Give Employment By Clearing Up Lots.

There is a small reader advertisement on another page offering to give estimates on clearing up lots for property owners in the city. It is stated that there are a great many unemployed in the city, mostly of people who have come here expecting great activity but who are a little ahead of the work. They must live and are willing to work if they are given the opportunity.

There are a number of city lots that do not present a very creditable appearance. They would sell better if they were cleared of stumps. This is the time for owners to have the work done, while there is a lull in the labor market pending the opening up next month. We suggest that anyone planning to build or wish to sell their property should have the work done now while the weather is good and labor plentiful. Our advertiser would like the job, but there are others, too, who would do it. Prince Rupert would look much better if the lots were cleared of stumps and excavation could be done now in preparation for building operations.

Province Writer Has A Pipe Dream.

Charles L. Shaw, a young writer of repute, until recently news editor of the Victoria Colonist but now of the staff of the Vancouver Province, writes an interesting article in the Sunday Province which he calls "Vancouver, the World's Best Fish City." It is interesting and probably accurate until he comes to speak of fish. Then he founders among figures and shows a lack of appreciation of the big fisheries port on the north coast. He says that last year nine million pounds of fish passed through Vancouver to the markets of the world, and says that city is the recognized headquarters of the North Pacific fishing industry.

Probably Mr. Shaw does not know Prince Rupert and does not know anything about her industries, else he would have known that last year there passed through this port almost thirty million pounds of halibut and from this district there went one hundred and eleven million lbs. of salmon and that in addition there was a big catch of black cod or sable fish, herring, and other varieties, totalling over six million pounds.

We in Prince Rupert have been led to believe that the Province was the one paper on the coast that kept itself free from narrow sectionalism and aimed to make itself the big newspaper of the province, representative of all communities without bias in favor of any. Doubtless this was an unintentional slip on the part of a new member of the staff not quite conversant with the facts and will not be repeated. People in this district smile at the "myriad gashboats that comprise Vancouver's halibut fleet."

Rupert Would Welcome Japanese Line Here.

Prince Rupert would heartily welcome the advent of the Nippon Yusen Kaisha or any other Japanese line of steamships that might be willing to establish a business out of this port. The line has now arrived when some line will undoubtedly take the initiative and the Nippon Yusen Kaisha, the largest steamship company on the Pacific, has better facilities than any other line for handling the business.

When the elevator is completed there should be grain shipments going out and probably silk, tea, and other Oriental goods coming in. This, if only once a month at first, would make the port busy and give the railway officials something to think about.

Prince Rupert's development as a port has been slow, but it is bound to come. The future prosperity as a shipping center is as certain as anything in this life. We hope the N.Y.K. means business and that the connection with this port will be mutually beneficial.

His Mirror Told Him of Exhausted Condition

Mr. R. Paulin, Tautos Aides, Man., writes:
"I became so run down and weak that my heart became affected, and I would sometimes have to remain in bed for several days."

Some one advised me to use Dr. Chase's Nerve Food, so I did, and soon began to gain in weight and feel better. I have taken a great many boxes of these wonderful pills, and am feeling ten years younger. Dr. Chase's Medicines, as well as his Receipt Book, are a great help to us, for we live 40 miles from doctors and railroads."

Dr. Chase's Nerve Food
60 cts. a box of 60 pills, Edmondson, Bates & Co., Ltd., Toronto

ROTARY CLUB AT KETCHIKAN

New Organization Was Formed in Alaska City. First in that Territory

KETCHIKAN, April 2.—A Rotary club was formed here Tuesday. Frank Parrish of Seattle was here to aid in the organization of the club, the first in Alaska. H. C. Nunan, resident manager of the New England Fish Company, assisted by H. C. Strong, W. A. Bates, W. F. Schlotman and Eldon J. Daly have been a committee in charge of the preliminary work.

On a recent visit to Seattle Mr. Nunan met Frank C. Riggs, district governor, and others and discussed the whole situation with the result that it was decided to proceed with the work of organization. In the near future it is expected that Governor Riggs will be here, possibly bringing some Prince Rupert Rotarians with him to present the charter to the new club.

WEST IS BRIGHTEST SPOT IN COUNTRY

Report of Royal Bank Says Far Eastern Provinces Get Low Prices

In those sections of Canada where unemployment is at its height, where trade is poor, and where prospects seem none too good, the statement that better times are at hand would not readily be accepted. Yet there have been favorable developments which give hint of better business in 1925. The brightest spot in the whole situation lies in the West, where prices of grain have been high and where the distribution of the recent 35¢ payment by the wheat pool has already produced some improvement. The statistics of western wheat deliveries to date indicate that some upward revision of the 1924 wheat crop estimate will be necessary, a favorable development. The farmers of British Columbia were also fortunate in regard to the prices obtained for crops and fruit, so that the buying power of Canadian farmers has been measurably improved. All through the country, livestock have wintered well and the high cost of grain is already having some effect upon the price obtained for select beef. The farmers of the Maritime Provinces, however, are confronted by low prices for their apples and potatoes. The English embargo upon potatoes and the large crop in the United States has reduced the price to 75¢ a barrel, nor can \$2.50 a barrel for apples be considered a satisfactory return.

