Local Druggists Have Modern Remedy for Colds

A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throat, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat.

These vapors, inhaled with each breath carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion.

At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.

WHITES OF EYES TINGED WITH YELLOW? MUDDY COMPLEXION? YOUR LIVER IS OUT OF ORDER!

Mrs. Wm. Bourque, Fox Creek, N.B., writes:—"I have been troubled with my liver for a long time, and was so bad I could not do any work. I had severe pains in my stomach that were so bad, at times, I could hardly stand them. My tongue became coated; I had a bad taste in my mouth, especially in the morning; the whites of my eyes were tinged with yellow, and I had a muddy and yellow complexion.

I had read a great deal about

MILBURN'S LAXA-LIVER PILLS

so decided I would try a vial, and after taking three of them I was greatly improved and felt more like living, and I can now do my own work without any trouble."
