STRAIGHT TALK BY DR. GRANT

Need of Education and Its Value to the Community is Discussed

Education consists in training the mind so that a person is able to tell the true from the untrue, according to Rev. H. R. Grant, D.D., who addressed the Rotary Club yesterday afternoon at their luncheon in the St. Regis Cafe.

Dr. Grant said everyone should be interested in education. Some had children at school or who would go to school. That was a sufficient reason for them to be interested in the subject. Some people were interested because they were spending money on it. In British Columbia last year the cost of education to the province and to the municipalities was \$8,200,000 or about seventeen dollars a head for the whole population. Only the other day he was reading that in the state of Minnesota \$21,000,000 was spent on education and that was half the income of the state. A third reason why people should be interested was that most people desired to see progress. They were not satisfied with things as they are today.

Not Too Rapidly

The doctor warned against trying to advance too rapidly. In it lay danger and the way to avoid it was to educate the people. Education, he declared, was a great stabilizer. Along with religion it was the greatest stabilizer in the world. Education and religion could hand in hand influence people along those lines.

Referring to Russia, Dr. Grant spoke of the primitive condition of the people from an education standpoint and of the dissatisfaction there with the conduct of affairs. Stability did not mean retrogression but simply a more steady advancement.

Dealing with the matter of education through reading, the speaker mentioned the unreliability of some of the things published in the magazines today. From them people got a false conception. By giving them an education they were able to sift the false from the true. Truth may be a point of view, as one of the members of the club stated, but it was the point of view of the best and not of the uneducated. He asked that children be taught to think in order that their mental machinery might become a real factor in judging what was true and what false.

System at Fault

Dr. Grant complimented the city on the splendid staff of teachers here and of the interest taken in education by the board of trustees. The system was handicapped, however, by the past. Stressing the value of the three Rs was necessary under primitive conditions. The idea he found still obtained that pupils should run through the mill—have information poured in so that they might be able to reach the High School. His conception of education was just the opposite to that. The pupils must be taught to think, but the present system allowed no time for that.

In ten years comparatively few pupils had gone to the university from here. Most of them took one or two years in the High School and then dropped out. The boys who dropped out had not had time to learn to think, partly because they were not old enough. He thought it might be possible to give half a day instruction to the older pupils. A firm in Cincinnati did that.

HAD HEARTBURN AND HEADACHES FOR MANY YEARS

Miss Rita Harris, R.R. No. 1, Waterford, Ont., writes: "I have been troubled with heartburn and headaches for many years. There were very few things I could eat without suffering from either the heartburn or severe headaches."

A friend recommended me to try

MILBURN'S LAXA-LIVER PILLS

This I did and found relief at once and have never been troubled since. I will always recommend your pills to any of my friends who are troubled with heartburn, headaches or any other liver trouble."

Milburn's Laxa-Liver Pills are for sale at all druggists and dealers; put up only for the past 30 years, by The T. Milburn Co., Limited, Toronto, Ont.

The boys there were able to continue their education and at the same time learn the technical side of their business.

Not Degrading

There was an idea abroad today that manual labor was degrading. His idea was that the man who worked with his hands was just as good as any other. He wondered if the messenger boys of the city might not work for half a day and have half a day in school. He would like to see something done to lengthen the time boys could stay in school in order that they might begin to learn to think. Any person could educate himself if he tried and he suggested reading history and other good books, those which dealt with the vital things of life.

WIRELESS REPORT

8 a.m.
DIGBY. — Part cloudy; light southerly wind; bar. 29.88; temp. 33; sea smooth; 6 p.m. steamer Amur left Anxox for Tacoma; 9 p.m. Chelohsin left Butedale; 6:15 p.m. northbound; 9:10 a.m. Prince Rupert passed out southbound.

ECONOMY

OXO Cubes give you at small cost the nourishment of the finest beef—seasoned and ready for use.

Use OXO Cubes for hot drinks as well as for gravies, stews and meat pies, to give more nourishment and flavor.

