

**Sheets** soak themselves snowy white in Rinso

One of the hardest tasks on washday used to be the washing of big, heavy sheets. You had to rub and rub away at the sheets and afterwards you were so tired that the rest of the day was spoilt for you.

Today, no more of that back-breaking labour is necessary. Just let the Rinso soap-suds do this work for you! It soaks dirt right out. Rinso dissolves instantly and completely in boiling water.

Always use sufficient Rinso to get a lasting suds after the clothes are put to soak.

### Here and There

The popularity of the Nova Scotia apple is rapidly growing in Europe. 1,103,980 barrels and 8,693 boxes were shipped in 1924-25 to ports in England, Scotland and Germany. Shipments also went to Newfoundland, West Indies, Central Canada and the United States.

Production of sugar beets in Canada during 1923 amounted to 159,200 tons, valued at \$1,922,668, and grown on 17,941 acres, according to the Bureau of Statistics. 6,000 acres have been planted to beets this year in Southern Alberta, due to the establishment of a sugar beet factory.

Milton Sills, the well-known movie actor, with a company of 32 other screen artists, passed through Montreal recently to take scenes in "The Come Back" in which he is featured. The party went to Beauséjour, in Northern Quebec. Travelling by another train was a mother skunk and five kitten skunks which will also figure in the picture.

The 286 passengers on the Canadian Pacific S.S. Empress of France completed their 30,000-mile tour of the world on Saturday, May 23, when the vessel docked at New York. At their last stop at Havana, President Machado of Cuba invited the passengers to attend his official inauguration and to witness the unveiling of a statue to the preceding President.

Another aristocratic rancher recently passed through Montreal on a return visit to the ancestral estates in Transylvania, Hungary. This was Baron Josef Csavossy who, with his brother Andre, took over a 1,600-acre ranch last March near Cochrane, Alberta, on the Bow River. Incidentally the Baron was a passenger on the Trans-Canada on its first return trip of the season from Vancouver.

The Indian Day Celebration at Banff, it is announced, will take place as usual this year on the third Thursday and Friday in July. Preparations are already under way for this event, which enjoys an enviable population as an Indian show. The Stoney Indians arrive in large numbers from their reservation to take part in the ceremonies, which are the 23rd annual celebration of the function.

Edward G. Taylor, one of the best known game fishermen on the continent is authority for the statement that New Brunswick is losing none of its lure as a fisherman's paradise. Just back from a trip to the Cains River, N.B., Mr. Taylor said salmon were steadily increasing in numbers and size in the province. He added that he had caught on this trip a salmon 42 inches long and weighing 24 lbs. In the autumn such a fish would likely weigh up to fifty pounds.

The following story is told of Sir William Van Horne, first president of the Canadian Pacific Railway and a Major Rogers, who was in charge of the supplies for men working along the track. Van Horne said: "Look here, Major, I hear your men won't stay with you, they say you starve them." "Taint so, Van." "Well, I'm told you feed 'em on soup made out of water flavored with old ham canvas covers." "Taint so, Van, I didn't never have no hams."—From "Canada's Great Highway," by J. H. E. Secretan.

The Western railways of the United States comprising 67 roads serving Chicago and the West, have petitioned the Inter-State Commerce Commission for permission to advance rates. They state that for the years 1921 to 1924 inclusive, the average rate of return on capital was 3.2 per cent., which they claim is so small as to render it impossible for them to secure working capital for extensions and improvement of service by the sale of stock or issue of bonds at reasonable terms. They ask for rates that would give them a net return of 5 1/2 per cent., which it is generally admitted is what railways should have.
