### Ues - Rinso washes cottons so beautifully"

"See how spotlessly clean it made this dress! No rubbing or boiling either-just soaking in Rinso. Washday holds no more terrors for me!"

Soaking clothes in Rinso takes the place of the hard rubbing that used to wear you out. The Rinso suds are so rich in cleansing power that they loosen even ground-in dirt. Play clothes, collar bands and cuff edges now come clean with a sprinkle of dry Rinso and only a light rubbing between your fingers—after their Rinso bath.

Be sure to use enough Rinso to get lasting suds after the clothes have been put in. Then, thorough soaking in Rinso floats the dirt out.
