Before Art Easson left he was given a little sendoff by his co-workers at the Royal Bank. About four o'clock before the staff dispersed they presented him with a set of four brushes. Miss Mary Carter, as having been in the employ of the bank longest, made the presentation in a neat little speech and Mr. Easson suitably replied.

Here and There

The following apt comment on the careless motorist and his ultimate fate comes from the Boston Transcript:
 "If a freight train at a crossing
 "Hits an auto fair and square
 "There's the freight train—Where's the auto?
 "Echo answers 'Where?'"

Trees at the rate of 20,000 a day have been planted by farmers in Western Canada during the last 20 years, according to a report of the Federal Department of Agriculture. A total of 150,000,000 young trees, the report shows, has been distributed to farmers in that section in 1905.
 Canada has entered into negotiations with Germany for a trade agreement which will give her the benefit of the most favored nations agreement. Exports to that country very nearly doubled during 1924 and at the close of the year Germany was practically in the position of being Canada's third best customer.
 A co-operative shipment of poultry to New York City, encouraged and handled by the Dominion Poultry Service, Alberta branch, brought good results. The shipment consisted of two refrigerator carloads of turkeys and the shippers received 25 cents a pound for their birds, the New York selling price being 41 cents a pound.

Among the interesting books of the season is "Canada's Great Highway; from the First Stake to the Last Spike," by J. H. E. Secretan, C.E., (published by Thorburn and Abbott, Ottawa). Dealing with the early history of the Canadian Pacific Railway, the volume contains racy reminiscences of life in construction days as experienced by the author, who was a member of the company's engineering staff.

Sailing from New York on January 14, the "Empress of France," palatial Canadian Pacific steamship, began her "round-the-world cruise, which is to last 130 days. The vessel was gallily decked with flags and filled with happy passengers eager to enjoy the experience of a lifetime. F. L. Wanklyn and Mrs. Wanklyn, were among those on board. Mr. Wanklyn recently retired from his position as executive assistant of the Canadian Pacific Railway.
 The most novel Christmas card handled by the Montreal post office this year was one prepared for the redoubtable Colonel George Ham, of the Canadian Pacific Railway, by a number of internationally known newspaper artists, creators of famous comic strip characters. In the centre of the card is a photo of the Colonel, while grouped around him, commenting on his good qualities, are signed drawings of Pa Perkins, Tillie the Toiler and Mac, Barney Google and Spark Plug, Our Gang and Dumb Dora. Colonel Ham is naturally very proud of the card.

Union steamer Chilkoot, Capt. Williams, was in port yesterday afternoon discharging lumber at the Big Bay wharf. The vessel proceeded to the Naas River to unload cannery supplies and is expected back here tomorrow southbound.

CITY OF PRINCE RUPERT

Take notice that Sixth Avenue, from McBride Street to Hays Cove Circle will be closed for three weeks, commencing March 16. Residents are requested to get in their supply of coal, etc., before that date.

"For economy's sake I buy a supply and let it age"

—says Mrs. Experience, speaking of the economical use of soap.

"I always keep a good supply of Sunlight Soap on the shelf because I find that Sunlight actually improves with age. It becomes harder and so goes much further.
 "With this added economy of lasting longer, I've learned that Sunlight is by far the most economical soap I can buy. The reason is that every particle of Sunlight is pure, cleansing soap—a little of it does a lot of work. Sunlight, you know, is guaranteed to contain no injurious chemicals or harsh filling materials to make the bar large and hard. These filling materials, of course, are just so much waste as far as cleaning goes.
 "To any woman who wants to get real cleaning value out of a soap for her money, I decidedly say, 'Use Sunlight,' and keep a good supply on the shelf." Sunlight is made by Lever Brothers Limited, largest soap-makers in the world.
