PARENTS MEET WITH TEACHERS

Varied Program at Gathering Last Night in Booth School

A most interesting and varied program marked last night's meeting of the Parent Teachers' Association. Routine business was dealt with at the beginning of the evening and this was followed by an evening's discussion and entertainment which was thoroughly enjoyed by everyone.

Co-operation and a sympathetic interest were the points brought out by Miss Mills in discussing "What the School Expects from the Community," while T. Ross Mackay, in dealing with "What the Communtiy expects from its schools," emphasized the paramount value of the child and the tremendous influence the school has in character building.

Fine Set Slides

A display of some sixty lantern slides showing important historical buildings and places in Europe was given by D. H Hartness. These slides were purchased for Booth School with part of the proceeds from the Christmas concert and are most valuable in the teaching of history and geography.

The audience showed keen appreciation of a piano selection by Mrs. Ponder and a solo by Mrs. Fraser, accompanied by Miss Marsh.

In a humorous sketch given by Mr. and Mrs. Brady entitled "Winning the Widow," the former proved himself to be a real Irish lover, while Mrs. Brady played the widow to perfection.

At the close of the evening a social half-hour was spent in the Domestic Science room, where refreshments were served.

RETAIL MERCHANTS AT MONTHLY DINNER

Oriental Question and Local Freight Rates Discussed at Meeting Last Night

The Retail Merchants' Association at its regular monthly dinner in the St. Regis Cafe last night, was addressed by J. J. Gillis and Ald. W. M. Brown of the Trades & Labor Council on the Oriental question. The association went on record as being in favor of eliminating the Chinaman from business in this country.

The question of discriminatory coast freight rates came up and a resolution was passed asking that the C.G.M.M. and C.N.R. coast service be separated in management and that headquarters of the latter be established here. It was stated that it was cheaper to bring goods from Montreal to Vancouver via the Panama Canal than from Vancouver to Prince Rupert.

Vice-President P. H. Linzey presided at the dinner in the absence of President George Bryant. There were 40 members of the association in attendance.

UNION BOATS BACK ON REGULAR RUNS

Venture Will Arrive Tonight From South and Cardena Will be Here Again on Sunday

The Union steamer Venture, Capt. A. Johnstone, is due in port tonight from the south. After having relieved the Camosun on the Bella Coola and Surf Inlet run for a fortnight, the Venture is now back on her old schedule which includes calls at Port Simpson and the Naas River.

The Cardena, which has been off for overhaul, will resume service arriving here on Sunday afternoon.

RABBIT IS NOXIOUS ANIMAL IN FRANCE

French Parliament Legislates to Protect Against Ravages

PARIS, Mar. 19.— Protection against the ravages of wild rabbits is another phase of the security problem which recently has occupied the attention of the French parliament.

A bill declaring the rabbit "a nuisance and a noxious animal," signed by Premier Herriot, Minister of Agriculture, Queuille and Minister of Justice Renouil has been introduced. It is couched in similar language to that aimed at the wild boars infesting Normandy and Auvergne, passed by the chamber some weeks ago. It gives authority "to any one, at any time and anywhere, to destroy rabbits by any and all means."

CANNOT PROSECUTE IF DOG FOLLOWS HOME

If Canine Wishes to Find New Owner He Has Right to do so

LONDON, Mar. 19.—The old understanding in law that "finding is keeping" may be superseded by "following is keeping" in the eyes of the London Sessions, which interpreted the code recently to mean that if a dog follows a man home, the person followed was not bound to communicate the fact to the canine's owner.

The owner, however, it was decided, may prosecute the person for stealing the dog's collar, if it happens to be wearing such an article, but he cannot go into court and prosecute for stealing the dog. In other words, if a dog desires to select a new owner, he may do so at his leisure.

LONDON POLICE FINDS TROUBLE IN RECRUITING

LONDON, Mar. 19.—The after effects of wartime privations on the nation's physique are shown up strongly in the number of police recruits rejected on medical examination, says Sir Leonard Dunning, reporting on the County and City or Borough Police Forces in England and Wales for 1924.

"Perhaps," Sir Leonard continues, "90 per cent of the applicants for appointments never get so far as the doctor because they are manifestly unsuitable, while the single educational test knocks out so many more that the chief constable is lucky if he finds five suitable men among 100 applicants."

