URGES ALASKANS TO CO-OPERATE

Editor of Daily News Writes Editorial for Ketchikan-Alaska Chronicle

MAY HELP EACH OTHER

Many Points of Agreement Though Differences on Some Questions

Monday's edition of the Ketchikan Alaska Chronicle contains a front page signed editorial article by H. F. Pullen, editor of the Prince Rupert Daily News, entitled "Ketchikan and Prince Rupert," which follows:

Several Prince Rupert business men have been in Ketchikan for the past few days. Primarily they came here to attend a Rotary function which takes place here tonight but another reason for their coming was to try to help cultivate a spirit of co-operation between the neighboring cities.

There will always be rivalry between Canada's most northerly seaport and the First City of Alaska and there will be differences of opinion, the result largely of selfish motives. We cannot get away from human nature. On the other hand there are so many questions on which we agree and so many ways in which we may help each other and at the same time benefit ourselves that it will pay us to get together and form much closer associations in the future than we have done in the past.

Really Same People

There is the international boundary line which divides us but there is the fact that we are really the same people and that should unite us.

There is no real difference between an American and a Canadian. We speak the same language, have similar customs, amusements, business ethics, aims and aspirations.

Canada has a transportation system that is of some benefit to Alaska. Alaska has many products that could be shipped by the Canadian route with benefit to her. The Alaskan people, like Canadian people, are somewhat isolated from the rest of the world and they have to fight their way. If they can benefit themselves by making use of Canadian facilities and at the same time benefit Canada, their interests and ours will be one.

Mutual Helpfulness

Here is an instance where there might be mutual helpfulness. Today Ketchikan has a lumber mill which is helping to build up this city. At present the product is practically all consumed locally. The time is bound to come, however, when a foreign market will have to take some of the cut. If this does not occur, there will be other

TENDERS FOR GRAIN ELEVATOR AT PRINCE RUPERT, B.C.

Notice to Contractors

SEALED TENDERS for the construction of a reinforced concrete grain elevator with timber deck-galleries superstructure, with timber deck-galleries and warehouse, will be received at Ottawa, Ontario, until noon of Monday, May 18th, 1925.

Tenders should be sent in an opaque sealed envelope and addressed to Mr. F. C. Howe, Deputy Minister, Department of Trade and Commerce, Ottawa.

A lump sum for the work is desired.

An accepted lump sum of \$150,000.00 made payable to the Minister of Trade and Commerce must accompany each tender which sum will be forfeited if the tendering declines to enter into a contract for the work on the terms stated in his for the work. The terms of unsuccessful tenders will be returned. The cheque or draft of the successful tenderer will be retained as security for the due payment of the contract to be entered into, or cheque may be exchanged with equivalent par value of bonds of the Dominion of Canada.

Plans, specifications, and all necessary

information regarding the proposed work may be obtained from D. Howe & Associates, Consulting Engineers, Whalen Building, Port Arthur, Ontario, Deposit of one hundred dollars (\$100.00) is required for plans and specifications, deposit to be returned on return of plans and specifications in good condition.

The lowest or any tender will not necessarily be accepted.

By order,

F. C. T. O'HARA, Deputy Minister, Department of Trade and Commerce, Ottawa, April 9th, 1925.

LAND ACT

In Prince Rupert Land District; District of Prince Rupert.

TAKE NOTICE THAT J. Merrill Des Brisay, of Vancouver, B.C., octopus salmon broker, intends to apply for permission to purchase the following described lands:

Commencing at a post planted $\frac{1}{2}$ mile south of the southeast corner of Lot 670, Range 4, District 10, thence west 20 degrees, thence south to shore line in an easterly direction to point of commencement; containing 40 acres, more or less.

MERRILL DES BRISAY,

Applicant.

Edwin Elroy Barnum, Agent.

Dated April 3rd, 1925.

BEST FOOTBALL SO FAR PLAYED

Sons of England and Callies Met Last Night and Result was Three all Draw

A fair crowd assembled at the Aeropolis Hill grounds last night to watch the Sons of England play to a three all draw in the best football game so far this season. Play was fairly even, particularly in the first half. The Sons of England played a more open game and the Callies hampered their own efforts through the halves and forwards being too crowded.

The Sons of England won the toss and decided to kick up hill, making the two opening scores of the game through Johnson, first on a cross from the left and second on a cross from the right. Dave Scott opened the score for the Callies and at half time the tally was 2 to 1.

Early in the second half, Alex Mitchell caught Frizzell napping and put through the equalizer for the Callies. The Sons made their third when Johnson took a penalty shot. Soon after they were awarded another penalty but Johnson missed this one. The tying goal was scored for the Callies by Scott a few minutes before time.

About ten minutes after the opening of the game, Farquhar was ordered off the field by the referee.

The Line-ups

The teams lined up as follows:

Sons of England — Douglas Frizzell; Dick Howe and George Kelsey; Percy Cameron, Arthur Bales and G. P. Tinker; F. Hodgkinson, H. Hanson, J. Johnson, A. E. Dickens and James Farquhar.

