THE SEALING TREATY**

Senator Dill Aso Would Stop
U.S. Government Using
B.C. Coal

ANCHORAGE, July 13.—Renewal of the Pelagic sealing treaty with Canada when it expires in 1926 will be urged in Congress by Senator Dill of Washington, he declared here Saturday, following an inspection of the seal rookeries of the Pribiloff Islands.

The senator also declared himself in favor of legislation to encourage Alaska coal operators by preventing British Columbia coal being used by the Government.

TEN OUTFITS OFF FOR BABINE RIVER

**Reported Gold Strike is Attract-
ing a Good Deal of At-
tention Throughout
North**

According to word brought from the interior by arrivals on last night's train, ten men and their outfit left Hazelton at the end of the week for the scene of the gold strike on the Babine River reported last week by Charles Ek and M. F. Burke. The strike has attracted quite a good deal of attention throughout the interior and also in Prince Rupert and it is understood that some men have already left here for the scene.

WONDER SHOW AT WESTHOLME

**Murdock the Man Who Sees
Without Eyes Will Drive Car
Through Streets Blind-
folded**

Murdock "world famous White Mahatma" who has just finished playing his third tour over the Pan-Pacific theatres has arrived in Prince Rupert with his all new "Show of Wonders" and will play an engagement at the Westholme Theatre starting tonight. He brings with him his own company of entertainers and the same effects that have characterized his great success in other cities.

Tonight at 7:15 starting from in front of the Westholme Theatre, Murdock will allow his eyes to be thoroughly blindfolded using wads of cotton, adhesive tape and an impenetrable blindfold; after which he will drive a local car through the business districts of this city. No one will be allowed in the car during the drive. He will make several stops in front of different business houses and pilot the car at different rates of speed, stopping here and there to allow pedestrians to cross the streets and at times he will turn the car completely around at corners. Murdock makes no claims to the supernatural regarding this remarkable achievement. He simply states that he has developed his sixth sense, sense of intuition to such a point of perfection that he can actually sense where pedestrians and cars are located. Murdock has performed this test in all the principal cities and has never so much as even "grazed" a fender.

All are invited to witness this remarkable free outdoor demonstration which will start promptly at 7:15 tonight in front of the Westholme theatre. This will be the starting and closing point. Murdock's "show of wonders" will prove to be the outstanding theatrical event of the season.

British Government to Conduct Inquiry into Coal Mining Dispute

LONDON, July 13.—Premier Baldwin announced in the House of Commons today that the government had decided to establish a court of inquiry regarding the causes which have led to the present dispute between operators and employees in the coal mining industry in this country.

There is a concerted effort being made to reduce wages and extend the working hours and this is being met by the labor unions who are opposed to such a move.

SALMON FISHING WAS BADLY INTERRUPTED WEATHER CONDITIONS

**Boats Blow away from Grounds
Far Away as Wark
Channel**

The salmon fishing which started out well on the Skeena River last week got gradually worse as the week advanced. Much of the time it was impossible to fish owing to rough seas. Some boats were blown twenty-to-thirty miles away from the fishing grounds taking refuge in Wark Channel.

Most of the fishing is done outside the river so far as there are not many sockeye in the Skeena.

ROUGH WEATHER HIPPO ISLAND

**Plenty of Spring Salmon There
But Weather Too Bad for
Boats to Operate**

Spring salmon fishing has been much interrupted at Hippo Island by the bad weather during the past week. There are plenty of fish but the seas have been so rough that it has been impossible for boats to operate except at intervals. A great many of the boats have left but most of the Skidegate and Vancouver boats are still there. The fleet now numbers only about seventy boats, whereas at one time earlier in the season there were one hundred and fifty operating. As soon as the salmon season opened many of them left for the rivers.

Only a few cohoes have been taken and fifteen cents each is all the fishermen get for them so they are not very keen on taking them. At Dundas Island the price is thirty-five and forty cents.

Yesterday the fish packing boat Chief Zibassa arrived in port with 56,000 pounds of springs and a few cohoes and halibut.
