TREASURER TO CONVENTION

D. J. Matheson to be City Delegate to Union of B.C.

City Treasurer D. J. Matheson will leave at the end of the week for Victoria where he will attend the convention of the Union of B.C. Municipalities to be held in that city next week. Authorization for the treasurer to make the trip was given at the meeting of the city council last night.

Recommendations that it is proposed to put before the convention were also discussed at the meeting last night. One of these will ask that the local improvement act be so amended as to provide that on streets not graded to full width and having a sidewalk on one side only, both sides receiving the benefit of the sidewalk, lots on both sides share in the cost. The division suggested is two-thirds for the side having the sidewalk and one-third for the opposite side. At present the side having the sidewalk has to pay the full cost.

Another recommendation proposed to the Union by this city will be that the time for giving notice of tax sale be extended from six months to eight months

Tax Penalties

Another proposed recommendation which caused the council last night a good deal of discussion was one that the penalties for non-payment of taxes by certain dates be removed and that discount for prompt payment be substituted. There was considerable difference of opinion as to the wisdom of this move. Ald. Casey and Ald. Stephens were in favor of the change while Ald. McMordie, Ald. Larsen, Ald. Perry and Ald. Brown were inclined to oppose it. Mayor Newton was in doubt. Finally it was decided to leave the matter over until next week for further consideration, when it is probable that a compromise recommendation will be decided upon calling for a reduction in the present penalties of ten and five per cent.

Uniform Accounting

Besides these matters, it was reported to the council by the mayor that Mr. Matheson was anxious to support at the convention a recommendation from the city of Nelson that a uniform system of municipal bookkeeping be put into effect throughout the province.

Mr. Matheson will also attend in Victoria the convention Municipal Officers' Association of B.C. which will take place at the same time. This convention will deal with technical matters, particularly municipal accounting.

BOND ISSUE UPSET BY ERROR IN DATE

Royal Financial Corporation Advised City it Will be Held Responsible for Cemetery Road Debentures

A technical error with regard to the date of the recent bond issue covering the construction of the cemetery road has led the Royal Financial Corporation of Vancouver to advise the city that it will be held liable for bonds sold under that issue.

Reporting on the matter, the city solicitor advised the council last night of his opinion that the Royal Financial Corporation had no claim against the city and that, as the bonds on being bought from the city by the Royal Financial Corporation were subject to endorsation by counsel for the company, the company could not have lost money on bonds that could only be sold subject to such legal opinion.

Mayor Newton stated that when the error, involving one day in the date of the bonds, had been discovered, the Royal Financial Corporation had been asked to call in the bonds and take others in their place until the issue could be revoted by the people. Nothing more had been heard until the treasurer had received the wire stating that the city would be held responsible for them. The opinion of the city solicitor had then been sought and it was now presented. He (the mayor) suggested that the matter be left in the hands of the city treasurer and city solicitor to take up with the Royal Financial Corporation and that, if satisfactory arrangements could not be made, the issue be again referred to the people for their re-endorsation.

It was moved by Ald. Casey, seconded by Ald. Perry, and carried, that the course as suggested by the mayor be taken and that the city treasurer and city solicitor report back to the council.

BIG CONTEST IN THE NOMINATION TODAY FOR MAYOR OF NEW YORK; HEARST PRESS BACKS MAYOR HYLAN.

(continued from page one)

Democrats, the Republicans are licking their chops in anticipation of a juicy meal of tiger meal—the Tiger being a popular name for Tammany.

Tammany Machine Backing

Senator Walker, has the tremendous benefit of the support of the Tammany Hall machine, one of the most smooth running political machines in the United States—a regular stone crusher. In addition, he has an attractive personality and has been called a "second Al Smith" on account of his popularity.

The Mayor has the somewhat luke-warm backing of the regular country machine in his home town, Brooklyn, and in the smaller boroughs of Queens and Richmond. But in these boroughs, there have been wholesale desertions of party leaders, who stand in fear of incurring the enmity of the thoroughly aroused Tammany Tiger.

The position of the Mayor of New York is one of the prize plums in municipalities in the United States. The term is for four years and the salary is $25,000 per annum. The mayor presides over the destinies of an army of more than 50,000 employees and has numerous "fat" appointive positions. In no city in the United States is there greater patronage from a financial standpoint.

Unusual precautions have been taken to preserve order throughout the five boroughs of the greater city, where a record vote is anticipated. Several police guards were stationed this morning in the congested districts in the tenement sections, where there have been disorders in other years. The returns will be tabulated at police headquarters.

In view of the many contests, not only for mayor but for scores of minor offices, the result probably will not be known until long after midnight.

Sport Chat

With two months of inactivity facing outside athletes and fans, the question again arises as to the possibility of staging football games in Prince Rupert during the fall and winter as it is done in other parts of this province, particularly on Vancouver Island and the lower mainland. As far as weather is concerned, the game could be played here just as well as in the south but the difficulty is in getting the time for it. As far as the merchants are concerned, Thursday afternoons could be used and the offices close on Saturday afternoons. As things now stand, on neither of these half holidays could the teams be mustered to full strength. There is the suggestion that football games could be played on Sunday afternoons but the law to a certain extent prevents this and there is a good deal of sentiment against Sunday ball which some of the soccer players share. The evenings in the fall and winter, being so short, are, of course, impossible. Perhaps some readjustment of the weekly half-holiday law might be effected to meet the situation if the time could be arranged, there would seem to be no reason why football could not be played here up to Christmas and beyond giving Prince Rupert outdoor sport practically the year round.

Big billiards will soon be the thing again, and the first of the great tournaments starts at the end of the month, when the national three cushion tournament of the United States is inaugurated. The great attraction as a matter of course will be Willie Hoppe, who has just taken unto himself a new wife. Hoppe for years specialized at and held the championship of the balk-line game, and some say that the reason that he lost the honors was because he devoted too much time to practicing three-cushion shots. There will be only eight contestants as Cannefax, a champion at this style of play, is barred from competition for a year, because he lost his temper last autumn while playing against Hoppe and cut the cloth of the table. The men who will take part besides Hoppe are: Layton, Reiselt, Denton, Klechhefer, Hall, Mauponne and Copules.

The annual meeting of the Prince Rupert Badminton Club is called to meet Monday evening next in the rooms over the Daily News. At that meeting officers will be elected, the financial statement for last year be passed, and plans laid for the forthcoming season.

Many Badminton players are anxious to open the new season on October 1, but the time and place will have to be decided on be the members at the annual meeting. The hall over the De Luxe store was used last year. Although it is small and the size of the courts has to be curtailed, it is very likely that arrangements will be made to continue the use of the same courts during the coming season. The hall has the advantage of being central.
