

Skin Trouble?

There is nothing so gentle in its beginnings, and afterwards so difficult to eradicate, as skin disease. At the first sign of unpleasant irritation, roughness or eruption, anoint the place with Zam-Buk. This herbal balm will speedily end any incipient trouble. When the skin is already aflame with eczema, or poisoned or ulcerated, Zam-Buk is the one external medicine powerful enough to get to the root of these troubles and replace unhealthy tissue with new clear skin.

PATTULLO LEAVES FOR PRINCE RUPERT AND COMPLAINS OF PAPERS

VANCOUVER, Feb. 10.—Hon. T. D. Pattullo, who left here last night for Prince Rupert, stated that he had been misquoted and misinterpreted in regard to his stand on affairs connected with the city of Vancouver, referring especially to the metropolitan waterworks plan sponsored by the provincial government, which the city council rejected.

STEWART

Having bonded several groups of claims in the Marmol River section, Thomas Campbell and W. R. Harner are planning a consolidated scheme of development this year with the ultimate intention of putting in a mill and surface tram to the beach. The groups acquired by Campbell and Harner are the Wire Gold, Fraser, Dwyer, Crawford and Forks. It is said that approximately \$300,000 has been involved in the bonding of these properties.

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo-Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo-Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rook or clinkers.

You should try Nanaimo-Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo-Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 416 and 564. 41

Officers for the year were elected as follows:

President—Olof Hanson.
Vice-president—G. W. Nieker-son.

President's Report

The president's report was a very optimistic document. It expressed the opinion that, despite unsatisfactory conditions that had been existing, a bright future for the lumber industry was in store.

Opening Here

"Now that the grain elevator is assured and also the operation of the Seal Cove mill," the report continued, "this port will become much more prominent. Therefore, a brokerage firm should be established in Prince Rupert—one that has the development of the North at heart and would assist all operators in the district to find markets for their products and assemble large lots at this port."

"There are several other matters to be dealt with which would result in additional benefits such as cargo insurance, harbor facilities, rates of competing railroads, marketing of lower grade forest products, etc. It will naturally be advisable to work on these in conjunction with other public bodies such as the Board of Trade."

The report also expressed the belief that the result arrived at by the provincial government with respect to royalty adjustment would result in material benefit to the industry in Prince Rupert district.

Vince Lade arrived in the city from Stewart on the Gardena this morning and is registered at the Prince Rupert Hotel.
