PREPARING FOR NEXT ELECTION

Mayor, Five Aldermen, Three School Trustees and Two Police Commissioners to be Chosen

At the meeting of the city council last night it was moved by Ald. Casey and seconded by Ald. Larsen that nominations for Mayor, Aldermen, School Trustees, and Commissioners of Police from 12 noon to 2 p.m. on Monday, January 11, 1926, and that the poll, be opened in the council chamber, City Hall, on Thursday, January 14, 1926, between 8 a.m. and 8 p.m. E. F. Jones, City Clerk, was appointed returning officer with the following deputy returning officers: E. Uwin, John Allan, E. Hudson, and E. S. Allstone. Assistants as far as possible will be selected from the city hall staff.

Nominations will be received for one alderman, for one year, to fill the vacancy caused by the resignation of Ald. McMordeie as alderman, and for one police commissioner to fill the vacancy caused by the resignation of James Coombs.

The regular list of those to be elected includes the mayor, four aldermen, three school trustees and one police commissioner.

A letter of resignation was read from Ald. McMordeie in view of his contemplated nomination in the forthcoming mayoralty election. The letter thanked the council for the consideration shown him during his tenure of office as alderman and wished the council members the compliments of the season. On motion of Ald. Casey, seconded by Ald. McKechnie, the resignation was accepted.

A letter of resignation from Police Commissioner James Coombs, who has been in indifferent health for some months past and is now undergoing hospital treatment in the south, was read and upon motion by Ald. Larsen, seconded by Ald. Smith, was accepted.

NO ACTION TAKEN ON ROCK CRUSHER

Aldermen Decided Last Night to Leave Matter to 1926 Council

That the question of the removal of the rock crusher from its present location on Sixth Avenue West be left for the incoming council to decide upon was the way the matter was disposed of at last night's council meeting on motion by Ald. Casey, seconded by Ald. Larsen.

Ald. Perry was of opinion the matter should be laid over for another week in view of the fact that the proposed new sites had not yet been properly inspected.

Ald. Casey said that no matter what

the present council did about the rock crusher the incoming council would act according to its own decision. He did not think it was up to the present council to give a decision in the matter. He was still of the same mind, as expressed previously, to prepare a local improvement bylaw for the grading of Dunsmuir and Seventh Avenue and then strip off the hill on the west side. However that was all subject to the approval of the next council. The removal of the rock crusher from its present site to Seventh Avenue would cost the city some \$3,000 or \$4,000. The streets had to be filled and while making up the bed of the streets the quarry was being also made. Ald. Perry concurred in this suggestion.

MISS LOUIE FISHER IS HEARD HERE

Local Girl, Assisted by "Zip" McCutcheon of Burns Lake, at Westholme Theatre

A large audience had the opportunity of witnessing an effective vaudeville farce at the Westholme Theatre last night performed by local talent when Miss Louie Fisher, daughter of Mr. and Mrs. W. S. Fisher, assisted by "Zip" McCutcheon, of Burns Lake, performed a comic sketch entitled "Between Trains."

Miss Fisher, who has met with considerable success as an entertainer in Vancouver recently, showed much aptitude as a comedienne and her cross patter was put across well. McCutcheon gave excellent support.

The sketch portrayed a young married couple who had missed their first train and while waiting for the next train to pull out indulged in all sorts of witty chatter peculiar to the situation.

The turn will be repeated tonight.

JOBLESS MEN IN EDMONTON

Drive on City to be Made and Serious Situation is Expected

EDMONTON, Dec. 29.—The question of dealing with unemployed will be a serious problem in the city this winter, according to present indications. It is becoming apparent that gangs of workless men will make Edmonton their objective within the next few weeks and familiar figures in the unemployed ranks are preparing plans in which the city is an important factor.

A. J. Boulter, of Calgary, who last winter led the unemployed trek to Edmonton, captured a freight train and, with his followers, spent the night in local cells before being sent back, has been in Edmonton during the past few weeks. He has been co-operating with local unemployed bodies in organization work, and it is understood that Edmonton has been chosen the target for impending activities.

Visit Legislature Probably one reason for the choice is that Edmonton is the capital city, and in addition to making claims from the municipality representations can also be made of the provincial government when the house opens for the winter session.

A request that all labor work now being done in the city be undertaken on a basis of one week on and one off, was laid before the city commissioners by a deputation from the local unemployed. It was claimed that this would relieve unemployment and provide assistance to families that are destitute.

THE MAN IN THE MOON

SAYS:

SOME of these Christmas neckties remind one of the comic Sunday supplements.

IT takes a clever woman to buy a man a necktie he really appreciates.

WHAT is hoped for now is that no one will have the heart to start in shooting out bills on the Eve of the New Year.

I READ of a man doing a somersault when hit recently during a prize fight. Well, that's a good deal better than doing a nose dive.

WHEN it came down to buying the old man a Christmas gift a nickel was about the maximum amount of that particular gift appropriation.

THE next big deal the city has on its hands is ushering in the New Year. Thank goodness we have a few Scotsmen in our midst to assist us.

A MAN recently killed himself in London after getting his shoes shined. What a waste of money!

IT seems to me the most useful man in the orchestra at the movies is the drummer. He certainly does his bit to drown out the gum chewers.

