PRESENTATION TO H. S. MUNROE

Anyox Officials Give Farewell and Community League Dance Tonight

ANYOX, Apl. 8.—In order that H. S. Munroe, retiring Vice-president and General Manager of Granby, might carry away and retain pleasant memories of the amicable relations existing between the management and the employees of the company during his term as manager, the heads of all departments in Anyox met at the home of General Superintendent J. B. Haffner on Saturday night last, and provided a party which was voted a great success, the principal event being the presentation to Mr. Munroe of a sterling silver water jug and tray. Geo. Warwick made the presentation on behalf of the subscribers.

Mr. Munroe suitably acknowledged the presentation and the feeling which prompted it. He thanked everybody for their loyalty to himself and Granby, and felt that if the same support were given Mr. Bocking, it would undoubtedly have considerable bearing on the future of the plant. He was loudly applauded and on Mr. Bocking being called upon to respond to an address of welcome by J. B. Haffner, he stressed the importance of co-operation, stating that the company looked to its employees as much as to its manager for successful results. The situation wasn't at all bad, much better in fact than was the case with many copper producing concerns, and better things could be looked for and undoubtedly attained with everybody pulling together.

Other little talks were indulged in; Chas. Wing recalling the situation at the time when Mr Munroe first arrived. It was a toss-up then whether the plant, which meant two and a half million dollars a year to the wage earners and another two and a half millions to the merchants of the province for supplies was to continue operating or not. Fortunately, Mr. Munroe had been the right man at that time, and made it possible to keep the plant going and sustain the big payroll, while many other big copper producers had to shut down.

Mr. and Mrs. Munroe will leave Anyox on Thursday's boat, en route for Colorado, where Mr. Munroe will enjoy a short holiday before getting into harness again.

Tonight the Community League are staging a public dance, to which all the people of Anyox are invited. This will be held in Recreation Hall for the purpose of saying "good-bye" to Mr. and Mrs. Munroe, and of welcoming Mr. Bocking, the new general manager.

TENNIS GOING STRONGER THAN EVER BEFORE IN HISTORY OF THIS CITY

Players Turn Out in Early Morning Because Courts Crowded Later

More interest than ever before in the history of Prince Rupert is being taken this year in tennis. On fine days the courts at Acropolis Hill are crowded all the time. On a recent morning it was reported that sixteen players turned up for games at six o'clock in the morning, and throughout the day players were to be seen while often there were a number waiting their turn to get on to the courts, this continuing until dark.

The congestion should be considerably relieved when the Regimental court and the railway courts are ready. The High School court also is to be repaired and put into shape for play. As a great many High School pupils are interested in the game this court should be patronized well and should train players for the other clubs.

Play is also proceeding on the Drydock courts but this is restricted pretty much to the members of the Drydock staff, just as the railway courts will be kept for railway employees and the Regimental courts for members of the regiment and their lady friends.

Proposals have been made from time to time to establish courts at the Provincial Government grounds, but no definite move with that in view has so far been made.

Sport Chat

Rifle shooting has become increasingly popular in Sweden and volunteer sharpshooters in that country now number more than 30,000. The government encourages the sport and recently granted a substantial sum towards its development. There has lately been considerable importation of American sport rifles which are considered superior to the Swedish Mauser.

De Barri Crawshay, an English land owner who recently died leaving an estate valued at $425,000, was a golf enthusiast to the last. Directions in his will as to the disposition of his body were as follows: "I direct that I be dressed in my knickerbockers suit and golfing shoes, that I be laid on my sofa as if asleep and that I be cremated in this costume, and the ashes be placed in the same receptacle as those of my late wife."

With the exception of Jack Dempsey, no athlete in recent years has had more opportunity to make money than Paavo Nurmi, the wonderful Finn. However, that he is rigidly adhering to his amateur standing. It is said that, since he has been in America, nearly $200,000 has been offered Nurmi for the use of his name for commodities and for his services as a runner. One promoter offered him $3,000 a week for 22 weeks to run against professionals and a moving picture magnate offered him $50,000 for one picture with the promise of many more engagements.

Badminton players are taking a great deal of interest in the championship games to be played tonight and tomorrow night at the Prince Rupert Badminton Club courts. There will not likely be many entries but the matches will be closely contested. Two games out of three in each case decides the results, the games to consist of fifteen points straight without any extension. The ladies championships and the mixed doubles will be played Thursday evening at the same place.

The badminton court recently marked out at the Elks Club was prepared too late in the season for any great interest to be taken in it, but probably next fall there will be a good club formed there. The court is by long odds the best in town as it gives plenty of height and good space around the courts. The only objection is the slippery floor.

QUITE TRUE, TOO

A man had several complaints made to him regarding his servant, so took him to task.

"Now," he said, "I've heard some queer stories about your doings lately."

"Don't believe them, sir," came the reply. "Half the lies told about me isn't true."
