INSPECTION OF FIRE FIGHTING IN THIS CITY

Provincial Fire Marshal on Visit Here Finds Everything Very Satisfactory

On his way back to Vancouver after attending the convention of the National Fire Protection Association at Chicago, J. Alfred Thomas, fire marshal for the province of British Columbia, was a visitor in the city at the end of the week. Mr. Thomas arrived on Saturday night's train and sailed last evening on the Prince Rupert for Vancouver.

While here, Mr. Thomas inspected the Prince Rupert Spruce Mills' plant at Seal Cove and also the local fire department. From a fire protection point of view, Mr. Thomas found the mill in good order. There was an open burner there but it is practically on the water and is no menace to surrounding property. Mr. Thomas was pleased with the appearance of the fire department and gratified that new equipment had been obtained since he was last here.

Coming west, Mr. Thomas stopped off at Burns Lake to inspect the situation there following the recent fire. It is difficult for small places to be fully equipped with fire protection devices. Prevention can be obtained, however, at such places by having as good a class of buildings as possible erected with some space between them.

After attending the convention in Chicago, Mr. Thomas took laboratory courses in sprinkler, valve and domestic oil burner inspection. The latter, Mr. Thomas says, are coming into very general use in the province.

COMPLIMENTED NEW BOOKLET

Board of Trade Gets Many Inquiries and Distributes Information

The secretary of the Board of Trade has received a number of complimentary letters dealing with the booklet recently published by this city. Agent General F. A. Pauline wrote complimenting the Board on the publication and asking for 500 copies for distribution in London. He said that very little information was available in regard to northern British Columbia and this was the best publication he had seen yet.

The editor of The Last Great West complimented the Board and asked for the use of some of the cuts for his publication. These are being sent.

The secretary of the Board is getting many inquiries in regard to this part of the country, especially in regard to farming, lumbering, hunting and other information connected with life in the country. A man from Montana wrote asking about the possibility of starting a brewery here.

AIRPLANE SERVICE FOR PRINTING PRESS

Company Gives Quick Relief in Case of Broken Parts Anywhere on Continent.

The Duplex Printing Co. which manufactured the press used in printing the Prince Rupert Daily News, has installed an airplane delivery service for delivering replacement parts to customers in any part of the north American continent where landing can be secured. The moment a wire is received ordering a part, an airplane is despatched with it, thus often saving the tie up of the plant for an indefinite period.

Users of Duplex presses are being asked to file with the company maps showing landing fields in the immediate vicinity so that there may be no delay in making delivery. Unfortunately there is no landing field near Prince Rupert so it will be impossible at present to take advantage of the offer.

ALMOST THE LIMIT IN RADIO MESSAGES

Distance of 10,300 Miles Covered and 12,500 is Extreme Distance Possible

Almost the limit in radio communication has been reached in the recent daylight tests with low wave lengths in communicating between England and Australia. Three messages were exchanged between Gerrard's Cross, England, and Sydney, Australia, over a distance of 10,300 miles. As the farthest distance between two points on the earth surface is approximately 12,500 miles very near the limit in distance has been reached.

Sport Chat

From this on throughout the summer the Acropolis Hill grounds will be kept busy every evening and a good many of the afternoons. The football association has the ground two nights a week as has the baseball association and the league fixtures taking up these nights have been set. Wednesday evening is given over to lacrosse which, however, has not yet been organized to the point of staging league games. On Saturday afternoons the Junior footballers have the grounds. Fixtures set for this week are as follows:

Monday: Senior league football—Sons of England vs. Cold Storage.

Tuesday: Senior baseball—Sawmill vs. Gyro Club.

Thursday: Senior league football—Great War Veterans vs Callies.

Friday: Senior baseball—Sons of Canada vs. Gyro Club.

Saturday: Junior football.

The opening game of the Mobley Cup (city championship) football series will take place tonight at the Acropolis Hill grounds. The teams will take the field as follows:

Sons of England—Rattie; R. Howe and G. Kelsey; Dr. Tait, A. A. Bales and F. Hodgkinson; J. Farquhar, A. Dickens, J. Johnson, H. Hanson and G. Howe.

PREPARATIONS FOR BIG SHOW

Cabaret Scenes at Westholme Tomorrow Night Will Surpass Any Former Events

Dress rehearsals indicate that never before in the history of Prince Rupert has there been anything to equal the modern cabaret scenes being put on at the Westholme Theatre tomorrow and Wednesday night under the auspices of the Elks. It is entitled "A Night in Bohemia." The performers, all of whom are local, have been trained by C. H. Lewis, an artist and actor, who made such a great success of similar affairs both at Calgary and Vancouver and in other cities recently and who put on "The Beauty Shop" here.

W. S. Fisher is the manager of the cabaret and the waiters are W. E. Mack, Ralph Smith, Dave Balfour, Jack Cobb and G. E. Gulick. The numbers will be selected from the following:

JAZZ MUSIC IS HEARD ON MOUNT OF OLIVES

Concerts Nightly Broadcasted from London Picked up in Palestine

JERUSALEM, June 1. — Jazz has invaded Jerusalem. During the visit of Lord Balfour to Palestine in connection with the opening of the Hebrew University, members of the Balfour party heard concerts nightly as they were broadcast by the London radio station.

A British wireless fan fitted up an aerial on the Mount of Olives, especially for the Balfour visitors, from which a line was extended to government house occupied by English officials which enabled them to enjoy the London program, part of which always consists of jazz as played for dancing by the Savoy orchestra.

ROTORSHIP PUZZLES GERMAN NAVIGATORS

BERLIN, June 1.—Discussing whether rotorships shall be treated as sailing ships or steamships in applying naval regulations to them, German navigators at a recent meeting were of the opinion that a new set of regulations will be necessary. It will be quite impossible, it was agreed, to treat them other than rotorships in describing how they shall be governed when they meet sailing or steamships.

The federation of German navigators have decided to call the new craft Flettneships, as the name rotorships is too easily confused with motorship.
