ANNUAL CHURCH MEETING HELD

Successful Year was Reviewed by Presbyterians Last Night —Usual Congregational Dinner

The year 1924 was a very successful and prosperous one as far as the local Presbyterian Church was concerned, the feature of the congregation's activities, of course, having been the successful conclusion of the project launched a year ago which has now resulted in the erection of the handsome new edifice on D. C. McRae to the choir and its nual meeting of the congregation was held last night in the church basement and the flourishing condition of the church was reflected in the various reports covering the year. The meeting was preceded by the usual congregational supper, arrangements for which were carried out with the usual success by the Ladies' Aid of which Mrs. Joe Greer is president. The pastor, Rev. Dr. H. R. Grant, presided, and there was a large attendance.

The report for the Sunday School was read by the superintendent, Howard White. Mrs. Joe Greer, president, and Mrs. George Rorie, treasurer, reported for the Ladies' Aid. George Munro, chairman, submitted the report of the board of managers and George Rorie, treasurer, reported on the church's financial condition.

Votes of thanks were moved by Fourth Avenue East. The anleader, Mrs. S. Darton, and organist, Mrs. R. A. Harlow; by Joe. Greer to the Sunday School superintendent and teachers, and by George Rorie to the Ladies Aid. A vote of confidence in the pastor, Rev. Dr. H. R. Grant was moved by Thomas McClymont and carried with enthusiasm, the gathering rising and singing for "He's a Jolly Good Fellow."

Jarvis McLeod, John Currie and Sam Massey were elected to the board of managers and three members were added to the session in the persons of J. W. McKinley, J. L. Christie and W. L. Sandison.

FOUGHT WAY TO SEE WEDDING OF DWARFS

Mob of Uninvited Guests Invade Church of Holy Trinity, Weymouth

WEYMOUTH, Feb. 20.—There was such a mob of uninvited guests at the recent wedding here of Miss Eliza Victoria Walbridge and Alfred Goodwin, dwarfs, and such a buzz of whispers among the throng that the noise became extremely embarrassing to the clergyman performing the ceremony. He had to call for silence five times and threatened to order everyone from the church excepting those of the bridal party.

Miss Walbridge is but three feet two inches in height while the bridegroom stood but three feet seven inches in his wedding slippers. The heads of the couple did not come up to the altar rails in Holy Trinity Church and nearly everyone of the spectators stood on the seats with the hopes of getting a glimpse of the little man and his bride.

Hundreds fought their way foward the altar, while the crowd outside held up traffic for an hour or so and extra police had to be called to remedy the situation. The bride wore white satin and the bridegroom was dressed in a frock coat and carried a top hat. They were followed by a page and two bridesmaids, none of whom were dwarfs.

LEAGUE MAY TACKLE DIFFICULT TASK OF MUNITIONS CONTROL

GENEVA, Feb. 19.— Whether an international convention to control the private manufacture of arms is feasible and realizable at the present time is being discussed at Geneva by the League of Nations reconstructed disarmament commission, which is officially known as the committee on co-ordination.

The last assembly of the league requested the council to prepare a draft of an international convention for the private manufacture of arms, munitions and war material, which would serve as the basis of a later international conference. At its Rome session in December the council asked the co-ordination committee to take up this matter in February, and decide whether to invite the United States immediately to take part in the preliminaries. Article 23 of the covenant entrusts the league with the general control of the traffic in arms and munitions between countries where such control is essential in the common interest.

AMERICAN WORKMEN MORE EFFICIENT AS RESULT PROHIBITION

CARDIFF, Feb. 20.—Prohibition has increased the efficiency of Aemrican workmen by 20 per cent., says a report by Sim and Coventry, Ltd., tinplate manufacturers, on the state of the Welsh tinplate market in 1924. The report adds that this factor must be taken into consideration if it ever comes to clear-cut competition between the American and British tin plate workers.