In tins of 4—15c. and " " 10—30c.

CHILLED FISH FOR BRITAIN

Proposal to Utilize Ten Vessels of Merchant Marine in Trade

OTTAWA, Ont., Jan. 23. — A scheme to utilize ten ships of the Canadian Government Merchant Marine for the carriage of perishable food products from Canada to Great Britain is being submitted to the government by Major Hugh Green, head of a Canadian syndicate interested in the fishing industry. In view of the depletion by the ravages of naval warfare of the historic fishing grounds off the Dogger Bank, British fishermen have been compelled to go further and further afield in search of the sea food for which there has always been a tremendous market in Britain.

The proposal of the Green syndicate apparently is that it guarantees a profit of the operation of government merchant marine ships to the number of ten, as a start, provided the government equips the boats with up-to-date insulation adequate for the carriage of chilled food products.

Can Make Profit

The syndicate is satisfied that such products, marketed in Britain unfrozen, can be sold at a profit sufficient to guarantee a profit to the syndicate and a cargo rate sufficient to remunerate the government merchant marine for the operation of the vessels.

Dressed meat could be laid down in Europe in a chilled condition at greater profit to Canada than live animals now are carried, if facilities for carriage of chilled food products were more plentiful. Refrigerator service for Canadian fruits would also be provided, it is urged, by the equipment of more vessels for such traffic.

HARRY REYNOLDS DIES IN HOSPITAL

Fulton Street Cobbler, Seized With Stroke on Monday, Passed Away This Morning

The death occurred in the Prince Rupert General Hospital this morning of Harry Reynolds, cobbler in the Rand Block on Fulton Street. Deceased was seized with a stroke on Fulton Street last Monday night and was rushed to the hospital. He had resided here for some time and was quite well known.

The late Mr. Reynolds was 79 years of age and was a native of Massachusetts. He was a member of the Knights of Columbus. Funeral arrangements are in the hands of the B.C. Undertakers.

Mr. Reynolds was a veteran of the American civil war and fought with the confederate army against the north. After his discharge he took up mining and spent many years in Idaho and Alaska. He has been here about five years.

BIRTHDAY PARTY

Alan Cameron celebrated his eighth birthday yesterday afternoon with a party at the home of his parents, Mr. and Mrs. D. S. Cameron, 810 Borden Street. About fifteen boys and girls spent several hours most enjoyably playing games, dancing and singing. Not the least attractive feature were the refreshments that were served by Mrs. Cameron. The little host received many birthday presents.

LOST

LOST.—Overcoat, on Sixth Ave. West. Finder please notify Alberta Market.

CANADIAN ROVER COMING TO DOCK

C.G.M.M. Coastwise Vessel is Expected Here Tomorrow For Examination

C.G.M.M. steamer Canadian Rover, Capt. Joe Flood, of the Ocean Falls-California service, is expected here tomorrow to enter the dry dock for examination and inspection. Minor repairs will probably be made if necessary.

SCHOOLS IN CHINA

TORONTO, Jan. 23.—Passing the 6,000 mark, the number of pupils in Canadian schools in West China has increased 230 in the last year and the total attendance is now 6,195 Chinese boys and girls. Canadian Methodists finance this work and supply the missionary teachers. Eighty per cent of the pupils are from non-Christian homes, it was stated at Methodist Mission offices. Teachers number 239 of whom 22 are employed in eight high schools.

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo-Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo-Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 416 and 564.

ROYAL CANADIAN NAVAL VOLUNTEER RESERVE

RECRUITS WANTED.—Sea experience not necessary. Regular Naval instructor being appointed. For full particulars apply Naval Headquarters, Hays Building, near Totem Pole, on Mondays, Wednesdays and Fridays, 7 to 9 p.m.

BOARD AND ROOM

BOARD and Room at the Inlander centrally located, one half block from Post Office, 830 Second Ave. Phone 137.
