One cannot burn the candle at both ends

You wouldn't light a candle at both ends and expect it to last very long. And you can't attend your many duties as wife and mother, then pile on washday labor, and expect to keep yourself fresh and many services will fit exactly both your needs and your purse. And you can "keep the home fires burning" without burning the candle at both ends.

BACK FROM HIS

Rev. Dr. H. R. Grant Returned Home Last Evening After Two Months in East

BUMPER GRAIN CROP

After a two months' vacation rip East which took him as far as the southeastern corner of the continent namely, the state of Florida, Rev. Dr. H. R. Grant, paster of the First Presbyterian Church, returned home on yesterday afternoon's train.

Besides Florida, Dr. Grant visited Atlanta, Geergia; Chicago; Duluth; Fort William, where his son Archie is located. Winnipeg, Northern Saskatchewan, where his sister-in-law. Mrs. Adams, formerly Miss Edith Stewart of Prince Rupert, resides; Edmonton and Terrace.

At Edmonton Dr. Grant was compelled to stay over for a few days on account of an attack of influenza from which he is now recovering. At Terrace he spent the week-end visiting his straw-

Dr. Grant brings back word confirming reports that there is to be a bumper grain crop this year on the prairies. It is said in Alberta and Saskatenewan that the 1925 crop may reach 500,000 bushels exceeding any Comes in Sand, previous year by 100,000 bush-Maise, Jade, Grey, Cocoa, lels. Dr. Grant's personal ob-Light Copen, Mauve, etc. servations, he says, confirmed this high expectation and he travelled across the prairies by two routes. In Northern Alberta and Saskatchewan, appearances were particularly encouraging There have been rains recently on the prairies. This has been timely and there has now been enough moisture to properly ripen the grain.

BLINDFOLDED, DROVE AUTOMOBILE ALONG CITY'S MAIN STREET

A large crowd last night witnessed "Murdock" drive Ernie Large's big McLaughlin car through the streets while he was blindfolded. After the bandages had been securely placed over his eyes and accompanied by Sergeant Bailey, who rode in the rear seat, Murdock's car moved out from the Westholme Theatre and meandered through the traffic up to Third Ave. On

third Avenue, there were a number of cars parked and the driver showed his undoubted control by often approaching a collision and deftly bringing his car to halt within a few feet of danger. On several occasions the Sergenat must have been ready for the worst as it seemed that a disaster could scarcely be avoided, however with quick decision and ready control the car was brought to a stop without at any time threatening an accident, and quietly moved out to pursue its course without dan-

The whole affair caused a great deal of interest and comment, and attracted several hundred people who were anxious to see more of the man of mystery, and accordingly packed the Westholme theatre to witness he performance of this Oriental magician.

HE earth looks flat enough! That's why so many thousand years came and went before our ancestors even suspected the terrestrial globe of being round.

Their eyes deceived them!

Don't Judge from

Appearances!

Don't depend on appearances to guide you right. Don't buy goods on the strength of looks alone. Merchandise with a well-known name has the call. Only the maker of a good product can afford to advertise his name. Attempts to popularize unworthy goods cannot succeed.

Wise merchants and manufacturers seek the good papers to tell the stories of their wares. The publishers seek the reputable advertising for their readers guidance. Well-informed buyers seek news of good merchandise through the columns of the best papers.

This proves the value of advertising. Neither advertiser nor publisher can prosper without your patronage. Therefore, it is to their advantage to cater to you. They do it, too.

It is distinctly to your advantage to be guided by the messages they lay before you - the advertisements.

Read them regularly!
