COCOANUT KING IS BELIEVER IN CHURCHES AND WOULD HELP BOYS

Drinking is Taboo But All Roads Lead to Heaven Declares Philanthropist

NEW YORK, April 2. —(By Canadian Press). — Leopold Schepp, known as the "cocoanut king," and who for sixty-five years has been accumulating a fortune through production of cocoanut by-products, has begun at the age of eighty-five to "give away" his wealth. The "king's" first thoughts were for his subjects and as a start he presented fifty of his warehouse employes with checks varying from $500 to $5,000.

Now he has turned to the youth of New York and as an initial step has announced that $2,500,000 of his fortune will be set aside for the building up of a "boy's welfare institution."

"The institution will have as its objective the starting up in business of boys who have 'proved worthy,' Mr. Schepp intends securing applicants from church dignitaries and Sunday school heads. When the boys are "ripe" and if they have lived up to a two year pledge, including abstinence from drinking, which the "cocoanut king" intends stipulating, they will be given $200 and started in whatever career they choose. Church denomination will play no part in the selecting of boys for Mr. Schepp's welfare league. His two cardinal beliefs, he says, are:

"All roads lead to Heaven."

"There are 349 different ways of worshipping God and all of them are right."

Therefore the aged philanthropist has never joined a church but "worships God in his own way." He would like to see Catholic, Jew and Protestant unite in some great common religion, he declared.

DOG HEROES TO BE SHOWN CINCINNATI

National Show to Give Gold Medal to Self-Sacrificing Animal

CINCINNATI, April 2. — The American dog which in the year between April 15, 1924, and April 15, 1925, performs the most heroic deed of self-sacrifice and devotion to the human race, will be sought and crowned by the Cincinnati Kennel Club in connection with the National Dog Show, which will be held here April 17-19.

The dog so found must himself be exhibited in order that the gold medal significant of the fact may be awarded with proper ceremonies from the stage at the Music Hall the evening of April 19.

Any dog of any breed may be entered by his owner, and no dog will be barred on account of lack of pedigree or pure breeding, according to the regulations. There is no entry fee of any description. The dog must be shown at no expense to the owner.

A full description of the heroic deed is required, blanks for which the club has prepared.

WEIGHT OF WOMEN'S CLOTHES TWO POUNDS HALF OF IT FOOTWEAR

NEW YORK, Apl 2.—Woman's growing emancipation from clothes will reach the apex this summer when, if she follows the dictates of fashion, exactly two pounds of raiment will clothe her. And half the weight will be in shoes.

Such is the edict set by a representative of a famous New York silk house, attending the Fashion Art League of America convention here, who sketched and weighed the silken summer ensemble as follows:

One step-in, two ounces; one brassiere, one ounce; one pair of sheer hose, two ounces; gowns, six ounces; hat, five ounces; shoes, one pound.

Sheer fabrics, indestructible voiles, chiffons and georgettes will be worn on all occasions, and not just for dress affairs. Likewise the knee will be visible. Dresses are to be just below the knee, but not meant to cover it. When the fashionable woman sits down her knees will be well in the foreground of the picture it was said.

FEW MEN FIT FOR $10,000 JOBS IN ENGLAND TODAY

England's Best Publicity Man Bemoans Having to go to States For Help

LONDON, April 2.— Notwithstanding the fact that there are more than 1,000,000 unemployed in England, there are jobs paying $10,000 a year going begging. Sir Charles Higham, London's best known publicity man, said recently in an address to the British Association of Display Men.

"People have come to me," Sir Charles declared, "crying out for men capable of earning $10,000 annually, and I have said in reply: 'You will have to go to the United States to find them.'"

Sir Charles explained that he had offered the suggestion to search abroad for candidates, because there were so few young men here who had prepared themselves for the "horizon of jobs paying $10,000 a year.

BOOTLEGGING TO INDIANS STARTED PREMIER INDUSTRY

NEW YORK, April 2.— Bootlegging in North America originated in New England, according to Professor Henry G. Lawrence, of Connecticut College, New London. In a recent address here he contended that the Puritan often possessed "a frivolous and 'fast' personality," and that the morals of the seventeenth century in New England were no better than those of the present twentieth century.

A law set up in 1659 which prohibited the selling of intoxicants to Indians was the "father of the bootlegging industry," the professor said. Any Indian found drunk had to labor 12 days for the man who discovered him, and the demand of the red skins for liquor in a clandestine way started the industry which has grown to such large proportions, Prof. Lawrence declared.

PROPOSAL TO CHANGE LAW TO ALLOW CROWN BRITAIN TO BE SUED

LONDON, April 2.—The historic British law which provides that the Crown may not be sued will be discussed in Parliament in the near future when a bill is introduced calling for its alteration. President, it has declared.

A committee of jurists has prepared an outline of the bill which would knock out the ancient law altogether. The proposal as considered by the jurists is that the Crown should be as liable as any other employer for acts committed within the scope of an employer's authority.

HALIBUT PRICES AND THOSE IN EAST HAVE SPREAD ELEVEN CENTS

John Dybhavn Points Out Relation of Prices Quoted With Those Here

John Dybhavn pointed out this morning in connection with a telegram received by Ben Self and published in these columns yesterday after being quoted at the Board of Trade meeting Tuesday, that on the date of the telegram no western halibut had yet arrived on the Boston market.

Mr. Dybhavn says that on February 24 the schooner Pollyanna with 35,000 pounds of eastern halibut arrived and the Ingomar with 85,000 pounds which was sold at 25c., 18c. and 15c., on the 25th the Onetha F. Spinney sold 22,000 at 26c, 21c, and 15c. There were no further arrivals of Eastern halibut until after the first shipment of western halibut arrived on March 4. Although the price of halibut here was low, so low as to cause much worry to local fishermen, there was never a spread of more than 11 cents between prices paid here and the price sold in Boston during the first two weeks of the opening of the season.

AUTOS INJURE ROADS

VIENNA, Apl. 2.—Because the 30,000 pleasure automobiles, motor trucks and motorcycles in Austria are cutting up the roads not built originally to stand such traffic, owners of the vehicles will have to contribute to road maintainance. The money will be collected through a system of taxation.

A complete survey of the Acropolis Hill grounds is being made by the city engineer's department including the project for the putting in of a quarter-mile track around the field as well as the removal of the rock pile and the levelling off of the field. An estimate of the cost will be prepared and this also to include the proposed grand stand. When it is known what the cost will be, a decision will be reached as to what extent of work will be undertaken by the city with the assurance of the sporting organizations of the city and the Fair Board that they will assume responsibility for ultimate payment.

As a result of American Legion activities, boxing has been introduced into the curriculums of Japanese military academies. This came about through a mixed boxing-jiu-jitsu match arranged by the Tokio post of the Legion at the request of General Ugaki, Japanese minister of war. An American army captain competed with a Japanese expert. The jiu-jitsu exponent won the first fall but, on the resumption of the match, the American officer crossed a right to the jaw that ended the exhibition. General Ugaki then ordered that boxing be taught in the military schools.

At a smoker to be held next Thursday evening in the St. Regis Cafe by the billiard league all the trophies won during the winter's billiard season will be presented to their respective winners. The Bulger & Cameron cup and individual cups, for first division championship, has been captured by the Great War Veterans and second division honors by the Prince Rupert Billiard Parlor. Trophies will also be presented to the two players making the three highest aggregate breaks in each league during the season. In addition prizes won in the recent individual series will be presented—the cup to George McIlmoyle, city champion, and a medal to his runner-up, Col. McMordie, who also will will receive a cue for having made the highest break.