"It is fashionable in some quarters to laugh at prohibition," the report continues, "but this calculation seems to suggest that, rather than a laughing matter, it is a factor of very real importance."

RECEIVING SETS ARE LICENSED TO PAY FOR BETTER BROADCASTING

That is Custom in Parts of Europe: Some Countries Very Backward

NEW YORK, Feb. 19. — The United States leads the world in radio development but Europe, though still hampered by governmental restrictions, is beginning to "tune in," according to E. A. Brofos, European manager of the International Western Electric Company, who recently returned to this country.

"England is the only country which compares with the United States," Mr. Brofos said. "Germany, with 13 stations, is progressing rapidly. Czechoslovakia sees the radio as a means of establishing Prague as one of the outstanding musical and cultural centers of the world. The plan is to broadcast the national opera. Other countries are also considering musical programs to knit the national spirit and to advance culture."

Installation of receiving sets is still illegal throughout continental Europe generally, but outlaw listening is being practiced on a wide scale, Mr. Brofos continued. "The freedom with which the governmental regulations are being ignored, he said, indicated a trend of policy which foreasts acceptance of broadcasting on a systematic plan.

OIL PRODUCTION IN CALIFORNIA DROPS

SAN FRANCISCO, Feb. 18. — The production of oil in California during the last year was 230,045,000 barrels, 33,683,895 barrels less than in the previous year, according to a statement issued by the state mining bureau.

The heaviest decline was in the southern California fields. This was partly offset by increases in the San Joaquin Valley and elsewhere, both from new wells and from wells which had been shut down or curtailed in 1923 owing to the temporary overproduction.

Wash That Itch Away

There is absolutely no sufferer from eczema who ever used this soothing wash, and did not feel immediately that wonderfully calm, cool sensation that comes when the itch is taken away. It penetrates the pores, gives instant relief from the most distressing skin diseases.

Sport Chat

While only three of the five games in the second division billiard tournament last night between the Grotto and Great War Veterans were played, it looks as if any lingering chances the tobacconists may have had for championship honors have now gone aglimmering. The Vets won all the three games, the individual scores being as follows:

J. Hillman (Grotto) 87; Dr. West (Vets) 150.

S. Suga, 114; C. L. Youngman, 150.

J. McDougall, 136; T. Black, 150.

The game between Joe Beesley and E. Fenelon will be played today and that between W. J. Nelson and Bert Wearmouth tomorrow.

Wayne Munn looks like a comer as a heavyweight wrestler. He loomed prominently before the public eye a couple of weeks ago when he defeated Stanislaus Zybzsko, former world's champion. Now he has created a second sensation by easily disposing of Mike Romano who gave Strangler Lewis, the champion, so much trouble to defeat. A meeting between Munn and Lewis for the title is now on the cards and there are a good many fans of the mat game who are looking for its ownership to fall into the hands of the new man.

Jake Scheaffer, jr., is considered the leader of the world's billiard players. At least, Willie Hoppe says so, and Willie Hoppe, for many years balk-line champion, should know. Hoppe puts Scheaffer at the head of his list of ten "Moderns." Welker Cochran, of California, he puts second, and Roger Conti, of France, third, the others are in rotation: 4, Edouard Horemans, Belgium; 5, Erich Hagenlacher, Germany; 6, Ora Morningstar, California; 7, Felix Grange, France; 8, Edmond Derbier, France; 9, George Sutton, Chicago; 10, George Slosson, Boston. He has a "Ten for all Time" also, and in this again he put young Jake Scheaffer at the head, but he makes Frank Ives second, and old Jake Scheaffer, the father to the present wonder, third. The other men on the list follow each in his place: 4, Maurice Vignaux, France; 5, George Sutton, Chicago; 6, Welker Cochran, Los Angeles; 7, M. Cassignol, France; 8, Roger Conti, France; 9, George Slosson, Boston; 10, M. Fournil, France.