GENERAL MANAGER OF RAILWAY MEETS COMMITTEES OF BOARD OF TRADE AND DISCUSSES PLANS.

(continued from page one)

He thought they might be able to do something to facilitate the export business here.

Peace River Route

In regard to the Peace River route, it was explained to Mr. Warren by the Mayor in a somewhat long speech that Prince Rupert had been disappointed in regard to developments here and he thought the railway, as a matter of compensation should use its efforts to centre the Peace River business at Prince Rupert. Maps were examined and Mr. Warren explained that this matter did not come within the scope of his work. It would be finally settled at Ottawa if money had to be spent. He suggested that the matter be taken up with Fred Stork, the member for the district and with F. G Dawson, director of the railway.

President Nickerson thanked Mr. Warren for meeting them and listening to their views and the general manager replied by saying that he and the other officials of the railway had the interest of Prince Rupert at heart. He explained work he had been doing which may be of great benefit to the city but asked that publication be witheld for the present. They were interested in making this section of the railway pay and would encourage any developments that would bring business to the railway.

THOUSAND MILE ARGENTINE RACE

Test as to Whether Pampas Bred Steed Better Than English Racer

BUENOS AIRES, Mar. 19.— A horse race of 1,000 miles has been organized here to determine the vexed question of whether the native Argentine horse, or criollo, has a superior in stamina. The pampas bred animal's resistance to fatigue has become proverbial, and many remarkable feats of endurance accomplished by horses of this breed are on record. Nevertheless, in a series of 12-hour races run over the Palermo race track last year, the winners usually turned out to be horses possessing one or more crosses of foreign thoroughbred blood. In covering, roughly, 120 miles in 2 hours, these horses undoubtedly displayed extraordinary stamina and, although the admirers of the criollo are the first to admit the fact, they contend that the rial was not severe enough to test the endurance of their favorites.

Dr. Emilio Solanet, a breeder of criollo horses, has issued a challenge to run two animals of that breed against two horses of any other pure blood whatever, over a distance of 1,000 miles, the competitors to carry a weight equal to that of a cavalry soldier with his equipment. His challenge has been taken up by Agustin de Elia, who will run two thoroughbred horses descended from the English racer Bonnie Dundee, which was imported by Senor de Elia's grandfather more than 70 years ago. The race will take place in April.

NEW BADMINTON COURT OPENED

Elks Claim to Have Largest and Best Appointed Venue in The City

The third badminton court in Prince Rupert, which is said to be the largest and best appointed in the city, was officially opened in the Elks' Home last night by L. Murray Fuller, exalted ruler of Lodge No. 46, B.P.O.E. The new court, which has been installed under the jurisdiction of the lodge's sports committee headed by Dave Balfour, has the advantage of a high ceiling, wide walls and good lighting and is of the regulation size.

With the reopening of the badminton season next fall it is proposed to form a club. In the meantime, the court will be free of access to all Elks and Ladies of the Royal Purple and their friends.

Sport Chat

The hockey season which recently closed in Alice Arm attracted keen interest and there were many games between the three local teams in the silver camp that kept the fans, who were the town in general, on their toes all the time. Perhaps the feature of the season, however, was the number af casualties that occurred. Harry Fowler the genial skipper of the ferry boat Awake, sustained a broken nose; E. Butler, the telegraph operator, had his collar bone fractured, but the most serious injury was that receivey by Bob McGinnis who suffered the loss of an eye. Bob bore up in a sportsmanlike manner, however and says he will be able to "carry on" as before, but he is off hockey for keeps.

Residents of the Comox Valley on Vancouver Island are freely predicting that a big boy of theirs, Roy Cliffe, will be the heavyweight boxing champion of Canada before the end of the year. Cliffe has fought his way to the top of the heap in San Francisco and Los Angeles and is now coming back to Seattle. He has never been knocked out but has administered kayoes in eleven bouts and has only two decisions against him. He is a member of the big Cliffe family of big men, well known on Vancouver Island. Captain Tom Cliffe of the steamer Princess Beatrice and Mrs. George Bruggy of Alice Arm are also members of the same family.

The first game of the city individual championship series will take place tonight in the Great War Veterans' Hall between Col. S. P. McMordie and Don Brown. It will start at 8 o'clock and there will be no admission fee although, at the close of the game, a collection will be taken up for the Ridley Home. Dick Howe will be referee; C. L. Youngman will be marker, and George S. Russell will be official scorer.
