attractions at the forthcoming fair.

It is expected that the Prize List will be issued by the end of June. The book is now in the hands of the printers but advertising copy is slow in coming in.

ALBERTA FISHERMEN WORRIED OVER PRICE

Unable to Sell Lake Fish Since Lake Superior Fishing Commenced

EDMONTON, June 10.— The Alberta fishing industry, which has of late years grown to considerable proportions, and has established connections in many of the largest United States markets, notably at Chicago, appears to be facing a somewhat serious situation at the present time, due to various causes.

According to officials, the opening of the summer season saw Alberta whitefish and others, in great demand on the Chicago market; prices were high, and all appeared set for an extremely successful season.

Then fishing operations were opened for commercial purposes on Lake Superior, while the lakes of Manitoba also commenced their season's work. The result is that a report from Chicago market this week states that it is fully supplied for the week, from Lake Superior.

Wholesale fish firms in Chicago and other cities, which have their own fishing equipment on many Manitoba lakes, are now, of course, securing their supplies at less cost than they can be secured from Alberta, through their own outfits, and already, are reported to be turning Alberta white fish into cold stoage.

As a result, while the price for Alberta fish remained high until the other lakes got into operation, the market since then, has practically gone, and the bottom has fallen out of the price which Alberta shippers can secure for their fish.

Such a situation, unless faced in a determined manner, spells heavy losses, if not ruin, to commercial companies operating on the lakes of Alberta, and already, fishing company officials are discussing the possibility of securing a guaranteed market demand by pooling their fish and having it handled by one selling organization on the Chicago and other markets.

STORM INJURED FISHING ON LESSER SLAVE LAKE

EDMONTON, June 10. — The fishing industry on Lesser Slave Lake suffered a considerable amount of damage in a violent storm on May 29, according to a report received today at the provincial office of the dominion fisheries department.

The industry on this lake employed 98 fishermen, and all of these suffered loss to nets and equipment; many nets were destroyed entirely, and some of the men are reported to have lost their entire outfit.

Summer fishing for commercial purposes only opened on this lake on May 16, and the catch for the period May 16 to 26 is reported as 60,000 pounds of dressed whitefish, 67,000 of pickerel, and 35,000 of pike.