HEILBRONER BUILDING TO GO UP AT ONCE

Plans and Specifications are Prepared and Tenders Now Being Called

Plans and specifications have been prepared and the contract will be let as soon as possible for the new permanent building on Third Avenue to be erected by him announced Max Heilbronner this morning. Accompanied by Architect A. A. Cox, Mr. Heilbronner returned from Vancouver on the Prince George yesterday afternoon. While in the south, Mr. Heilbronner purchased fixtures for his new store and optical department to the value of \$10,000. The new establishment will be one of the most modern equipped in the province.

The old building on the site which the new block is to occupy has already been demolished.

GAS ON STOMACH MADE MRS. COOK NERVOUS

"For year I had gas on the stomach and was nervous. Adlerika has done more good than anything," (signed) Lela Cook.

ONE spoonful Adlerika removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Don't waste time with pills or tablets but let Adlerika give your bowels a REAL cleansing, bringing out matter you never thought was in your system!—Ormes Ltd., Druggists.

In the Letter Box

CLOSING OF PORT

Editor, Daily News.

In today's issue of your paper you have very pronounced headlines indicating that this Board is definitely against closing this port to American fishing boats.

For your information I herewith quote you the resolution in full:

"That this Board go on record as being opposed to resolution passed by Retail Merchant's Association last night asking that this port be closed to American fishing vessels, pending the report of the American Tariff-Commission."

The last sentence which was added to the original motion of the executive, by the full meeting of the board last night, puts a very different construction on the matter than your headlines would indicate, and the erroneous impression created thereby.

May we ask you to make a correction of this by using equally prominent headlines.

G. W. NICKERSON,
President.

GOES NORTH TO VISIT STEWART PROPERTIES

Colonel William T. Perkins, a Seattle financial man, was a northbound passenger on the Prince George yesterday, and while here made a number of calls before leaving for Stewart. He is interested in the development of mining properties on Bear River, is a director in Vancouver Mines Ltd. and is an enthusiastic believer in the Portland Canal district, which he thinks will be a great mining camp rivaling Butte, Montana.

Incidentally Col. Perkins sees the value of the development of Stewart to Prince Rupert and urges the people here to take an interest in the district which is right at their door.

The Man in the Moon SAYS—

THE humble halibut has been much talked about of late.

A SUCCESSFUL man is one who can carry through a scheme in spite of all the criticisms of the idle spectator.

RUNNING round after a girl is fun for a man but think of the life she leads him afterwards.

I HAVE been thinking of asking the editor if I might start a department of advice to the unmarried, but Jake says the married ones are those who need advice most.

NO, Theresa, you do not need to wait until palm Sunday in order to hold hands during Lent.

JAKE says he will never mind going to Hell after this life is ended for he was at a card party the other night.

Ten Years Ago in Prince Rupert

April 2, 1915.

George L. Clayton, who has just returned from Seattle, succeeded in organizing a fishing company capitalized at \$250,000. Provided the city guarantees the bonds, the company will establish a plant here. It will build the wharf, erect the buildings, sell ice at \$3.00 per ton, keep bait and frozen fish in stock and encourage the smaller dealers, the idea being to centralize the halibut industry in Prince Rupert as far as possible.

Henri Sauvage, the first man to leave Prince Rupert to enlist in the Great War, has been killed in action while fighting with the French army. His wife and family reside here.

Stories come from the Eastern

LAND ACT.

In Skeena Land District of Prince Rupert Recording District.

TAKE NOTICE that George Little, of Terrace, B.C., occupation lumberman, and C. L. M. Gagey, of Terrace, B.C., occupation lumberman, intend to apply for permission to purchase the following described lands, for industrial site:

Commencing at a post planted at south end of island situated near mouth of Kit-sunakum River and lying near west bank of said river; thence following shore line around island to point of commencement containing 25 acres, more or less.

GEORGE LITTLE and CLAUDE L. M. GAGEY, Applicants.
Dated this 5th day of January, 1925.

Vancouver Sun --ends Saturday night, April 4

"B" word picture puzzle game

\$1000 in cash prizes

15 big prizes

HOW TO PLAY

The picture above contains a number of objects beginning with the letter "B". There are all sorts of things that begin with the letter "B". All the objects in plain view. You do not have to turn the picture upside down, nor at any angle. It is a clear well-paying test of skill and observation. The prize list comprises FIFTEEN BIG CASH AWARDS. The list of Answer Words having the largest and nearest correct number of visible objects shown in the picture and starting with the letter "B" will be awarded FIRST PRIZE. Second, second prize, etc. You have until April 4th, 1925.

CASH PRIZES

Winning answers will receive prizes as follows:

First Prize	\$25.00	\$175.00	\$500.00
Second Prize	12.50	100.00	200.00
Third Prize	3.00	50.00	125.00
Fourth Prize	7.50	37.50	50.00
Fifth Prize	5.00	25.00	40.00
Sixth Prize	4.00	17.50	35.00
Seventh Prize	3.00	10.00	20.00
Eighth Prize	2.00	7.50	25.00
Ninth Prize	1.50	5.00	20.00
Tenth to Fifteenth Prize	1.00	2.50	10.00
