Two more storeys are being added to the annex of the Central Hotel and when the work is completed the house will have 160 rooms instead of the present 120. The annex will be built up to the same height as the main building and, when the work is completed, there will be a uniform 100 foot frontage on First Avenue. Paddy Hughes is in charge of the work.

A nice compliment was paid the hospital staff by E. T. Kenney of Terrace, who was a patient there recently. He spoke to members of the board of the courtesy and efficiency of the nurses and of the secretary-manager. At the Hospital Board meeting last night S. K. Campbell, chairman of the board, referred to the matter and said it was pleasant to get a report like that from a disinterested person living outside the city.

Mrs. R. Goldbloom will sail tomorrow night on the steamer Prince Rupert for Vancouver, where she expects to take up her future residence. Mrs. Goldbloom has been in business here for the past eleven years and it has been through ill health that she has been compelled to leave. One of her last contributions was a centrepiece which was raffled for the benefit of the hospital and from which $203 was realized. Mrs. Goldbloom expresses regret at leaving Prince Rupert but hopes that she may frequently see her many local friends in Vancouver. In the meantime, she desires to wish them all a Merry Christmas and a Happy New Year.

Rub It On At Bed-Time

For Deep Chest Colds

All colds should be treated with vapors, for vapors alone can carry the medication DIRECTLY to the air passages and lungs.

Vicks is a "vapor" treatment in salve form. For deep chest colds you first apply hot wet towels over throat and chest to open the pores, then massage briskly with Vicks for 5 minutes, spread on thickly and cover with a flannel cloth.

Vicks not only penetrates like a poultice or plaster, but the ingredients, vaporized by the body heat, are inhaled all night long.

This double action usually checks the most stubborn cold overnight.
