BABY'S COLDS

Children's delicate digestions are easily disturbed by too much "dosing." Still, the little ones' cold troubles cannot be neglected.

At the very first sign of croup, sore throat, or any other cold trouble, apply Vicks VapoRub over the throat and chest. There is nothing to swallow—you just rub it on. Colds go over night, croup is usually relieved in 15 minutes.

ONLY THE MOTHER KNOWS

ABOUT THE COUGHS AND COLDS OF THE CHILDREN

It is hard to keep them from taking cold; they will run out of doors not properly clad, or have on too much clothing; play too hard and get over-heated, and cool off too suddenly; get their feet wet; kick off the bed cloths at night, and do a dozen things the mother can't prevent. The prompt use of

DR. WOOD'S NORWAY PINE SYRUP

will check the cough or cold before any serious lung trouble can possibly develop. Mrs. Everett E. Keetch, R.R. No. 2, Fredericton, N.B., writes:—My little boy, one fine year, had a dreadful cold which left him with a bad cough. I tried Dr. Wood's Norway Pine Syrup, and after using three bottles he was completely relieved. I would advise all mothers to use this remedy for their children as it is an excellent medicine.
