

DEBUT OF NEW TROUP ACTORS

Excellent Entertainment Put on at the Booth School to be Repeated Tonight

It is impossible to take a group of ordinary young people and in the course of a few weeks turn them out as finished actors but by close application to their work and the use of ordinary intelligence and good coaching they can be made to produce good results. That is what has taken place in regard to "Pardor Matches" which was produced last night at the Booth School auditorium by a group of local young people under the capable direction of H. H. Little. The play is a comedy in two acts and some of those taking part seemed to the manner born. They played their parts well and doubtless the hall will be crowded tonight, the only opportunity they will have of witnessing it.

Characters

The leading part in the play is taken by Miss May Burgess who as Mrs. Selloun, the head of the Selloun household, mother of two of the young ladies and given to matchmaking, was really excellent. Her part was an onerous one and she had it thoroughly prepared. Her make up was good and she carried off the somewhat aristocratic pose with the property dignity. Three young ladies, Misses E. M. Harding and F. Altheeson as engaged daughters of Mrs. Selloun and

HER NERVES SO BAD SHE COULD NOT SLEEP.

Mrs. Grace Kitchen, St. George, Ont., writes: "After having a severe attack of pneumonia I was left in a weak and run down condition. My nerves were so bad I could not sleep nights, and in the day time I had terrible fainting spells, caused by my heart being weak. Finally I got so bad I had to take to my bed for weeks at a time, but one day I read about

MILBURN'S

HEART AND NERVE PILLS

so decided to try them. After taking one box I felt a slight improvement. I have now taken five boxes, and am now more than able to do all my own housework as well as considerable outside work. I cannot recommend Milburn's H. & N. Pills too highly for those suffering as I did."

Miss Winnie Larson the niece each in turn was worthy of much praise, the singing part by Miss Harding being an outstanding feature. Miss Mary Carter as the maid who used big words and wore excruciating colors was unimitable.

Of the men the part of Jopkes the butler, taken by Ed Jenner, was an outstanding one. With side whiskers and brass buttons and with a proper dignity combined with a frequent shedding of the letter "h" he caused much amusement. The young men included W. M. Watts as Vance Telford, otherwise Adrian Lee, the movie actor, Bob Baggett as Don Radey and George Mitchell as Ferdinand Poppletton, all eligible young men, and two of them engaged. All carried out their roles with much ability and with accent on the love scenes in which they seemed to be naturally proficient, Miss Irwin prompted and Miss Jean Kier aided with the makeup.

Music and Dances

In the early part of the program the dances by the school children were excellent. Miss Mercer trained two groups, one for folk dances and the other for a Dutch dance with excellent effect and an Indian dance by girls trained by Miss Rivett showed marked ability. An interlude duet was played by Miss Margaret Lancaster and Miss Leone Parker and was much appreciated. J. W. Morrison sang well. Those taking part in the dances were:

Folk dance: Irene Mitchell, Elsie Finley, Rose Wosch, Evelyn Rivett, Doris Robinson, May Ness, Mabel Buchan and Viola Johnson.

Dutch dance: Marion Quint, Annie Gilchrist, Jean Wilson, Hilda Murray, Kathleen Duncan and Joan Arthur.

Indian dance: Paulina Cameron, Nellie Gurvich, Oral Ross, Verna Brochu, Pauline Johnston, Bernice Ross, Alberta Richmond, Emory Zarelli, May Thompson and Enid Williams.

The entertainment was organized by Miss Stewart, principal of Seal Cove school for the piano fund. R. C. Parsons had charge of tickets at the door.

The session of the court of revision on the municipal assessment roll for 1925 resumed this afternoon when the appeal of the C.N.R. railway was proceeded with. There are also a couple of other minor appeals to be dealt with and the adoption of the roll will conclude the business.

VICTORIA CRYSTAL GARDEN PROGRESSES

Swimming Tank Almost Completed and Walls of Building Partly up

VICTORIA, Feb. 11. — Rapid progress is being made on the construction of the Crystal Gardens by Messrs. Luney Bros., contractors, and there seems little doubt that the building will be completed in ample time for the official opening on May 24. A force of eighty men is engaged on the work.

The red brick walls have already been erected to a height of eight feet from the ground and in a fortnight's time will have reached the maximum called for in the plans.

Inside the walls the swimming pool is already in existence, not in its finished state, to be sure, but in rough concrete. A lining of pullo, a hard substance resembling Portland cement, will soon be placed over the concrete, and, in three week's time, the first of thousands of glistening white tiles will be laid above the pullo. The tiles are already here, having arrived recently from the East where they were manufactured.

