CITY COUNCIL NOT PLEASED

Protest at Refusal of Railway Company to Build Road Between Government and C.N.R. Wharves

A letter from W. H. Toby, C.N.R. superintendent, stating that the city's request for a road between the Government wharf and the C.N.R. dock had been given full consideration by the railway company and it had been found that the traffic over such a road would not warrant the expenditure of $4,500 in building it and therefore the request could not be entertained, failed to find the approval of the city council at last night's meeting and it was decided to make a reply to the railway company setting out emphatically but politely what the city council thought of such an attitude on the part of the railway management.

Ald. Casey declared that it cost the citizens of Prince Rupert a good deal more than $4,500 in a year to make the detour that was necessary to go from one wharf to the other. He thought the letter was a "pretty shabby turndown" and he moved that the city council reply to the railway company stating that it did not view the spirit of the railway company as a fair one and that it still pressed for the building of such a roadway. "Here we are," said Ald. Casey, "all of us trying our best to boost business for the C.N.R. and they turn around and meet us in this way with such a small expenditure involved."

Ald. McKechnie seconded Ald. Casey's motion which Mayor Newton said met entirely with his sentiments. The motion was unanimously carried, it being also decided to remind the railway company of exemption from taxes and other concessions already granted by the city and all the promises on the part of the company that had never materialized.

The Slight Cold Of To-day May Be Serious To-morrow

On the first appearance of a cough or cold, do not neglect it, but get rid of it at once before it has a chance to grow worse and becomes settled on the lungs, for once it does become deep-seated you are going to have a lot of trouble in getting rid of it.

Our advice to you is that on the first sign of a cough or cold you should procure a bottle of

Dr. Wood's Norway Pine Syrup

as by its timely use you may save yourself many years of suffering from some serious bronchial or lung troubles.

"Dr. Wood's" has been on the market for the past 37 years; so you are not experimenting with some new and untried remedy; put up only by The T. Milburn Co., Limited, Toronto, Ont.

HOME AFTER AN EXTENDED TOUR

Mr. and Mrs. Thomas McClymont Were in Portage la Prairie Election Time

Police Magistrate and Mrs. T. McClymont returned home on the Prince Rupert this morning after a seven weeks' holiday trip. They visited in New York with their nephews; at Perth, Ontario, Mrs. McClymont's former home town; Winnipeg, Portage la Prairie and spent the past week in Vancouver.

Mr. McClymont reports farming conditions in Ontario in good shape and over that part of the prairies through which he passed by train threshing seemed to have been completed although in Southern Alberta the situation was reported to be not so good.

At the time of the election, Mr McClymont was in Portage la Prairie. There being no Liberal in the field for that seat, the Liberals of the city were supporting Rt. Hon. Arthur Meighen the Conservative leader. There is a Boosters' Club in that city and they were strong for Mr Meighen as they considered it would be best for the city to have the party leader as their member. The result was that the city of Portage rolled up a majority of over 1,000 for Mr Meighen, this easily offsetting the majority given by the rural part of the riding to Harry Leader, the Progressive candidate who beat Mr. Meighen in the 1921 election.

A photo-play with situations which for sheer dramatic power, heart interest and thrills would be hard to equal.

SHELTER FOR FISHERMEN WILL BE DISCUSSED AT MEETING OF JOINT COMMITTEE VERY SOON.

(continued from page 1)

suggestion along this line had emanated from the Federal Government. He thought the opportunity was too good to pass over and urged strongly that the city council at once arrange for a meeting with the boat owners and the fishermen.

Ald. Stephens felt that the matter of providing a fishermen's wharf was essentially something for the federal government to deal with. Responsibility for such a wharf he felt should not be shifted to the city council and Mr. Stork he felt was the proper person to call such a meeting rather than the city council. He was pleased to see that Mr. Stork had seen fit to take up the matter so soon after the election.

Mayor Newton was of the opinion that it would be better for local interests to call the meeting suggested rather than Mr. Stork. His hand would be much more greatly strengthened if the proposal for the fishermen's wharf came from a joint committee of the council, Board of Trade, boat owners and fishermen than if it was known at Ottawa that Mr. Stork had been obliged to call the meeting himself to formulate a proposal.

Assistance Assured

Ald. McMordie felt that, now some assurance was forthcoming of assistance from the Federal Government, it might be possible to utilize the 200 feet of waterfront for the purpose desired where before it would have been impossible for the city itself to embark upon the project.

Ald. McMordie moved that the letter be acknowledged and that the mayor call the joint committee together at an early date to reach a decision as to what was required. This was seconded by Ald. Perry and carried.

Mr. and Mrs. R. F. McGinnis have left for Vancouver where they will spend the winter months.

STEWART

A. R. Morton, M.E., has completed an exhaustive examination of the Radio Stewart Mines Ltd. on Bitter Creek and is now preparing a report, on which next year's plans of operations will be based.

Word has been received from William Watson that he is recovering from a serious operation in St. Paul's Hospital, Vancouver, and that he hopes to return to Stewart before long.

O. B. Bush, who recently interested strong English and South African capital in his mine, the National Silver at Stewart, is a passenger on the steamer Prince Rupert today bound from Vancouver to Stewart.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