Callies — W. Hamilton; H. Hamilton and J. Sims; J. Harris, S. Currie and R. Woods; A. Mitchell, R. McDougall, D. Scott, W. Mitchell and J. Andrews. George S. Russell refereed and the linesmen were Alex Holberg and Charles Whatman.

Standing to Date

The standing to date for the Stuart Shield is as follows:

	W. D. L. Pts.
Callies	1 .1 0 3
S. of E.	0 2 0 2
G. W. V. A.	0 1 1 1

Sport Chat

The first game of the recently organized Junior Football League will take place on Saturday afternoon at 2:30 at Aeropolis Hill grounds, Booth and Borden Street teams being the contending aggregations. Thanks to the efforts of some energetic organizers, the school league will be able to start the season with pretty fair equipment and will blossom out in new sweaters, etc. Three teams are entered in the league—Booth, Borden and High Schools—and games will take place every Saturday afternoon. There will be a charge of ten cents for adults and children, will be admitted free, the proceeds to go towards the purchase of equipment for the teams. Not only from the standpoint of encouraging the youngsters but also because they have the ability to put up good interesting games of soccer, the public would be justified in attending the matches.

We wish you all possible success and trust to see Ketchikan a great city some day.

Admire Pluck

We have enjoyed having Ketchikan visitors in Prince Rupert and members of the Prince Rupert delegation now here cannot speak too highly of the reception that has been given them. We are learning much from our visit to your city and possibly you may learn something from us if it is only what not to do.

We admire the pluck and enterprise shown here. We are enthused by the optimism of the people and encouraged by their faith.

They have had great difficulties to overcome but have faced them with courage and in many cases have overcome the difficulties which have presented themselves.

We wish you all possible success and trust to see Ketchikan a great city some day.

At the annual meeting of the Anoxo Rifle Association, which was held last week, officers for the year were elected as follows:

Honorary president, J. B. Halford.

President, L. F. Champion.

Secretary treasurer, G. E. lace.

Range captain, George Warwick.

Executive—J. Pottinger, D. Cavalier and the officers.

President Champion offered three buttons to be offered for highest scores to be shot for weekly—gold, silver and bronze

and the retiring president, J. J. Beckett, offered three other medals for the three highest averages covering a given number of weekly competitions.

Ladies shoot with the men in the Anoxo Association.

Some wonderful fish stories emanate from the Burns Lake district. While they may be a little exaggerated, they at least indicate that the angling is good around that part of the world. Nearly everyone around Burns Lake was out fishing last Sunday. It is stated that a number of young persons who started out in a Ford truck met with such success that they had to walk home because there was not room on the truck for both the fish and the original occupants. From Endako comes an even stranger yarn. It appears that a lady and a man were fishing in the same stream when both got a bite and, on hauling in the lines, discovered that a large trout had taken both hooks. With usual masculine selfishness, the man claimed the fish and took it home.

Vanderhoof is getting well organized for the forthcoming sport season. The baseball club has elected officers as follows: president, J. B. Armishaw;

commandant—Col. Douglas R.

THE DAILY NEWS

NO MORE FOOLING

NOWHERE did Abraham Lincoln show his shrewdness of judgment to better effect than in that famous utterance which ended, "You can't fool all the people all the time."

In the past, there were a few misguided advertisers who thought they could sell their wares better by misrepresentation. But those advertisers have long since gone out of business or mended their ways. Hard experience taught that Lincoln was right. Untruthful advertising doesn't pay.

Other advertisers proved that the only way to advertise successfully, make regular customers and build up public good-will was to tell the absolute truth about their goods.

So, you can be sure that every consistently advertised product is good. The advertising test has proved it. The very fact that it is advertised is your best warranty of satisfaction and true quality.

The concern that tells you frankly what it is doing is a good concern with which to do business. That is why it pays to read the advertisements, to patronize advertisers, and to buy advertized merchandise.

It's mighty good business

vice-president, Thomas Mitchell; secretary, Stuart E. Dally; manager, Warren Johnson. The football club chose its officers as follows: president, E. F. W. Heath; vice-president, Owen Burdette; secretary, Don Mitchell. Preparations are under way for the celebration of Victoria Day at Vanderhoof and the hockey interests of the town are already taking steps towards the establishment of a new skating rink next winter.

At the annual meeting of the Anoxo Rifle Association, which was held last week, officers for the year were elected as follows:

Honorary president, J. B. Halford.

President, L. F. Champion.

Secretary treasurer, G. E. lace.

Range captain, George Warwick.

Executive—J. Pottinger, D. Cavalier and the officers.

President Champion offered three buttons to be offered for highest scores to be shot for weekly—gold, silver and bronze

and the retiring president, J. J. Beckett, offered three other medals for the three highest averages covering a given number of weekly competitions.
