SERVICE NOT SERVITUDE
Has it ever occurred to you that the multitude of "Household Helps" offered for sale are of themselves lifeless and incapable of service unless controlled and directed by the already overburdened housewife.
Laundry service alone is alive, vital, imposing no new obligations, and asking nothing but your friendly disposition, to change servitude into service.

BRINGING UP FATHER

CLOSE CALL FOR BISHOP

Head of Russian Church in Alaska Almost Trapped by Bolsheviki

JUNEAU, Jan. 6.—Bishop Amphilohy of the Russian Church in Alaska who was recently consecated to that position came near to being trapped by the Bolsheviki and imprisoned as a spy. He set out from Alaska for Moscow where he was to be consecrated by Patriarch Tikhon, the authorities having expressed a willingness to allow him to carry out his plans.

On arrival at Riga, Father Amphilohy found that the Soviet officials had been trying to entice him into their hands, intending to arrest him on a charge of espionage. He waited at Riga for the Patriarch to visit that place but as he did not come the Father proceeded to New York and was consecrated by Metropolitan Platon

The Bishop is now at Sitka. His service in Alaska is exceeded in length only by Father Kashevaroff.

REFORESTATION IN CANADA IS URGED

Ottawa Citizen Comments on Situation After Referring to Progress in United States

Twelve states in the American Union prohibited hunting during the fall of 1924. The object of this action was twofold— to reduce the forest fire hazard, and to protect the game. But the prevention of forest fires was the foremost aim of the prohibition says the Ottawa Citizen in a recent editorial.

This is indicative of the trend of events in regard to forest conservation in the United States. The nation has become aware of the fact that forests are within measureable distance of exhaustion and that unless prompt and adequate steps are taken to replace the timber which has been cut or burned at such a prodigal rate during recent years, there will soon be none to be had.

A recent report shows that conservation and reforestation are much farther advanced in the United States than in Canada. While four times as much timber is cut each year than is reproduced, the work of reforestation has got a good start. There are now 160,000,000 acres of national forests. States have extensive woodland. New York has 2,000,000 acres of state forests, and Pennsylvania 1,000,000 acres, with other states following in line. Even the cities are beginning to acquire their own forests.

Reforestation has begun in Canada, but not on a scale yet where it begins to offset the annual consumption and destruction. It seems incredible that, with the depletion going on at the rate it is in this Dominion, and with the facts in possession of all, no great nation-wide effort has been made to begin reforestation on a grand scale.

NORTH VANCOUVER CITY CLERK FINDS FLAW IN STATUTE

Despite this, Purport of Legislative Amendment will be Followed at Local Election

Ald. Casey pointed at last night's council meeting to a contention that had been advanced by R. F. Archibald, city clerk for North Vancouver, that, in amending the municipal act providing for civic election hours to be from 8 in the morning until 8 at night, the legislature had overlooked to amend the Act applying to the taking of polls on money by-laws and plebiscites and that the hours for such would still be from 9 .m. till 7 p.m.

City Solicitor Jones replied that, in spite of Mr. Archibald's contention he intended to keep the polls open here for money bylaws and plebiscites from 8 to 8. Mayor Newton felt that this was the purport of the amendment that had been made by the legislature.

BERLIN GIRLS BOB EACH OTHER'S HAIR

In Face of Parental Edicts That it Must Not be Done

BERLIN, Jan 6.—Denied permission to have their hair bobbed, high school girls in the downtown section of Berlin have resorted to a novel expedient to bring fulfilment of their desire.

Complaints were made to the police that a supposed "Jack the Ripper" had cut off the hair of a number of girls. An investigation was made and the suspicion of the police was aroused when they learned that in each case the girl had brought home the braid of hair which was supposed to have been cut off by the "Ripper." It did not take long to find that the girls, their parents having refused them permission to have their hair bobbed, snipped off each other's hair.
