## RAIN WELCOME IN INTERIOR

Crops Improved by Moisture:  
Farmers Will Raise Grain  
Next Year Says Visitor

Mr. and Mrs. G. A. Hunter and son, Billy, returned on yesterday afternoon's train after having spent a fortnight at Lake Kathryn at Mrs. Birnie's summer camp. Lake Kathryn is a very attractive spot and possesses all the natural advantages that should make it a popular summer resort. There is good trout fishing in the lake and the bathing is fine. The water is quite warm and there are good natural beaches. Among the guests at the lake are parties of Canadian Girls in Training from such points as Smithers and Hazelton. Some of these girls practically live in the water.

During the past fortnight, Mr. Hunter reports, there has been a good deal of rainy weather throughout the Bulkley Valley. While such conditions make camping not quite as pleasant as it might have been, the district, after a long dry spell, was badly in need of moisture and it has been of great benefit to the grain and root crops though they had already suffered from drought. The rain was also timely in bringing into check some forest fires, especially that between Lake Kathryn and Evelyn in fighting which at one time there were over one hundred men engaged. The flames swept along both sides of the railway track for some five miles but did little damage to timber, the fire just getting into the heavy timber when the gale came and practically extinguished it.

Some of the Bulkley Valley farmers are already talking of shipping grain to the Prince Rupert elevator when it gets in operation this fall. This possibility of disposing of grain if it is felt should be an incentive to grain production throughout the central interior.

The town of Smithers, after a rather quiet winter and spring, is quite busy again. Contributed to the impetus is the resumption of mining operations at the Duthie mine. There is Mrs. Lindsay of North Vancouver also a sawmill in operation arrived in the city yesterday along the railway track just west of Smithers.

## SUNNYSIDE CANNERY VISITED BY PARTY

Two Hundred Stopped off There  
Saturday on Way to This  
City

## NEW PROCESS RECORDS OUT FOR GRAMOPHONE

Absence of Mechanical Noises  
And Clearness of Tone is  
 Noticed

The annual C.N.R. personnel conducted tour party consisting of 200 persons reached the city by special train on Saturday afternoon and sailed by the steamer Prince George for Vancouver. A feature of the trip west was a visit to Sunnyside Cannery where the visitors from the east witnessed the process of salmon canning and were entertained by Manager J. Field Strang and Mrs. Strang, R. F. McNaughton, C.N.R. district passenger agent, accompanied the party from Jasper Park to Prince Rupert.

Mr. McNaughton will go to Jasper again on Wednesday to meet another special train carrying over 100 Ontario school teachers who will arrive here on Saturday and go south on the Prince Rupert that afternoon.

Still another party coming here this week will be a Field and Forest Party from Boston containing 25 members under the leadership of Rev. Casson, who was here last year with a similar party. These tourists will arrive here on Friday, go north to Stewart and thence south to Stewart and then south.

## Ten Years Ago in Prince Rupert

The property owners of the city will vote on money by-law to provide for the building of a plank roadway to Seal Cove, on July 30. The bylaw has been passed by the city council.

From now on every express train in and out of Prince Rupert over the G.T.P. is to carry mails. This information has been received by R. S. McIntosh, postmaster here, that this new order of things has been sought for the city has been granted.

The Union steamer Camosun is to return to this port and will be put on the Queen Charlotte run at once.

A report from the committee of the council last evening, stated that the telephone and electric light staffs could not be reduced. Ald. Maitland thought there were too many employed, but the report was adopted.
