DAILY EDITION Thursday, March 19, 1925.

Railway Manager Optimistic For Rupert.

General Manager Warren, who was here yesterday, was optimistic over the future prospects of Prince Rupert. He explained that there were many things which could not be published as to do so would injure those prospects. He was confident, however, that there would be important developments here before very long. He strongly urged the necessity of going after what we wanted in a businesslike way and leaving no stone unturned in efforts to secure business for the city.

Mr. Warren left the impression that the railway company realized the importance of making this section of railway pay and to do this it was necessary to develop industries and increase the population. It was particularly in connection with this development of industries that he was interested. He said that he had gone out of his way a great deal to advance the interests of this place and he was very hopeful that results would be obtained.

The whole tone of Mr. Warren's visit indicated that there was no need to feel anything but optimistic over the future of this port.

Sympathize With Burns Lake People.

Prince Rupert citizens will regret the loss entailed by the people of Burns Lake through the fire yesterday. A large part of the town was wiped out and irreparable losses were sustained. However, the people of the live interior town are not to be cast down by a little thing like a fire. They will rebuild their town and carry on even more effectively in the future than in the past. Anyone who knows the people there will agree that nothing can hold Burns Lake back. The success of a town depends on the people and they have the people of the right kind there.

Tokio Has Had Run Of Misfortune.

Tokio has had a run of misfortune. The earthquake and fire two years ago hit them hard and this has been followed by a series of minor misfortunes. Now comes word of a terrible fire which has wiped out a large part of the city. Even the enthusiasm of the little brown men must be affected by such continued setbacks. Our sympathy goes out to them in their misfortunes.

Marquis Curzon As National Figure.

Lord Curzon is a national figure. Many people do not agree with his political views or methods, but in spite of that he stands out as one of the big men of the Empire and one we can ill afford to lose. For many years he has been one of the leaders of a school of politics not looked upon with general favor among the working people of that country or this. However, he has always had the courage of his convictions and has held the confidence of a large part of the British people both in Britain and in the Dominions.

McRae Action Not Political Ruse.

Many people seemed to think at election time that the action against General McRae for libel was a political ruse and would not be allowed to proceed. Apparently this was a mistaken idea. The case is proceeding and a statement of claim has been filed. Hon. William Sloan is to be congratulated on trying to make good his threats. The outcome will be watched with interest.

HOSPITAL GETS CONSIDERATION

Matters of Routine Nature Discussed by Board at Meeting Last Night

The regular monthly meeting of the board of managers of the Prince Rupert General Hospital was held last night in the city police court. Those present were President S. K. Campbell, Vice-President J. H. Thompson, Secretary Harry W. Birch and Directors J. L. Christie, H. H. Little, C. H. Elkins, Norman Watt, Leo Waugh, Dr. H. E. Tremayne, Mrs. R. C. Parsons, Ald. Brown and Ald. McKechnie. It was the first meeting for Mr. Watt and Mr. Waugh, the provincial government representatives, and they were duly welcomed by President S. K. Campbell.

The meeting received a letter from the Stewart General Hospital acknowledging information forwarded regarding the operation of the hospital. This was ordered filed.

A letter from the provincial secretary recommending that certain changes be made in the bylaws of the local hospital was read. The executive committee was delegated to go into the matter of revising the bylaws which were drafted in 1914.

The matron's report acknowledged the receipt of a bed, mattress and bed stand from the Restmore Manufacturing Co. Three applications had been received for admission to the training school, all of them being considered favorably.

Water Pressure
The house committee reported that water pressure at the hospital had been found inadequate. The matter had been taken up with the fire chief and was now receiving the attention of the city.

On recommendation of the house committee, it was decided to install swinging doors in the emergency ward which was put out of commission through the recent building of new fire escapes. Tenders will be called for the putting in of the doors.

A donation of five pairs of crutches by the Royal Hotel was acknowledged with a vote of thanks.

A recommendation from the house committee that the old and worn out water tank be replaced with two smaller tank boilers was adopted and tenders will be called for the work which, it is estimated, will cost about \$300.

There were communications from the National Protective Agency with regard to the collection of certain outstanding accounts.

Financial Matters
Regarding the year's finances, J. L. Christie, chairman of the finance committee, reported that there had been a meeting with the city finance committee at which the co-operation of the city was assured although it was asked that the hospital practice economy wherever possible.

President Campbell reported that the matter of having some ten incurable patients taken off the hands of the hospital had been taken up with the city. Steps were being taken with a view to having them admitted to the proper institutions.

