Agha Khan's Tulyar Wins At St. Leger

DONCASTER (CP)—Tulyar, Aga Khan's three-year-old colt today won the 176th running of St. Leger, the last of 1952 British classic races.

Earlier in the year, Tulyar won the English Derby on the rolling Epsom Down track.

Ridden by jockey Charlie Smirke, Tulyar, favorite at 10-1 odds, breezed home with a three-length margin over Kingsfold, 66 to 1 Longshot. Frenchman Marcel Boussac's Alcino, 100 to 6 shot, was third, another four lengths back.

The race was over a distance of one mile, six furlongs and 132 yards.

The Queen travelled south from her holiday at Balmoral Castle in Scotland to see the race in which her colt Gay Time never had a chance of beating Aga Khan's speeder.

MONTREAL — Miss Mathilda Dupuis of Montreal today won the \$44,000 sweepstakes first prize by Tulyar's victory in running of St. Leger.

Fishermen Reject 7-Cent Offer By Companies For Fall Salmon

VANCOUVER—A special meeting of salmon fishermen Friday approved the union representative's action in rejecting a seven-cent offer for all chums. There was no vote on the operators' new proposal.

George North, union spokesman, said the negotiating committee reported on its activities and a meeting decided the offer was "not worth voting on."

"Members will not vote unless they get a reasonable offer," North reported.

Companies suggested minimum prices of seven cents per pound in Johnstone Straits and Fraser River, six cents in the Central-Northern area and 5½ cents in the Queen Charlotte region.

Previous offer was 5½ cents with further discussion "when the market clarifies." The union is holding out for last year's price of 11 cents, nine cents and eight cents.

Officials of United Fishermen and Allied Workers Union will meet the Provincial Cabinet on Tuesday to discuss marketing problems.

A statement from the B.C. Association said the strike will not achieve the union aim of higher prices for fall chums.

"The only thing that will bring that about is a change in the market situation," it said.

"Union officials know the companies cannot pay last year's prices and yet they have adamantly refused to suggest anything lower."

