PRINCE CHARLES "PRETTY SHIP"

With Clipper Bow and Yacht-like Lines, is New Type in Coast Boats

The new C.N.R. steamer Prince Charles, formerly St. Margaret, which arrived on the coast last week and which is due here this month relieving the Prince John on the Queen Charlotte Island service, is a new type in coast boats. She has a clipper bow decked with a golden figurehead and yacht like rakish masts and funnel.

About 265 feet long and with a forty-foot beam, the new steamer has accommodation for 100 passengers and 100 tons of freight. Her average speed is twelve knots.

The Vancouver Sun carried a picture of the Prince Charles last Thursday.

CHANGES MADE IN MOTOR ACT

No Ladies' Pictures Must be Stuck to Upper Portion of Windshield Hereafter

Some changes have been made in the motor regulations. One provides that every motor cycle shall be equipped with a reflector or lamp mounted on the rear capable of reflecting or displaying a red light towards the rear and such lamp shall be kept lighted during the period from one half hour after sunset to one half-hour before sunrise.

It is provided that no motor vehicle shall use a signal similar to that used by the provincial police force.

Devices allowed for signalling are W.S.W. Auto signal, Mitchell safety signal, Universal signal system, Gordon signal, and Mellis hand signal.

Nothing is allowed to be stuck to the upper half of the windshield or to the rear window of a motor vehicle.

NO NEED FOR MORE LABOR

Plenty of Men Here Now to Handle all Work at Present Offering

While there is more local work in the city going on at the present time through the mill reopening, elevator building, city street work, etc. than there has been for a long time, the provincial labor bureau emphasizes the statement that there are plenty of men here to meet requirements and there is no call for further people to come here seeking employment. There are very few permanent residents of the city without work but there are about 100 men registered as seeking jobs. The most of these have come in from the south and prairies and there are a number of loggers among them. The movement of men to the city still continues despite warnings that have been issued that there may be no work for them.

CHAPMAN WAS DARING BANDIT

Escaped Number of Times After Engaging in Many Holdups in States

NEW YORK, Apl. 6.—Gerald Chapman, who Saturday was sentenced to hang on June 1, often called a modern Jesse James, first gained notoriety in his daring leadership of the sensational $2,400,000 holdup of a government mail truck on lower Broadway in October, 1921.

Chapman and his band had watched the downtown post office for weeks. Learning of a rich shipment of registered mail, they followed the selected mail truck in an automobile when it started to the general post office uptown just before daybreak. Drawing alongside, they crowded the truck to the curb. With both vehicles still moving, Chapman boarded the government van and covered the driver with a pistol. Then the robbers turned the truck into Leonard Street and removed its wealth of cash and securities at their leisure.

Chapman was traced and caught a few months later in fashionable Gramercy Park where he was found living in a luxurious apartment.

During his subsequent grilling on an upper floor of the Federal building, he suddenly disappeared through an open window while his captors' backs were turned. He was cornered after crawling along a narrow ledge, high above Broadway and opposite the Woolworth building. He had nearly reached a window in another office farther down which would likely have led to freedom.

Made Get-Away

Chapman and George R. ("Dutch") Anderson, an accomplice, were sentenced for the mail robbery in August, 1922, both receiving 25-year terms in the Federal penitentiary at Atlanta, Georgia. Both afterwards escaped. Anderson is still at large.

Chapman made his own first successful dash in March, 1923. He was re-captured two days later, bleeding from various wounds, and placed in a hospital in Athens, Ga. Within a month, and still in the care of the surgeons, he escaped mysteriously a second time. For months he eluded a nation-wide search in which some of the best man-trackers in the country took his trail. Various crimes and "jobs" meanwhile, which apparently could not be otherwise explained, were put down as: "It's Chapman." Almost invariably, however, they proved to have been done by someone else.

Escaped Again

Patrolman James Skelly of New Britain, Conn., was slain when he surprised two safe blowers in a department store Sunday morning, October 10, 1924. He fell under the bullets of one yegg who shot his way out. The other was caught and proved to be Walter E. Shean, son of a Springfield, Mass., hotel owner. Shean and Chapman was the man who got away.

