## BRITISH MEMBERS MAY HAVE OFFENDED

**Signed Contract With Government When They Installed State Owned Telephones**

LONDON, Mar. 20.— Members of the British parliament who have telephones in their homes were somewhat startled recently when they ascertained that, because of the instruments, they might be deprived of their seat in the House. They are asking whether they have committed a breach of the famous act of George the Third's parliament, which says that any person undertaking a contract with a government department shall not be entitled to sit in the House. The telephones here are owned and operated by the government.

The question was brought to light by Captain T. J. O'Connor, himself a member of parliament and having a telephone in his office, who announced that he would ask the attorney general if he proposed to introduce legislation to safeguard members who have contracts with the postmaster general for the installation of telephone services.

## PROVIDES WAITING LINE FOR BUSY TELEPHONES

**Latest Device to Make Telephoning Easier Used in Stockholm**

STOCKHOLM, Mar. 20.— The "line's busy" nuisance in telephoning has been mitigated in this city through the installation of an ingenious arrangement called the "waiting line." It will apply the "first come first served" rule to places much in demand such as hospitals, drug stores, doctors' offices, ticket agencies, information bureaus and newspapers. This is done by the creation of a special central and and whenever a number is reported "busy" by the operator or the automatic switching machine, the "waiting line" is called and the desired number duly recorded in the sequence of its receipt. Then, as soon as the line is clear, the connection is made.

## FIVE CENT FARE ON VANCOUVER CARS ASKED

VANCOUVER, Mar. 19.—Possibility of a return to the five-cent street railway fare loomed today when aldermen, discussing the matter, indicated that the reduction of fares would come up for consideration when the present three-year period of the franchise expires November 8.

Under an agreement with the city, the franchise is revised in three-year periods, at which times matters that have arisen in the past are adjusted or arbitrated. The present rates are elastic, an agreement having been reached when the six-cent rate was allowed that this was not to be considered permanent and that when conditions were stabilized the city could ask for a return to the old five-cent rate.

Many of the aldermen consider that the B.C.E.R. is now in better condition to revert to the five-cent rate than it was three years ago, and it is possible that this will be one of the matters up for revision some time in the next few months.

## MICE AS SMALL AS BEES ARE IN ZOO

LONDON, Mar. 20. — The smallest animals at the London Zoo are a family of pigmy mice, which arrived recently from Gambria, in western Africa. They are smaller than bumble bees, and a pair could easily set up housekeeping in an ordinary safety match box. While the pigmies were being shipped to London 15 of them escaped through a hole smaller than might be made by a slate pencil, and none of them was ever seen again.

## RADIO EARPHONES IN LONDON HOTEL ROOMS

LONDON, Mar. 20.—One of the few London hotels which still retains an old world atmosphere has recently been modernized in so far as radio is concerned as head sets for listening-in have been installed in every room in the house.

In the summer 80 to 90 per cent of the patronage of this hotel is made up of American travellers. Until a few years ago, when the hotel was sold, it had belonged to members of one family for nearly 80 years.

**TRAINS OF SPAGHETTI**

WARRINGTON, Eng., Mar. 19. —Thomas Corcoran, an employe in a soap works here, believes in punctuality and devotion to duty. During his 50 years' employment at the works he had not lost a single minute of time. The reason he gave for never being late was that he always went to bed early, and had a good night's rest.

**LIVERPOOL GROWS SOBER**

LIVERPOOL, Mar. 19.— The inhabitants of this city are not consuming as much liquor as in 1920 or else they are taking it more wisely. At the recent annual session of the licensing committee Chairman Joseph Hunter said convictions for drunkenness in 1924 were 4,434 as against 8,506 in 1920. The healthier condition of things was due in a great measure to the action of the bench and the supervision of the police.

**SITS FOR PICTURE**
