

EXPECTS BUSY COAST SEASON

George McNicholl Tells Victoria People of Prospects For Summer

VICTORIA, Feb. 11.—Considerable coastwise passenger business is being looked for by the Canadian National Steamship Company, Limited, this spring and summer, said G. A. McNicholl, general passenger agent, of Vancouver, who was in the city yesterday visiting the local office.

He bases his prediction on the reports coming in regarding this summer's tourist business, and the prospects of a gold rush to the Cassiar field this spring. "The company will handle more business this year than it has ever done in the past. Our new Alaska service will give a far better itinerary for tourists desiring to make the northern tour," Mr. McNicholl said.

TO EXCAVATE ROCK BENEATH THE CLUB

City Will Take it Away Provided Arrangements Made at Once

Provided the club gets the moving of its building started by March 15, the city council decided last night, on recommendation of the Board of Works, to excavate the lots of the Prince Rupert Club on Second Avenue. Under the terms of the agreement to this effect which the city has agreed to accept, the club will convey to the city 14 feet of frontage on Second Avenue and will take care of the moving of the building in the meantime. In return, the city will take out the rock underneath the building leaving enough for foundation purposes.

There was some discussion as to the time that the club should be given to accept the offer. It was emphasized that no delays to the city's work of rock crushing on account of the matter would be permitted.

CITY TO PURCHASE FORD TRUCK FOR WATER DEPT.

After some discussion as to the actual necessity of making the purchase, the city decided last night to buy a Ford truck for the waterworks department at a cost of \$1040.

In speaking to the Board of Works' report recommending the purchase, Ald. Perry stated that it was deemed to be in the interests of economy. The truck would save the time of the staff in getting to various parts of the city and could also be used to carry equipment. Ald. Casey was of the opinion that hiring a truck would meet the requirements just as economically. Ald. Larsen and Ald. Brown spoke in favor of making the purchase which was eventually decided upon, Ald. Casey and Ald. Smith voting against.

NO ACTION IS TO BE TAKEN ON REQUEST OF SECTION 5 FOR SEWER

On recommendation of the Board of Works, the city council decided last night, pending the whole matter of city sewerage being dealt with at a later date, to take no action on the petition from a large number of Section 5 residents requesting that a septic tank sewerage system be installed to serve Seventh, Eighth and Ninth Avenues West.

In speaking to the report, Mayor Newton explained that the Board of Works contemplated even larger expenditures this year than last on semi-permanent road work in order to eliminate plank roads. When this work

ELKS' SMOKER WAS ENJOYABLE

Good Attendance Witnessed Bouts and Heard Program Last Evening

There were about 85 persons present at the smoker given last night by the Elks' Lodge. The affair proved an enjoyable one and a very entertaining program was offered.

Ald. Perry further stated that the proposed septic tank system would probably have to be taken out anyway in a year or so with the extension of the city's sewerage system as a whole.

PHONE DEPARTMENT HAS SMALL DEFICIT DUE EXTRA EXPENSE

Light Consumption Being Greater Than for Three Years, Large Surplus Shown for Month of January

The telephone department showed a deficit of \$40.38 during the month of January and the light department a surplus of \$5,233.22 according to the monthly report of the superintendent of utilities submitted to the city council last night. The telephone deficit, it was explained, was due to the fact that \$740 had been spent on the removal of old poles and there had been a loss of \$500 in revenue through the recent reduction in rates. The large surplus in the light department was due to the fact that the output had been greater during January than for any one month in three years.

WOULD HAVE CITY AS WHOLE PAY GRADING OUTLYING SECTIONS

Suggestion of Ald. Stephens Failed to Find Favor at Last Night's Council Meeting

During committee discussion at last night's council meeting in connection with the passage of a by-law setting the corporation's share of 60 per cent for the grading of Conrad Street from Hays Cove Avenue to Eleventh Avenue and along Eleventh Avenue to Frederick Street, Ald. Stephens suggested that the cost of construction in outlying sections such as this should be entirely borne by the city as a whole. This, he felt, would tend to remove the possibility of property abutting reverting to the city for taxes. Especially did he think the principle should be applied to this particular work for it was really a part of the connection to the Klain Island highway which would benefit the entire city.

Ald. Perry was opposed to the principle of improving particular lots at the expense of the city as a whole. Neither was Mayor Newton in favor of Ald. Stephens' suggestion and Ald. Casey took the view that, even if lots did revert to the city, they could be readily disposed of after the improvements had been made. He thought the share of 40 per cent against the property involved was as lenient a charge as could be expected.

The committee then arose and the bylaw was passed as submitted. The bylaw providing for construction of the said street was also passed through its initial stages.

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped. This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo - Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo - Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo - Wellington stands supreme when a comparative test is made. To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 116 and 564.
