QUEEN INTERESTED CANADIAN EXHIBIT

Prince Had Told Her of Jasper Park Which he Said was "Beauty Spot"

MONTREAL, May 26. — The Canadian National Railways pavillion at Wembley was paid a surprise and informal visit by Her Majesty, the Queen, according to a cable received at the headquarters of the system. On entering the building, Her Majesty referred to the change of exhibits and was greatly interested in the panoramic map of Canada. Places she had visited during her former visit to the Dominion were at once recognized. Her Majesty stated that Jasper National Park was new to her but she was greatly interested when told that the Prince of Wales had paid a visit there during his last trip to Canada, which he had described to her as Canada's beauty spot. Her Majesty had a special mode of praise for the model farms and Canadian National sleeping cars which, she said, were the acme of comfort.

MOST OLD FOLKS REQUIRE A HEART AND NERVE TONIC

After middle age little sicknesses and ailments seem harder to shake off than formerly as the heart action becomes weak and uncertain and the nerves are not as steady as they were in the younger days.

Now is the time when all aged people who wish to maintain their health and vigor and retain their energy unimpaired should use

MILBURN'S HEART AND NERVE PILLS

Mrs. M. O'Connor, Whitestone, Ont., writes:—"I have been troubled, most of my life, with shortness of breath, palpitation of the heart, and fainting spells. I was advised, by a friend, to try Milburn's H. & N. Pills, which I did, and at once found relief, and I have never had a really bad spell since. I am 80 years of age and I always keep them in the house, and feel that with their help I will see many years yet. I always recommend them to anyone who is suffering from heart trouble."
