German Firm Given Contract to Build Station to Supply Cork and Dublin

DUBLIN, Sept. 23 .- The elecgurated by the Free State on the River Shannon will cost in the partial form adopted for its in-Reption approximately \$26,000,-1 000. This includes an additional 15 per cent of the actual cost as interest on the capital during the construction period and the first five years of the working of the scheme. The extension of the scheme as the demand for the supply of electricity continues will bring the total cost to more than \$35,000,000.

While the project was approved in both houses of parliament it was criticized principally because the contract was given making of 100 miles of embank-the opening of the meeting. to the German firm, Siemens-ments, excavaling 5,000,000 Schuckert, without competitive bidding.

all the material will be conveyed, steel masts 65 feet high. expects to greatly benefit from the work and it is estimated that FISHERY PATROL more than 3,000 men, 500 of FISHERY PATROL Dresslengths whom will be semi-skilled, will be employed for about three

Six German engineers, with Flying Officer Hull Will Return about 50 Irish assistant engineers will be in charge of the scheme, which will involve the
