CATALA FINE NEW STEAMER

Latest Addition to Union ss. Co.'s Fleet on Her Maiden Trip

The new Union steamer Catala, on her maiden voyage, reached port last evening about five o'clock. She left here for the Naas and was back again this morning southbound. Similar in design to the Cardena, the Catala impresses one with the amount of room available for first class passengers. Spacious decks and large observation and lounging rooms, which are very attractively furnished, appeal to the traveller who is naturally thinking of comfort and enjoying to the full the beauties of a sea voyage. The dining saloon is very beautifully furnished and careful thought has been given to making the whole ship distinct in decoration and design.

The Catala has two funnels and her registered tonnage is 1470 tons and net tonnage 851 tons. She carries a crew of 46 and has 50 first class staterooms, all of which have running water in them and are neatly furnished and spacious. Her speed is 14 knots.

Capt. Andy Johnstone, formerly of the Venture is on the bridge and has the following well known officers as part of the ships complement:

Chief officer—J. Muir.
Second officer—Harry McLean.
Purser—W. G. Patterson.
Freight Clerk—I. W. Williams.
Chief Steward—Ross McLean.
Chief engineer—G. H. Foster.

The Catala is the latest addition to the fast growing fleet of the Union Steamship Company, which has had three boats built in Scotland and brought to this coast in the last few months. She will continue on the run formerly taken by the Venture and will make weekly trips to the north coast from Vancouver and way points.

tical celebrities endeavoring to get things started in this direction. Conspicuous in the introducing fray was George Bushby, king of the low boats who seemed to take a delight in selecting the shyest of shy sailors and the shyest of shy fair maidens and winding them up for a trip on the slippery bark. Alderman Brown, the capable master of ceremonies, said the right thing when he announced that no introductions to the crews of either the British or United States naval ships were to be considered necessary by the fair sex. After that things went with a real swing.

The "Elto" Engine

N. M. McLean, the boatbuilder, has just completed a 12 foot shallow water cedar boat which is to be equipped with an outboard "Elto" engine. It will be capable of carrying 12 people and is guaranteed to maintain a speed of 7 miles per hour. Many inquiries are being received by Mac, who is the local agent for the Elto outboard motor, and already there are several well satisfied users in the city. This engine is quite easily fixed at the back of any ordinary row boat or canoe and ranges in proce from $175 to $195, the first cost being the last cost. The ease with which this little giant power plant is started and its low cost of operation is making it a very popular engine. The "Elto" is on hand at Mac's yards at Cow Bay for immediate delivery and a call to Red 400 will arrange all details.

Arrivals

Up to and including noon yesterday the following halibut schooners landed catches this week. American—Eagle, Sumner, Bonanza, Daly, Uranus, Yellowstone, Swan, Augusta, Valorous, Emblem, Glacier, Sirius, Sherman, E. Neilson, Rambler, Cora, Lenor and Hi Gill.

Canadian—Cape Beale, Ingred H., Gilford, Nuba, Fanny F., Marguerite, Tramp, Brant, Ternen, Fisher and Toodie.

Sport Chat

The Trades and Labor Council are advertising a tug of war between fishermen and men from the elevator to be held at their picnic on Sunday at Digby Island. The tug of war last week lasted over thirty minutes and was one of the best ever witnessed anywhere. This is only one item in a long list of sport attractions which doubtless will draw a great crowd. Perhaps a tug of war might be arranged between men from H.M.S. Capetown and the winning team.

The weather did not permit of the Sons of Canada and the Gyros meeting in the regular league baseball fixture last evening so the game will be arranged to take place at a later date.

CAPETOWN MEN TO SHOOT WITH TEAM FROM REGIMENT

There will be a match at the McNicholl Creek ranges tomorrow afternoon between a team from H.M.S. Capetown and one from the North B.C. Regiment Rifle Association. There will be seven men on each side and the men from the warship will use their own rifles.

"Introduce Me"

An Avalanche of Thrills

A girl with tantalizing brown eyes, a love-sick swain, an irate father, a double-crossing best friend, a trick exploding cigar, a case of mistaken identity, the highest peak in the Alps, a man-eating bear, a revengeful mountain-climber, an avalanche of giant snowballs—mix these ingredients with thrills and romance and the result is a lip-top, rollicking comedy-drama. Some mountains don't care who climbs them. Jimmy got dizzy looking out of second-story windows. Someone told him there were no windows on mountains and when he tried to climb the Matterhorn in high-heeled shoes, he got dizzier. And all because he had fallen for a pair of soft-boiled eyes.

You will roar at the young men who could'nt get introduced to the girl he had decided to marry and at the two strangest villains ever seen on the screen.

See picturesque Paris and Switzerland, The Grand Opera, the Eiffel Tower and the Cathedral of Notre Dame.

Superb cast: Douglas MacLean, Anne Cornwall, Robert Ober, E. J. Ratchiffe, Lee Shumway, Wadw Boteler, and others.
