"It's easy to keep enamel glistening white this way"

— says Mrs. Experience who has long ago made her choice in soap

"My! Sunlight really is wonderful for cleaning these bathroom fixtures. It makes them spotless and shining in almost no time.

"The secret, of course, is the pure, cleansing lather of Sunlight. Sunlight simply dissolves dirt and grease so that they just rinse away.

"I wash the linoleum and paint-work with Sunlight, too, because it's less work the Sunlight way.

"After all, you can't beat a pure, honest soap for economical cleaning, so give me Sunlight — and nothing else — every time. I always use it for the dishes because Sunlight is so easy on the hands. It is made by the largest soap-makers in the world, Lever Brothers Limited."

The city council last night, on recommendation of the Board of Works, accepted the tender of the Prince Rupert Spruce Mills for the supply of 100,000 feet of hemlock and cedar lumber. The figure on hemlock was $22 and on cedar $23. The Royal Mills, the only other tenderer, bid $26 for hemlock and $24 for cedar.

Delayed by the same trouble at Shelly near Prince George which held up Wednesday's train, the passenger train due here this morning at 7 o'clock from the East did not arrive until 2.50 this afternoon. The steamer Prince George sailed for the south on time at 9 o'clock this morning without awaiting the arrival of the train.

Having made all her calls on the Skeena River with the exception of the slough, Union steamer Venture, Capt. A. Johnstone, arrived in port at 4 o'clock this afternoon. After unloading sawdust at the Canadian Fish & Cold Storage Co.'s dock, the vessel sailed at 2 o'clock for the Naas River. The Venture had a big crowd of cannery employees for the Naas and Skeena Rivers and also half a dozen men for the Millerd cannery here.

"Spring-Clean" MISHAPS

EVEN simple injuries are apt to cause a deal of pain and worry during 'spring clean' time. Along with the dust, are disturbed myriads of tiny disease germs. Their mission is to attack any exposed sore place and set up festering and blood-poison.

Knowing this, the wise housekeeper takes no chances. She always keeps a box of antiseptic Zam-Buk on a handy shelf.

Zam-Buk

This famous herbal balm never fails to soothe, cleanse and heal cuts, bruises, scratches, burns, scalds and abrasions.

Zam-Buk kills disease germs, prevents wounds going 'the wrong way,' and grows new skin. It is also far and away, the most successful remedy for troubles like eczema, pimples, poisoned sores, piles, ulcers, etc.

All dealers sell Zam-Buk at 50c. box.

Hearns, V. C. Young, G. M. Williscroft, Mrs. E. Thompson, J. R. Lillico, R. H. Gammon, W. McKibbin, Mrs. T. Christopherson, B. P. Crowe, E. C. Jabour and A. W. Caswell; L. J. Stone and J. Crooks for Ocean Falls.

OBJECTION TO PREDATORY CAT

Washington Government Department Issues Report Against Pussy

WASHINGTON, April 16.—If birds could be protected from the predatory house cat, they would materially reduce the $1,600,000,000 loss caused annually by insects and grubs which destroy agricultural crops, in the opinion of the Biological Survey.

The cat, estimated to be 25,000,000 strong in this country, is not, however, the only enemy of the wild birds, says the survey. The boy with his air rifle, the man with his gun, squirrels and other small animals, and the elements are all taking their toll. But tabby is said to be particularly attentive to the feathered singers at this time of the year, which is the nesting season.

Insects, the survey says, each year eat $800,000,000 worth of seed and crops, and a like sum is spent to get rid of the pests. Farmers, fruit growers and orchardists share the burden. They depend upon the birds to help keep down the overwhelming hordes of insects.

To protect the birds, the survey recommends building nest boxes and planting shrubbery to make up for the disappearance of the hollow trees and young wild growth in which nests once were built. It urges provision of bathing and drinking water in the summer and food and shelter in winter.

Regarding the cats the survey further says it is not necessary that householders part with their pets, but they "should be kept from unduly increasing if they are to be prevented from killing the song birds."

"During the nesting season especially," says the survey, "watchful care is needed, particularly at the time when the fledglings, unable to make full use of their undeveloped wings, flutter to the ground. The sight of helpless young birds hopping across the lawn excites the predatory instinct of even a well-fed house cat."
