ORIENTAL QUESTION Editor Daily News.

In the Letter Box

I was greatly interested in your editorial "Another Victory for the Oriental" which appeared in your issue of July 25. It will not be necessary for our government to pass an ex-

clusion bill to keep the Japanese out of Canada, for Japan has no desire to force us to receive her! people, but is willing, under a evised gentleman's agreement. to curtail still further the number of immigrants annually leaving her shores to come to this country. Such an aggreement will also be kept by her, for she justly prides herself on alwayliving up to the letter and spirit! of her international obligations.

Also, British justice will prevent any attempt on our part tol drive out those already legally domiciled within our borders.

The reason why Japanesell children are able to "outstudy" our children is they know what concentration means. The average occidentl child when in the school room, is thinking o something else other than what he teacher is saying; and during KNIGHTS TEMPLAR study hours lacks in application.

The Japanese tongue is probably the most difficult in the world. Three thousand Chinese the language, and many of these have different sounds and meanings, and some of these heiroglyphics have as many as twenty six strokes when written. Zane Grey at his test. The story of a modern girl who had to choose between love in the rough-and-ready West or life in the jazz-circles of New York. A contrast of the fast-living young generation and the stern realities of Nature. A photo-play that has clean, wholesome drama with many comedy touches, also novelty for it depicts life in the canyons of Arizona and life within the canyon walls of a big metropolis. Pretty eastern dresses; western scenic grandeur. Many big scenes including a real sand storm. Don't miss the tennis court showing the young men grooming their hair and side-burns and the girl secretly rouging her knees. Unrivalled cast.