Three months later, January 18 last, Chapman was finally run to earth in Muncie, Ind., by postal agents who had never relaxed their two-year hunt. He was taken back to Atlanta, but was later brought to Connecticut for trial for the Skelly killing.

John Smith arrived in the city from Smithers this morning to take up his duties as stenographer in the local office of the provincial police.

AN INACTIVE LIVER IS THE CAUSE OF CONSTIPATION

When your liver gets sluggish and inactive your whole health suffers.

Your bowels become constipated; you have sick and bilious headaches; your tongue coated and furry; your breath bad; specks float before your eyes, and often you feel as if you were going to faint, especially if in a crowded place where there is little or no ventilation.

When in this condition there is only one thing to do, and that is to take

MILBURN'S LAXA-LIVER PILLS

They will stimulate the sluggish liver so that it will regulate the flow of bile to act properly on the bowels, and thus clear away all the poisonous matter that is responsible for all your liver troubles.

POWER BOAT'S GREAT SPEED

Between Eighty and Ninety Miles Made by Racer

DETROIT, Apl. 6.—The greatest speed test of all time, so far as power boats are concerned, is anticipated when Commodore Gar Wood and a French driver, as yet unnamed, match skill and craft on the Detroit river for the Harmsworth trophy. When the trophy last was defended Wood was prepared to show a speed of between 85 and 90 miles an hour. The speed was not necessary, however, for his opponent met with mishap and sank before the race was completed.

That was in 1921, and Wood's Miss America II., which had developed more than 80 miles an hour in official trials, never has raced since. A new craft of the hydroplane type, powered as was Miss America II., with Four Liberty motors of 12 cylinders each, probably will be built for Wood to defend the "B.I.T." as the Harmsworth officially is designated.

Since the deed of gift covering the gold cup trophy has been revised to limit competition to craft of the runabout type, the British International trophy is the only remaining event that gives free rein to contestants seeking speed records. The gold cup went back last fall for the first time since 1915.

Sport Chat

With considerable improvements to be effected at the Park Avenue range and competition with outside teams in prospect for later in the season, the Prince Rupert Gun Club is looking forward to an active and enthusiastic trapshooting season. This will be the third year that the club has been in active operation. The past two seasons have been thoroughly enjoyed by the members who are on the increase. It is expected that some trophies will be put up this year to further stimulate the interest in the sport.

The twenty-seventh annual congress of the Canadian Whist League will take place in Toronto from Thursday to Friday of this week. The tournaments will consist both of whist and bridge and there will be an international bridge game open to the entire world for teams of four players. Gold medals will be presented to the winners. Among the cities to be represented at this congress will be Toronto, Hamilton, London (Ont.), Woodstock, Collingwood, Montreal, Cleveland, New York, Hartford, Detroit, Springfield, Chicago. As far as the congress is concerned, interest in whist has been flagging in recent years, giving way to bridge.

Delayed slightly through having made an extra call at Claxton in the Skeena River, Union steamer Cardena, Capt. A. E. Dickson, arrived from the south at 5 o'clock yesterday afternoon, sailing at 8 for Anyox, Alice Arm and Stewart. Among her passengers, the Cardena had the following: for Prince Rupert — James Spiers, Mr. Johansen, J. Rimell, Alex Yule, Mr. and Mrs. H. Mochida and family, E. Carson, A. Richmond, N. E. Hyman; for Arrandale, Mr. and Mrs. W. E. Walker and family, Hans Christopherson, H. Ruffell, Mr. Smith, George Lands, A. Rowan, F. Rowan, D. Fletcher, L. Williams and Mr. Fotheringham; for Stewart—Mr. Hamilton, Mr. and Mrs. F. E. Ward, P. A. Cluck and A. Gibbons; for Anyox—James Kerr, Dr. Keeley and Miss N. Wilson.

At the end of washday—

how old do you feel?

—And a few years of this tiring toil will make you actually as old in appearance as one day's work now makes you feel.

Keep your youth by using our Thrif-T-service. Its cost is very slight, yet your entire bundle will be washed carefully, the flat work will be ironed, and just the wearing apparel left for you to finish. And this comes back to you damp, ready to starch and iron or hang on the line.

May we send for your bundle—next washday?