IF laughing makes one grow fat we know a few people around town who must have done their share of letting their face slip.

PRINCE Rupert was heavily attacked on Christmas Day by turkey but repulsed with heavy loss. Father, mother and the kids got into the front line trenches and chewed him up in great style.

Ten Years Ago in Prince Rupert

December 29, 1915

In spite of the fact that December is the off month in halibut fishing, a total of 1,191,500 pounds was landed at Prince Rupert this month.

It is reported that shoals of herring have been seen off Port Simpson so they may be expected to invade Prince Rupert harbor any time now. Under the new regulations herring fishing is bound to be carried on much more successfully this year than ever before, while halibut men will have ample supplies of fresh bait.

The following office bearers were elected for 1916 at the annual meeting of the Board of Trade held last night, president D. G. Stewart in the chair: President, Geo. W. Nickerson; vice-president, G. SPORT CHAT

Arrangements are being made to have the Prince George hockey team registered with the British Columbia branch of the Amateur Athletic Union of Canada. It is planned to enter the intermediate class so that the town may meet at the end of the season for the provincial championship. The winners of the circuit which now consists of Kamloops, Salmon Arm, Enderby, Ashcroft, Revelstoke and Princeton. Arrangements are still in the formative stage but it is hoped they will be successfully completed. Owing to the distance, it is of course impossible for Prince George to engage in the regular season's schedule of games.

The following have been named chairmen of the eight committees which govern amateur sport in Canada under the Amateur Union of Canada: National Registration, J. I. Morikin, Winnipeg; National Records, B. C. Irwin, Montreal; Affiliations and Alliances, Prof. T. R. London, Toronto; Boxing, Wrestling and Fencing, A. E. Tannant, Vancouver; Track and Field, R. C. Chambers, Fort William; Gymnastics, O. S. McCutcheon, Ottawa; Publicity, B. W. Bellamy, Medicine Hat; Women's Activities, J. de Gruchy, Toronto. The president of the Union is Jack McVicar of Winnipeg.

The Man Who Talked at Random

HE sat in the window-corner of the Pullman's smoking compartment, and breathed fatly and uttered large opinions in a suety voice. It grew late, as so often it does; and he put the quietus on a discussion with the ponderous statement:

"I don't read advertisements. They have no effect on me at all. I'd never miss them if they stopped printing 'em."

Then he glanced at his advertised watch and sought his lower birth.

In the morning the ad-skeptic contorted himself out of his advertised pyjamas into his advertised underwear, drew on his advertised socks, adjusted them with his advertised garters, got into his advertised clothes, laced his advertised shoes and added himself to the congestion in the wash-room.

There he shaved with an advertised razor, using advertised shaving cream; brushed his teeth with an advertised toothbrush and advertised dental cream, washed with advertised soap, and brushed his hair with an advertised brush. Buttoning his advertised collar on an advertised button, he neatly knotted his advertised tie, gave his advertised suspenders a tug or two, and finished dressing.

Let us leave him there, this man who never reads advertisements!

Everything worth using is advertised. Everything that isn't, rarely is.

Read the advertisements for value's sake

Immigrants Needed But Should Be of Right Type.

At a time when this country is looking forward to an influx of immigrants it is to be hoped that greater vigilance will be exercised than in the past to prevent the entry of aliens of communistic tendencies, says the Toronto Globe editorially. These are people we do not need and do not want. It is true we might admit them without running grave risk of committing the country to Soviet rule. We might in time convince them that there are better "isms" than those they are attempting to promulgate, and we might make worthy citizens out of their children. But we are not likely to do so very easily, for they would make communism their religion, their government, and the end of all their efforts.

MA-MA DOLLS WERE CAUSE OF EXCITEMENT

Railway Trucker at Calgary is Now Nursing a Grouch

CALGARY, Alta., Dec. 29.—(By Canadian Press).—Hearing what sounded like a plaintive cry of a child in apparent agony, emanating from a huge packing case consigned to a local merchant, a railway trucker raced for appliances to open the case, meanwhile shouting to fellow employes to come to his assistance.

"Get an axe quick and smash open the case before the kid suffocates," the man appealed. He was about to wield a hefty crowbar when he was halted by a foreman.

"Where is this car checked from?" the latter queried.

"It's all the way from Winnipeg—and if we don't hurry the kid'll be dead," the trucker replied, excitedly.

Just then light dawned upon the foreman. He grabbed the iron bar and threw it to the ground. Plainly disgusted he walked away with the partying sally. "Sure there's a kid in there—there should be a consignment of 'Ma-ma' dolls, so lay off the rough stuff unless you want to pay for the load." The trucker is reported to be nursing a grouch.

ERRATIC FOREIGNERS

While there is little fear that this country will ever succumb to the thought of erratic foreigners, and while communism itself may not be more than a passing phase in the world's history, it is known that there are many of these agitators at work in Canada causing not a little mischief. There are numbers of them in Toronto working industriously in a way which does not bring them to the attention of the authorities. They are not all Canadians or British subjects. They are attempting to undermine the morale of the workingman in trade unions or otherwise, and their special mission is to the unemployed and to those dissatisfied with their earnings.
