FIRST STEP IN POWER SCHEME

Finance Committee Instructed to Investigate Borrowing Possibilities

ENGINEER AT MEETING

Half Million Dollar Addition May be Made to Plant at Shawatlans

After a further discussion with A. C. R. Yuill, the Vancouver hydro-electric expert, the city council last night, on motion of Ald. McMordie, seconded by Ald. Perry, passed a resolution requesting the finance committee to report on the borrowing power of the city and the possibility of disposing of about $500,000 worth of municipal bonds. This is taken as the first step in the direction of extending the city's power development from Woodworth Lake as reported upon by Mr. Yuill.

In addressing the council, Mr. Yuill stated that he had been asked by the utilities committee to make some further investigations with a view to determining the lowest cost of an additional 1,000 kilowatt development. He had to report as follows:

First, regarding the possibility of raising the present dam, if it contained good concrete it would be possible to raise it 14.5 feet above its present level making a total elevation of 366 feet at a cost of $34,400. However, the concrete in the present dam was too weak for bonding purposes and it would be unsafe to raise it. In any case, the additional height thus given would be insufficient for ultimate full development.

Second, the present unit could be moved to the North Fork and an additional 1,000 kilowatt installed this year without the dam being raised at a total cost of $266,300. By doubling up the present 45 inch pipe line to the present power house two 45 inch mains could be run to the power house at its new location and a new 18 inch main would be required to take care of the domestic water supply. The power thus produced would cover the anticipated load for next winter except at the peak when assistance might be required from the dry dock. This would not be the most economical scheme with ultimate full development in view but the immediate cost would be the lowest. Two new units thus developed would cost $508,000.

Third, to add the water of the North Fork into a second pipe at the new power house would cost $51,400. This would supply 1900 kilowatts and, if the two units were worked to full capacity, it would probably take care of the 1926 load.

First Scheme Best

Mayor Newton asked Mr. Yuill what scheme he would adopt if it were his private undertaking and he were called upon to meet the immediate requirements of this city. To this Mr. Yuill replied that he would adopt the scheme he had previously recommended to the council for the development in two steps first at the North Fork and from the North Fork to Shawatlans Lake. The cost for the first 1,000 kilowatts would be $402,000 and the second $63,700 as compared with $508,000 by developing the scheme he was now reporting upon, which would not provide for the raising of the dam or the installation of a larger pipe line. With full development in view, the first scheme was therefore the more economical.

Ald. Casey brought up the subject of possible power development at Falls River. There was an opinion prevalent that 12,000 horse power might be developed there at a cost of about $1,500,000. Of course, the city would not undertake development of Falls River but the comparison of the cost with it had some bearing on the question now in hand.

Mr. Yuill admitted that, if the power could be sold, Falls River would be a better project than Woodworth Lake. However, for present requirements, Woodworth Lake was to be recommended.

Falls River

Mr. Yuill pointed out that, for a private concern to embark on the development of Falls River, it would have to have a guarantee of $150,000 revenue annually—probably from the city. In addition to this the city would have to meet $28,000 annual charges on the present Woodworth Lake plant for some years yet whether or not it were running and, if it were closed, it would require another $3,000 per year to take care of it. Thus the city would have to pay $181,000 per year if Falls River were developed, necessitating an annual power revenue of close to $300,000. Such a revenue would not be forthcoming for a long time. Thus the only thing that seemed possible to do would be to further develop Woodworth Lake.

After further discussion, Ald. McMordie brought the matter to a head by moving that the finance committee be requested to investigate the financial possibilities of embarking on the project suggested. The aldermen, in the meantime, could go more fully into Mr. Yuill's report. It was evident from the report that the third scheme suggested by Mr. Yuill on Tuesday night would be the most economical. The council would probably agree to that. The resolution was second ed by Ald. Perry and carried.

Submits Account

Mr. Yuill's account for making his investigation totalling $1,604.65 was submitted with the request that $1,200 be paid on account. The request was met on motion of Ald. McMordie, seconded by Ald. Perry.

Ald. McMordie moved a vote of thanks to Mr. Yuill for his report. The council, he felt, was appreciative of the effort, care and time that had been spent in compiling it. Even if it resulted in nothing definite being undertaken it would always be a valuable record worth much more than was being paid for it. Ald. Larsen seconded this motion.

In replying, Mr. Yuill stated that it had been a pleasure for him to make the investigation. It had been intricate but interesting and he had received the most cordial of co-operation.

BRINGING UP FATHER

BANQUET GIVEN MRS. DE PENCIER

Brilliant Assemblage of Women at Boston Hall Last Evening to Honor Guest

ROUND OF VISITS

Women's Canadian, Club Joined With I.O.D.E. at Big Affair

Last evening over eighty members of the Imperial Order of the Daughters of the Empire and of the Women's Canadian Club of Prince Rupert, presided over by Mrs. A. T. Parkin, gathered at the Boston Hall at a banquet given by the I.O.D.E. in honor of Mrs. DePencier, organizing secretary of the provincial chapter of the order. It was a notable gathering in that it was the first of its kind to be held in Prince Rupert and also it was the first banquet at which Mrs. De Pencier had been the guest of honor.

There was a brilliant array of women present, the table was decorated with a profusion of flowers and a very fine dinner was served.

The affair opened with a toast to the King and the singing of the National Anthem. Then the visitor was welcomed by Mrs. Parkin, who is regent of the municipal chapter, and who spoke on behalf of the order in this city. She mentioned that this was the first event of its kind and would probably be the forerunner of many more.

