## SENATE NOT HAPPY IN ITS CHAMPIONS

(Toronto Globe)  
The House of Irresponsibility as it exists and operates at the present time—with its membership of life appointees and its power to veto and destroy any legislation passed by the people's representatives—has found three journalistic defenders.  
Three newspapers are opposed to any reform of the Senate—The Montreal Gazette, the special and recognized spokesman of what are known as the Big Interests; The Montreal Star, purveyor of the Atholstianian "Whisper of Death" and bitter opponent of public ownership of public utilities; and The Toronto Mail and Empire, which announces that the Senate "is worth a million a year."  
No matter how poorly the public may think of the House of Irresponsibility itself, there is bound to be a generally sympathetic feeling that it has had hard luck in its champions.  
FINGER PRINTS TAKEN BABIES AT HOSPITAL  
DUBLIN, Sept. 30.—An increase in the number of deserted babies prompted the Union Commissioners to order that finger prints be taken of babies under three months of age who are discharged from the maternity hospital of Pelletstown. The action was inspired by a letter from Miss Duggan, a woman barrister, who pointed out that such a scheme would facilitate the police in discovering the mother or foster mother of a deserted child.

At the time of the annexation of Korea by Japan, about 60 of the leading Koreans were created peers and given property by the Japanese government. Most of them ran through this property
