FOUR HUNDRED MILLION LEFT

Americans worth Huge Sum to Europe as They are Good Spenders

HAMBURG, Feb. 19. — More than 200,000 Americans visited Europe during the year 1924, it is estimated by the Hotel Proprietors' Federation, and each traveller spent, on an average, the sum of \$2,000. This means that a golden trail of some \$400,000,000 was left behind by these visitors from across the Atlantic, and mostly in England, Switzerland, and Italy.

Swiss tourist business around the Lake of the Four Cantons has almost reached pre-war dimensions, according to a circular issued by the Lucerne Cantonal Bank. There was an increase of 22 per cent in 1924 over the number of guests registered in 1923. The bulk of the business was furnished by tourists from England.

WALKED THE FLOOR FOR HOURS NERVES WERE SO BAD

Wherever there are people who are troubled with deranged nerves they will find in Milburn's Heart and Nerve Pills a remedy that will restore the equilibrium of these deranged centres and bring back the shattered nervous system to a perfect condition.

Mrs. W. W. Anthonie, Woodroffe, Ont., writes: "After having a severe attack of bronchitis I was left in a very weak, run-down condition; my nerves were all broken up; could not sleep at night, and would have to get out of bed and walk the floor for hours."

"After using a box of

MILBURN'S HEART AND NERVE PILLS

I began to feel much better, and after taking a few more boxes I could enjoy my rest as well as I ever did. I always recommend them to all my friends."

salmon on the market, the Chamber of Commerce learns.

A request received from the British Columbia branch has been placed before the executive council. It asks for the support of the association to induce the British Government to pass legislation requiring that all tins of canned salmon imported into the United Kingdom to be clearly marked on the tin and on each wrapper the name of the country of origin. This provision is desired because jobbers in the United Kingdom buy salmon from a number of other countries and label the tins after they arrive in the United Kingdom. The result is that consumers are buying canned salmon in the belief that it is Canadian while it has been produced in other countries, and in many cases is inferior to the Canadian product.

FISHING BOAT STAR GIVEN UP

Craft Which Recently Arrived from Seattle is Surrendered Following Action Being Taken

Proceedings against the vessel having been instituted in the Admiralty Court on the grounds of an unfulfilled agreement of sale and a warrant having been about to be taken out for its arrest, the American fishing boat Star has been voluntarily turned over by Thomas A. Miller, who recently brought it up the coast single-handed from Seattle, to E. F. Jones, local solicitor, representing the plaintiffs in the action, Edward E. Johnson and Harold Anderson of Tacoma.

According to the claim of the plaintiffs, a conditional sale of the Star was made by them to Miller. The sum of \$1500 was involved in the deal, the first payment of \$1500 having been made on October 5, 1923. The second payment of \$500 was to have been made on April 5, 1924, and the third \$1500, on October 5, 1924. Neither these payments nor interest were met by the defendant and, on January 27, 1925, the plaintiffs demanded possession. Defendant, it is claimed, agreed to turn the boat over but, instead, took the vessel to Seattle and from there cleared with it for Prince Rupert. Then the action was started by the plaintiffs.

With the defendant giving up the vessel, it will be unnecessary to pursue further court action. The owners will arrive here shortly to take charge of the boat.
