D. D. Munro of the Land Settlement Board with headquarters at Telkwa returned on the Prince George this morning from a trip south.

For all washing and cleaning you can't beat this soap -"

says Mrs. Experience, who chooses soap for its economy and laboursaving value.

"Sunlight puts the sunshine of cleanliness into the home! For washing clothes, dishes, wood-work, linoleums, in fact, for anything that can be cleaned with soap and water - I call on Sunlight. And Sunlight does its work so well and leaves everything sweet and clean.

"Sunlight really is economical, too! You see, every bit of it is pure, cleansing soap, containing no filling or hardening materials, which are only waste as far as we women are concerned.

"You get greater cleaning value out of a pure laundry soap-and so I say, 'Always keep a good supply of Sunlight on hand'. It really improves with age. And because of its purity, Sunlight is kind to your hands and keeps them smooth and comfortable." Sunlight is made by Lever Brothers Limited, Toronto.