PREMIERS' AID SAVE FORESTS

One Night to be Given to Speech in Each Province on This Important Subject

MONTREAL, Mar. 19.—Right Hon. W. L. Mackenzie-King, premier of Canada, and the provincial premiers have agreed to aid in the dissemination of information and advice regarding Canada's "Save the Forest Week," which has been set for April 19th to April 25th inclusive. The Canadian Forestry Association, the Dominion Forestry Branch, the Department of Forest Protection of the Canadian National Railways and the Radio Department of Canadian National Railways are co-operating in this work and in this connection the radio department has made arrangements to reserve one night at each broadcasting station for the special purposes of permitting a premier to speak to the people through

the medium of the microphone. The Prime Minister of Canada will speak at CNRO Canadian National Railways broadcasting centre at Ottawa on the night of Monday, April 20. On the same night Premier Veniot of New Brunswick will be at Moncton and will speak from CNRA, the Canadian National Railways broadcasting centre for the Maritime provinces. Premier Ferguson of Ontario has agreed to speak from Toronto on the night of Friday, April 24. It is anticipated that the other premiers will consent to aid in this good work and the following dates and broadcasting stations have been reserved for the purpose. April 23, CNRM Montreal, Premier Taschereau; April 23, Winnipeg, Premier Bracken; April 24, Regina, Premier Dunning; April 23, Edmonton, Premier Greenfield.

All the premiers will send out brief addresses on the subject of forest preservation and this general broadcasting on the one subject should bring the forests of Canada very clearly to the minds of a very large portion of the population of the Dominion.

The Man in the Moon SAYS:

IN Los Angeles they sell their climate, and now and then they sell a nip of bootleg.

PARALYSIS of the right arm is a good thing to get when asked to endorse a note for a friend.

WHAT I want to see is the expenditures of the country kept down to a point where it hurts. Of course, this constituency is in an exceptional position and there is need of money being spent here.

BRITAIN must not confer titles in this country, but you ought to hear some of the titles these Canadians give each other.

IN answer to any people who have been grumbling about the weather, I should like to state that Prince Rupert can do even better than this on occasion.

PEOPLE talk about the boomerang as if it were something to be avoided. If money were only a boomerang it would come right back after it was spent.

HUSBANDS are fond of making excuses. Also some of them are excuses.

MANY a man has been saved from destruction by being refused by a pretty girl.

APPLE sauce for the gander is the sauciness of the goose.

LORA says there is a dearth of husband material in this place. She means satisfactory material. Oh, Lora, and me single!

MEN are always busy when the furnace in the basement needs a little attention.

Ten Years Ago in Prince Rupert

March 19, 1915.

H. S. Clements, M.P., has forwarded to the Board of Trade a copy of the order-in-council recently signed by the Governor General, which gives Prince Rupert extensive privileges in connection with the halibut fisheries.

WATER NOTICE.

USE AND STORAGE
TAKE NOTICE that the Canadian Lumber Yards, Limited, whose address is 912 Standard Bank Bldg., Vancouver, B.C., will apply for a license to take and use 200 acre feet of water out of the 200 acre feet of water out of the Skunk Lake and An Lakes, and An River, which flow southerly and drains into Massett Inlet, through Indian Reserve No. 6. The storage-dam will be located at or near the outlet of An Lake. The capacity of the reservoir to be created is about 50,000 acre feet, and it will flood about 300 determined acres of land. The water will be diverted from the stream at a point at or near the storage-dam, and will be used for industrial power purposes upon the land described as Part of Indian Reserve No. 6. This notice was posted on the ground on the 18th day of March, 1925. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is March 3, 1925.

NOTICE.
IN THE MATTER OF AN APPLICATION for the issue of a fresh Certificate of title for Lots thirty (30) and thirty-one (31), Block seven (7), Section five (5), City of Prince Rupert, Map 923. Satisfactory proof of the loss and destruction of the Certificate of title covering the above lands having been produced to me it is my intention to issue after the expiration of one month from the first publication hereof a fresh Certificate of title in the name of Edward H. Pierce, for the said land, which Certificate of title is dated the 30th June 1913, and is numbered 39831.

H. F. MACLEOD,
Registrar of Titles,
Land Registry Office,
Prince Rupert, B.C.
January 30th 1925.

LAND ACT.
In Skeena Land District of Prince Rupert Recording District.
TAKE NOTICE that George Little, of Terrace, B.C., occupation lumberman, and Patton Lumberman, intend to apply for permission to purchase the following described lands, for industrial site:
Containing an area of about 100 acres, end of island situated near mouth of Kit-sunukum River and lying near west bank of said river, and containing about 100 acres, and the following situated near the mouth of said river, containing 25 acres, more or less.

GEORGE LITTLE and
PATTON LUMBERMAN,
Applicants.

"Eczema on My Face Completely Relieved"

Miss Winifred Ernest, Box 46, Blockhouse, N. S., writes:

"Ever since I was a little child, I suffered with eczema on my face. At times my face was completely covered with large sores, and I tried nearly every kind of medicine that I heard of with no results. This lasted for over twenty years, until one day I asked the advice of my druggist, who bade me give Dr. Chase's Ointment a trial. After using the Ointment for a few days, the sores began to heal, and soon I was completely relieved of the disease."
