Steamer Takes Option of Loading Grain Here January or February

(Special to Daily News)

VANCOUVER, Dec. 31.—A steamer was fixed here yesterday with the option of loading grain at Prince Rupert for the United Kingdom between January 20 and February 20.

No details are given except that the price is a shilling a ton more than for Vancouver making the price the same as Portland. With a port charge here of about three pence, this gives Prince Rupert a disadvantage of about nine pence per ton or about half a cent a bushel.

This quotation is not very reliable as the quotation price has been challenged at the Merchants' Exchange.

Prince Rupert is much talked about at the Exchange here.

Harbor and Shipping, a local publication, says that G. P. Coles, the grain broker, is not going to establish an office in Prince Rupert.

VICTORIA, Dec. 31.—Farmers of the Sumas district affected by assessment for the cost of reclamation work in that area will meet on Monday to consider making an appeal direct to the Governor-General-in-Council at Victoria for the disallowance of a provincial statute passed at the recent session of the legislature setting the annual amount of taxes that they must pay. They will also seek to obtain an accounting of the money expended by the government in carrying out the work. The claim is set forth that the statute is ultra vires and beyond the province's power of enactment and interferes with the jurisdiction of the federal courts.

VERDICT ON GRAIN RATES EXPECTED WITHIN FEW DAYS

Original Order Reducing West-bound Rate Is Likely to Stand

OTTAWA, Dec. 31.—Judgment by the railway commission in the Pacific grain rates appeal is expected any day now. Several conferences between the commissioners have been held on the subject. The board is a court and there is no way of forecasting its decision any more than that of a judicial tribunal. Nevertheless the view obtains and with some reason, that the original order reducing the west-bound rate to the equivalent of the eastbound rate is likely to stand, either through being supported by a majority of the commission or from the fact of an equal division, in which case any appeal fails.

URGES INTELLIGENT APPLICATION OF INDUSTRY AND SKILL TO NATURAL RESOURCES

VICTORIA, Dec. 31.—In a New Year's message, Premier Oliver says: "The government earnestly desires that for each and all the year 1926 shall be better than any preceding year. We believe there is no better province in the Dominion than British Columbia and we also believe that intelligent application of industry and skill to the natural resources of the province will yield an abundant reward and, to that end, the government wishes to co-operate with all and for all."

LARGE ESTATE LEFT TO ART

Most of Munsey Millions are Bequeathed to Metropolitan Museum

NEW YORK, Dec. 31.—The bulk of the estate of the late Frank A. Munsey, newspaper publisher, amounting it is estimated unofficially to \$40,000,000, will go to the Metropolitan Museum of Art under the terms of the will which was filed for probate yesterday. The trustees are given five years or more to dispose of deceased's newspapers as well as his other business interests and property.

VANCOUVER IS THIRD LARGEST IN CANADA

Board of Trade Secretary Declares It Has Passed Winnipeg From Point of View of Population

VANCOUVER, Dec. 31.—Greater Vancouver is the third largest city in the Dominion according to W. E. Payne, secretary of the Board of Trade, who states that the population is now 230,000, displacing Winnipeg with 210,000.

BRITAIN HAS MORE STORMS

Heavy Wind and Rain Last Night Further Raises Flood Waters

LONDON, Dec. 31.—Great Britain was last night struck by another heavy gale accompanied by torrential rain which further raised the waters of already swollen streams.

Two were killed and eight injured when a chimney on a workhouse at Stepney collapsed.

Telegraph and telephone wires are down and railway service is delayed.

Stephen Dumas, of Alice Arm, who has been in the city on business for the past few days sailed for the north on the Prince Rupert last night.

Building Permits for Year Well in Excess of Million and a Quarter Dollar Mark

Building permits issued in the city during the year will reach the high total of over \$1,325,000 in value, the chief items having been, of course, in connection with the construction of the elevator for which the recorded value is \$14,087,000 in two separate permits—one taken out by the Northern Construction Co. in May for the foundations and wharf—\$220,000—and the second in October by Carter-Haus-Aldinger Co. Ltd. for the superstructure—\$867,000.

Apart from the elevator, general permits issued during the eleven months of the year ending November 30, totalled \$237,869 as compared with \$209,312 in 1924. The chief item in these general permits was for the Heilbronner Block, the value of which was given in May, when the permit was taken out, as \$10,000.

The building record month by month for the year was as follows:

January	8	7,350
February		19,150
March		11,600
April		28,800
May		24,861
June		31,350
July		37,325
August		16,750
September		19,450
October		875,125
November		13,105
		\$1,324,869

The December list, which is not heavy, will be announced on Saturday.

BREAD PRICE IN VANCOUVER RISES

Advance in Wheat Flour Market is Responsible for New Prices Effective Today

VANCOUVER, Dec. 31.—Following an advance in wheat flour prices, the Master Bakers' Association has announced an increase in bread prices in practically all Vancouver bakeries commencing today. The retail price of three loaves for 25¢ has been advanced to nine cents per loaf straight.

COOLIDGE TO VISIT GENEVA

White House Makes it Known That United States will be Present at Preliminary Meeting in Geneva

WASHINGTON, Dec. 31.—Informally and orally, but authoritatively, the White House has made known that the intention of the President is to accept the invitation of the League of Nations to participate in the preliminary meeting at Geneva of representatives of 18 governments called for February 15, 1926, to make preparations for holding an international disarmament conference under the auspices of the League.

Decision as to the character of the response to be made to the invitation has not been reached, and there are other details to be determined, such as whether it is necessary to request Congress to appropriate funds for the expenses of the American delegation at the preliminary meeting, but all the indications are that a favorable answer will be made to the invitation shortly after the re-assembling of Congress, which is on Christmas recess until January 4.

DOCK TRANSFER EFFECTIVE NOW

After Today, Prince Rupert Dry Dock Will be Controlled by C.G.M.M.

Control of the Prince Rupert dry dock and shipyard here will be officially transferred from the Canadian National Railways to the Canadian Government Merchant Marine as from tomorrow, January 1. In connection with the transfer, B. G. Keeley, Pacific coast manager of the C.G.M.M.; D. Carswell, superintendent engineer, Montreal; and P. W. Baldwin, local auditor, Vancouver, are at present visiting the city. Mr. Keeley and Mr. Baldwin will return south tomorrow but Mr. Carswell will probably remain longer perfecting plans for future operation.

COMMISSION TO BE APPOINTED

Will Settle Distribution of Property Between United Church and Continuing Presbyterian

VICTORIA, Dec. 31.—The appointment of a commission of ten British Columbia clergymen to settle the distribution of church property between the continuing Presbyterian and the United Church congregations following Church Union was announced yesterday. An order-in-council to this effect was passed by the cabinet. Seven members will constitute a quorum.