Cruise Ship Crash Affects Army, RCAF

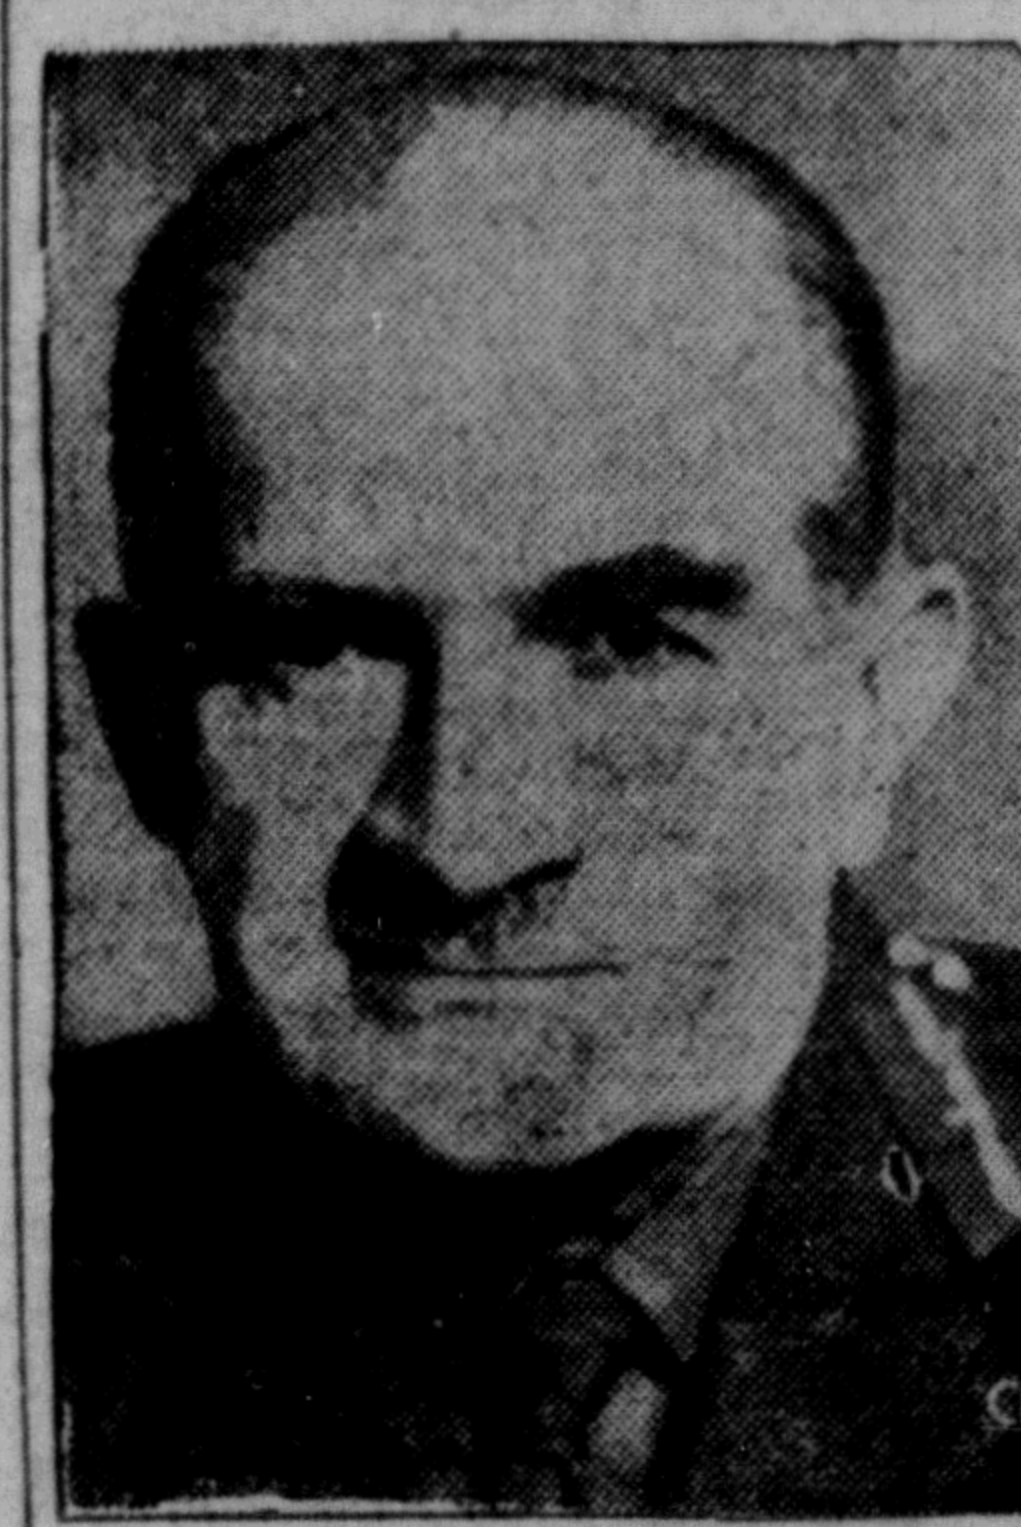

EDMONTON (CP)—The Canadian Army had a major supply problem on its hands this week after the Canadian Pacific Steamship Princess Kathleen sank off the coast of Alaska Sunday.

Aboard the ship were 35 tons of foodstuffs destined for Whitehorse, Y.T., to supply Army and Air Force installations in that area. Of this, 20 tons were urgently needed for issue by Sept. 18.

New supplies had to be gathered and inspected at Edmonton and a civilian truck transport hastily arranged.

Approximately 30 hours after Western Command headquarters in Edmonton had received word of the original supplies being lost with the Princess Kathleen, 20 tons of foodstuffs needed immediately had left Edmonton for Whitehorse.

Two trucks, each carrying 10 tons of supplies pulled out from Edmonton Thursday for the 1,200-mile haul of the Alaska Highway. They expected to reach Whitehorse Monday.

Superforts Re-Bomb Shuiho Plant

SEOUL (CP)—United States B-29 superfortresses last night and early today hammered the Communists' partly repaired Shuiho power plant, the largest in Asia, in the first of two Allied air blows at the doorstep of Manchuria and Russian Siberia.

At dawn, planes from the U.S. Navy carriers Bonhomme, Richard and Princeton struck a troop-concentration centre at Hoeryong, 1½ miles from Manchuria and 41 miles west of Siberia.

The raid on Shuiho, 3,000 feet south of Communist Manchuria, was the northernmost penetration of the Korean war by the giant bombers.

They hurled 350 tons of explosives on installations undergoing repair from the massive Allied fighter-bomber raid in June.

The Navy said eight barracks buildings were destroyed and 22 damaged at Hoeryong where reconnaissance pilots earlier this week had spotted baggage of incoming troops.