All the steel trusses, columns and girders, and the steel framework for the glass roof, have been brought to the scene by Messrs. Lord & Burnham, the Eastern contractors for this branch of the construction activities. Two of the company's experts for this specialized work have arrived in the city and a start will be made on the erection of the steel supports for the roof. This work will proceed simultaneously with the building of the brick walls. As soon as the supports have been completed the framework for the glass roof will be installed.

The eight-inch wooden pipe for the supply of fresh salt water from the Strait, has not yet arrived in the city and the digging of the trench to receive it from the building along Douglas Street to the sea front has not yet been commenced. As soon as the pipe has reached the city, excavation of the trench will be begun and construction of the pump house on the shore at the end of Douglas Street will be started.

AMATEUR RADIO

The 23,000-ton liner Aorangi, the world's largest motor ship, is the first ship to be fitted with apparatus whereby radio broadcasting can be heard all over the ship. The installation, a ship's orchestra repeater, can be used for music, lectures, concerts, or any other purpose for which simultaneous hearing on all parts of the vessel is desired.

The onerous duties of caring for the country's seal as member of parliament will be greatly lightened for Austrian law makers through the installation of radio in the House of Parliament. The service is to be powerful enough to permit of listening in on London, Berlin, Rome and even New York.

It is predicted that attendance at sessions of parliament will improve greatly, but that the radio room will be much more crowded than the chamber.

KGO program tonight will include the melodramatic farce "Seven Keys to Baldpate" in two acts and selections by the Arion Trio. After ten there will be dance selections.

Dr. Frederick W. Clampett, editorial writer and platform lecturer, will deliver an address at KGO, Saturday evening, February 14. His subject will be "Contentment." The California String Quartette, assisted by Cecil Hanson, harpist, will offer several selections from Mendelssohn, Bach, Tschaiowsky and Raff. Soloists on the program will include S. Duke Smith, trumpet player, and Winston Petty, cellist.

NEW ROOF NEEDED LIBRARY BUILDING

The library board at a special meeting last evening decided to place in the estimates for the year a sum sufficient to cover the cost of a new iron roof on the building. The roof is leaking

The Iron Pots of Gondricourt

JUST after daybreak a traveler along the narrow byways of a small French village can see the housewife beginning her day. Through the open doorway her fireplace glows like a forge. A heavy iron pot, which she has filled with water from the town pump, is lifted and swung upon the crane. At the other end of the village, perhaps, runs the little stream where she washes her family's clothes upon the rocks.

Throughout the village life of much of Europe, such pictures are multiplied by thousands. Quaint, to be sure, but what grinding and incessant toil these primitive household arrangements mean!

In contrast to this, even the remote districts of Canada boast comfort unknown to the rural life of other countries. Conveniences are found that could not be duplicated in any save the wealthiest city homes of foreign nations.

Adequate heating systems, the farm lighting plant, the washing machine, the vacuum cleaner, the telephone and numberless labor-saving devices have lifted modern life in Canada to unprecedented levels of comfort and ease.

To a large measure this has been due to advertising. Advertising has familiarized all of us with new inventions. Advertising has made possible the wide distribution of new products. By increasing sales, advertising has reduced the price of modern household utilities to the reach of the modest purse.

By reading advertisements we keep abreast of modern progress

HIGHER TEA PRICES EXPECTED ANY DAY

The estimated increase in the consumption of tea in 1924 over 1923 has amounted to over 39 million pounds. An increase in production of only seventeen million pounds during the same period has resulted in tea prices advancing in primary markets from ten to fourteen cents per pound since last summer. The price to the consumer today is on the basis of much lower primary costs, so a general increase to tea drinkers is inevitable in the near future.

VANDERHOOF

Vanderhoof is still considering the matter of incorporation as a village and George Ogston, secretary of the Board of Trade, is in communication with municipalities of such a class in the province on the subject.

The Vanderhoof creamery is in a bad financial condition and has been running behind but steps are being taken to put the institution on a sounder financial basis.

At the Presbyterian Manse last Saturday, Rev. E. B. Arrol officiating, the marriage took place of Herman Arthur Kelley of Longworth and Evelyn Grace Rhindress of Mapes.

T. P. Calhoun has returned from Prince George where he was called on account of the serious illness of his elder daughter who is now recovering.
