"Clothes last longer when washed properly"—

says Mrs. Experience, who tells how to wash them.

"Some women actually rub holes in clothes trying to get them clean with harsh, ordinary laundry soaps, which are only half soap anyway. No wonder they say, 'Washing is so wearing on clothes'.

"The easiest way I've found to wash clothes—easiest on clothes and easiest on myself—is by using Sunlight Soap. No boiling or hard rubbing is needed—the pure Sunlight suds penetrate through and through each fabric, loosening dirt and dissolving grease spots. Then in rinsing, all dirt and soapy matter just runs away.

"And as every bit of Sunlight is pure, cleansing soap, it lathers generously, does not fade anything washable and is far more economical. Sunlight keeps your hands nice and soft. Levers, Toronto make it."
