BRITISH COLUMBIA

The Mineral Province of Western Canada

TO END OF DECEMBER, 1925.

Has produced Minerals as follows: Placer Gold, \$76,962,203; Lode Gold, \$143,534,655; Silver, \$63,532,655; Lead, \$58,132,661; Copper, \$179,046,508; Zinc, \$27,904,756; Miscellaneous Minerals, \$1,408,257; Coal and Coke, \$250,968,113; Building Stone, Brick, Cement, etc., \$39,415,234; making its Mineral Production to the end of 1923 show an

Aggregate Value of \$810,722,782

Production for Year Ending Dec. 1923, \$41,304,320

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants. Full information together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES
Victoria, British Columbia.

Children Keep House

In the nursery of the Canadian Pacific S.S. Montclair. You might be content to lay upon the decks, but the young ones must have something to keep them out of mischief—hence their own special recreation quarter.

BURNS CONCERT GIVEN ANYOX

Fine Program of Music, Reading and Dancing for Great Occasion.

ANYOX, Feb. 4.—Under the auspices of the Union Church a concert was staged in Recreation Hall during the week, in commemoration of Robert Burns and was one of the most enjoyable ever attended by an Anyox audience. All the numbers on the program were well received by the gathering present, encores being demanded again and again, and were graciously responded to by those participating. The program contained something for everybody. There were songs, dances, readings, instrumental numbers and orchestral selections, the latter by the Elks' orchestra, under the leadership of Stewart Steele.

Already a great favorite with Anyox audiences, R. W. Murdoch, a recent arrival in camp, gained new admirers by the splendid manner in which he rendered his choice of songs. He was in particularly fine voice, and with Miss Violet McKay gave the audience a treat in the singing of two duets, "Crooked Bawbee" and "Will Ye Gang Awa?" For solo numbers Miss McKay chose "Sing to me the Auld Scotch Songs" and for an encore "Comin' Through the Rye," the rendering of this latter old favorite being very good, indeed.

The readings were well done. J. Murdoch reading "Man was made to mourn," while J. Webster created considerable merriment with "Wee Puggy." The comedy of the evening was supplied by J. Thompson in Scottish characterizations. Most enjoyable were the violin solos by W. Jack. J. Mitchell received well-merited encores for his singing of two songs, "Lassie of Mine" being particularly well done. D. McCaulley sang "Mary of Argyll" and was generously applauded.

The solo dances by Miss Mabel Stevens were well executed, the "Sailor's Hornpipe" especially so. In the "Highland Scottish" he

Flo Kelley and Edna Berrin gave a very graceful exhibition of child dancing. The chairman for the concert was T. Kirkwood. Accompanists for those taking part were Mesdames Pynn and Berrin and Messrs. Southam, Dresser and Harris.

COMMUNITY PLAYERS ORGANIZE AT ANYOX

In order to occasionally provide amusement of a dramatic nature for the benefit of Anyox folk who care for this particular sort of entertainment, an organization, to be known as the "Community Players" was formed in Anyox during the past week, and preparations for immediate rehearsals of the first play to be presented were completed. Officers elected were: Manager, George Warwick; secretary-treasurer, Miss Rowena Champion; stage manager, F. M. Kelley. A casting committee was also chosen, consisting of Mrs. D. Cole Jr., H. D. Southam and the stage manager.—Granby News.

ANYOX BIRTHS

There were born at the Anyox hospital recently a son to Mr. and Mrs. Jack Carr, and a daughter to Mr. and Mrs. P. McDougall.

WORD PUZZLE

The following word puzzle was made by a local lady. Each number is represented by one word and the initial letters of all of them spells the name of one of Canada's natural resources.

- The correct answer will be published on Thursday.
- 4—A fish.
 - 2—An attack.
 - 3—A mood.
 - 4—Useful in the kitchen.
 - 5—A tree.
 - 6—Silent.
 - 7—A garment.
 - 8—Beyond reach.
 - 9—Necessary to life.
 - 10—A beverage.
 - 11—Part of the body.
 - 12—To swell.
 - 13—A headland.
 - 14—A pronoun.

A GOOD WAY TO INCREASE BUSINESS

Many advertising messages fail to attract attention because they are either unattractive or are too stereotyped.

This is the opinion of one of our busiest and most successful business firms—Albert & McCaffery, Ltd. They have succeeded in interesting many new customers in the story of the famous Nanaimo—Wellington coal and since the coal itself lives up to its reputation these customers are coming back daily for more. Nanaimo—Wellington coal is the premier fuel for the fireplace, range and furnace. More heat—less ash—no rock or clinkers.

You should try Nanaimo—Wellington as soon as your present supply gets low. Better still, if you order some now you can test it out with the coal you are now using. Nanaimo—Wellington stands supreme when a comparative test is made.

To secure a supply phone Albert & McCaffery Ltd., who are sole agents here. Their phone numbers are 416 and 564. tf

Is your wife wiser than you?

IF YOU read only the stock and sporting pages, and your wife is like other women, she is wiser than you. She reads the shopping news.

She likes to hear you jingle money in your pockets. She likes to stretch money to the limit, so she won't have to ask for more. She likes to shop strategically. Know what she does.

Comfortably at home in a cushiony arm-chair, she scans advertising columns. She compares, judges and selects the goods she desires; maps her route; with least effort and minimum time, goes direct to the planned store and buys.

She obtains what she wants at the lowest price it is offered. She is certain of full satisfaction, for she knows advertised goods live up to their claims. She saves time and steps, and returns sufficiently alert to enjoy new advertisements—and to prepare you an appetizing dinner.

These advertisements are written for your benefit too. Read them. Help her help you save.

Buying advertised products is a bond investment—not a stock speculation

Amateur Radio

A good deal of regulating is needed in connection with radio. Take as an example the situation in Vancouver. There fans complain that a loud station has just sprung into being which makes it impossible to get any other station either in the city or outside. The fans there are wild with indignation but they seem to have no recourse. Radio has become so important a factor in the life of the people that its further neglect should be resented by radio fans. Apparently it is a matter for the Dominion Government to handle.

Nelson has a broadcasting station, yet Nelson is not any larger place than Prince Rupert. Entertainments and news items are sent out regularly in that city by a club formed for the purpose and this makes Nelson a centre for the radio district. So it should be in Prince Rupert. The news items contain facts about the city development and prices paid for produce there.

Eeny, Meeny, Miney, Mo,
Catch a song on the radio;
If it's squeaky, don't let go,
Tune it in a little mo'.

Vienna is about to erect a municipal radio sending station which is to cost 1,000,000,000 crowns. It is to be used solely for official business. The fire department especially is to use it extensively.

Nine of the KGO players directed by Wilda Wilson Church, audio drama technician and empressario, will produce the three-act farce "Mrs. Temple's Telegram," by Frank Wyatt and Wil-

SERVICE NOT SERVITUDE

Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves lifeless and incapable of service unless controlled and directed by the already overburdened housewife.

Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.

RADIO BUNK.

There was a dealer in our town
And he was wondrous wise,
He bought a line of radio
And praised it to the skies.

But soon the customers returned
Just plumb dissatisfied,
They hadn't heard a single peep
Though every knob they tried.

His sales were lost. The dealer cried:
"This radio's the bunk!"
And in the lake he threw the sets
And cussed them as they sunk.

The moral is—if moral 'tis—
Each man his goods must know;
He must learn all about the thing
To know his radio.
