# SPECIAL SERVICES METHODIST CHURCH

**P. H. Linzey Was Speaker in Morning—Oddfellows and Rebekahs in Evening**

Some 28 members of the Oddfellows and Rebekah lodges attended the Methodist Church in a body last night, it being the annual church service for the Rebekahs. The gathering was marshalled by S. V. Cox. Rev. G. G. Hacker delivered an appropriate address.

At the morning service, P. H. Linzey, who recently returned from a trip to the Old Country, was the speaker. He dealt with religious conditions in Europe in an interesting manner covering France, Russia and other countries besides Great Britain in his discourse.

**REPORT ON RESULTS TO DATE OF PROHIBIION IN UNITED STATES BY FEDERAL COUNCIL OF CHURCHES.**

(Continued from Page One).

hibition was adopted ,but that since that time various elements had somewhat complicated the situation. On one subject, however—the saloon—the evidence appeared more decisive. It was said that "there seems to be not the least doubt that the country has accepted with satisfaction the passing of the saloon."

Most of the data compiled in the investigation was reserved for future disclosure, but the section of the report made publice contained two sets of figures.

**Conditions Improved**

One summarized the responses to a questionnaire sent out to members of the National Conference of Social Work, a majority of whom reported that conditions in the homes of the poor had improved in various ways under prohibition, that children's definquency was decreasing, and that liquor was less accessible that formerly to minors, but that drinking among young people had increased as compared to prohibition times and general respect for law had decreased.

The other tabulation related to intemperence as a factor in dependency, and was summarized in the report as showing that although there was "a sharp drop" in such cases about 1920, there has been "very decided and fairly consistant increases since that date," although "there is an encouraging number of cities that report decreases in 1924."

The report, other sections of which are to be made public daily over the coming week, was prepared under the direction of the Rev. F. Ernest Johnson, head of the Federal Council's Research and Education Department. In a foreword, he declared the study had been undertaken in order to give a "fair appraisal," unbiased by personal opinion, and uninfluenced by the great mass of current literature which had emanated from biased sources.