Visitor Speaks

Mrs. DePencier, who is a good speaker, spoke on the work of the order and complimented the women here on the work they were doing, especially in erecting their own building. This was the second I.O.D.E. building to be erected, the first having been in the Yukon. She said she considered it a splendid example for others to follow. She hoped some of the officers of the provincial chapter would come here for the opening.

The speaker then mentioned the work being done in other parts of the world. There was the memorial in South Africa and the living war memorial in which Prince Rupert was taking part for the giving of scholarships to children of the men who had not come home. Already $47,000 of the $50,000 required had been raised.

Songs were given by Mrs. Fraser and Mrs. Larsen.

Busy Time Here

Since her arrival in the city Mrs. DePencier has had a very busy time. On arrival she was met by Mrs. Parkin, president, and Mrs. Batcher, vice-president of the local municipal chapter of the I.O.D.E. and driven to the hotel where a committee extended an official welcome. All then went to a tea given by Mrs. Rix at the Rectory where the visitor addressed the members of the Women's auxiliary.

Bishop DePencier and Archdeacon and Mrs. Rix were that evening guests of Mr. and Mrs. Parkin at dinner and afterwards at the Gyro entertainment at the Westholme Theatre, an event that was much enjoyed by the visitors.

Thursday morning the visitors were taken to see the work done by Adair Carss Chapter in caring for soldiers' graves and also they saw the grave of Archbishop Du Vernet.

Lunch was served by Mrs. Rix at the Rectory in honor of Mrs. DePencier, there being fourteen present, while the Bishop was a guest at the Rotary luncheon.

The new Anglican Church was then inspected, many complimentary remarks on the work being passed by the visitors.

The hospital next claimed attention and especially the work of the I.O.D.E. there. The Queen Mary ward and the Adair Carss ward as well as the night nursery were inspected and it was explained to the organizing secretary that a day nursery was to be installed costing about $1,200.

Members of the party were then guests of Miss McCaul, lady superintendent of the hospital at the Nurses' Home, a call was made on Mrs. DuVernet and the party returned to the hotel.

This morning the visitors were shown the Cold Storage plant and other sights by Mrs. Parkin.

DON'T LET YOUR BOWELS GET CONSTIPATED

A free motion of the bowels every day should be the rule of every one who aspires to perfect health, for once the bowels become constipated and clogged up, all the other organs of the body become deranged.

Keep Your Bowels Regular by Using

MILBURN'S LAXA-LIVER PILLS

They will clear away all the effete and poisonous matter which has collected in the system, give you a free, easy and natural motion of the bowels every day, start the sluggish liver working, and give tone and vitality to the whole intestinal tract.

Milburn's Laxa-Liver Pills are for sale at all druggists and dealers; put up only by The T. Milburn Co. Limited, Toronto, Ont.

G.G.I.T. TEA AND SALE WAS SUCCESSFUL

Girls Realized $61 at Affair Held Yesterday Afternoon in Presbyterian Church

Silver Circle, Canadian Girls in Training, held a sale of work and candy and tea in the Presbyterian Church yesterday afternoon realizing the sum of $61 as a result of the affair.

Mrs. C. A. Eggert poured and Mrs. T. McClymont assisted with the sale. Miss Mary Muse and Miss Frances Cross presided at the sewing counter and Miss Doris Candow and Miss Lois McRae conducted the sale of candy. Miss Alice Pillsbury and Miss Florence Smith were in charge of the tea room and Misses Olive Gordon, Mary Walters, Laura Stephens, Evelyn Vickers and Lillian Cross served. Miss Lorraine Grant was cashier.

The affair opened with the usual C.G.I.T. opening ceremony and closed with "Taps."

Sport Chat

In the sport world like in every other world wonders never cease. The latest is the defeat of Wayne Munn, the Nebraskan wrestler, by Stanislaus Zybzsko who is again champion of the world. It had been thought that Strangler Lewis had settled with Zybzsko finally and when Munn took the title from Lewis it was predicted he would hold it for some time. The unexpected bobs up, however, and now we see Zybzsko the champ. again. And in addition to all this, Zybzsko is 58 years old—probably the oldest champion in the world in the more active and strenuous ports.

News that the faculty of the University College of North Wales has barred boat racing among its fair students on the ground that the exercise is highly injurious to them has aroused the varsity girls in other parts of England, who contend that the action is not justified by past experiences. Rowing as a sport for women is on its way to enjoy even greater popularity in the Old Country, it is said, judging by the strides it has made in the last two years. Mixed boat racing, however, is not advocated and it is declared unlikely that women will ever row against men.

WATER NOTICE.

DIVERSION AND USE.

TAKE NOTICE that the Skeena River Packing Company, Limited, whose address is 1318 Standard Bank Building, Vancouver, B.C., will apply for a licence to take and use 5 cubic feet per second of water out of Wolf Creek which flows northwesterly and drains into Porpoise Harbour about north end of 11th Avenue Port Edward Townsite. The water will be diverted from the stream at a point about one and a half miles from its mouth at point of diversion of Port Edward Townsite water system and will be used for industrial purpose upon the land described as part of foreshore [illegible] number 4476, Range 5, Coast District. This notice was posted on the ground on the 23rd day of March, 1925. A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder, Prince Rupert, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is March 26th, 1925.

SKEENA RIVER PACKING COMPANY, LIMITED, Applicant.
