
Sheets soak themselves snowy white in Rinso

One of the hardest tasks on washday used to be the washing of big, heavy sheets. You had to rub and rub away at the sheets and afterwards you were so tired that the rest of the day was spoilt for you.

Today, no more of that back-breaking labour is necessary. Just let the Rinso soap-suds do this work for you! It *soaks* dirt right out. Rinso dissolves instantly and completely in boiling water.

Always use sufficient Rinso to get a lasting suds after the clothes are put to soak.

SIR HENRY'S OFFER ALBERTA REGARDING PEACE RIVER OUTLET

(Edmonton Bulletin)

Peace River delegates bring back an encouraging report from Ottawa as to the offer made by the head of the National system to relieve the railway situation in the north-west. Sir Henry Thornton, it is said, is willing to take over the E.D. and B.C. on a ten-year lease; to assume liability for the upkeep and extension of the road; to establish prairie rates going and coming on a one-line basis; and to build an outlet to the Coast when production in the Peace River district warrants the expenditure On condition that a million and a half acres of land in the district be reserved for sale to raise money with which to build the projected outlet.

Some scheme of the kind has been foreshadowed by previous reports from the Federal capital If this outline is substantially correct it offers perhaps as good a solution of the difficulties as is possible. The settlers in the Peace River country need relief, and need it now. The construction of a new outlet, or of ten of them would not make the crop of the present season profitable without a reduction in the rates on the railway which already is "in being." Bringing these rates down to the basis of rates chargeable elsewhere, and operating the road as part of a transcontinental system, is the only policy that offers an opportunity to put Peace River farming on an economic footing without delay.

SEALSKINS ARE SOLD AT ST. LOUIS AUCTION

Dyed Pelts Fetched From $11 to $59 Each; Golden and Chestnut Neglected

ST. LOUIS, June 10.—Reflecting the policy of the United States government in building up its seal herds at the Pribiloff Islands, the semi-annual auction of the Fouke Fur Company was comparatively small. Only some 8,000 skins were offered at the sale and they brought approximately $225,000.

One of the features of the auction was the demand for 5,000 dyed sealskins. These sold from $11 to $59 each, bringing an average of 30 per cent higher than at the last sale. The demand for the black seal is the result of the increasing demand of women for coats of these pelts, both in America and Europe. To wear the black sealskin coat now is to be dressed in fashion.

Golden and chestnut seals were neglected at the sale, there being not much demand and the skins selling from $16 to $45, but this was 40 per cent more than obtained in the last sale.

VETS DEFEAT COLD STORAGE

Soccer Game Last Night Was Closer Than 3 to 1 Score Would Indicate

The Great War Veterans defeated the Canadian Fish & Cold Storage Co. by 3 to 1 in a Senior League football game last night which was much more closely contested than the score would indicate. Both teams showed great improvement over past performances and either had its fair share of the play. The Cold Storage team lost out through wasting a number of good scoring chances.

Frank Russell scored all three goals for the Vets, two in the first half and one in the second. E. Bye scored the one goal for the Cold Storage towards the end of the second half.

A good crowd watched the match.

Tom Jones was referee and the teams lined up as follows:

Veterans — Steve Gawthorn; Sam Erskine and W. Barton; G. Findlay, George Mitchell and Alex Roy; B. Long, F. Russell, H. Norwood, F. R. Hunter and D. Gurvich.

Cold Storage— A. Murray; H. Carlson and S. Darton; J. Torney, J. Sims and F. Steffentude; Dick Lambe, J. Corbett, E. Bye, H. Long and Fred Hardy.

The league standing to date is as follows:

	W.	L.	Pts.
S. of E.	1	0	2
Callies	1	0	2
G. W. V. A.	1	1	2
Cold Storage	0	2	0
