The other half of the consignment being due to arrive at Vancouver within the next few days. The first shipment was landed in Vancouver from the Philoctetes and 42 left that port by special Canadian train last Friday night for the prairies, making a fast run to Winnipeg in 84 hours. Seven of these cars were being unloaded here this morning, the larger portion of the train being consigned to prairie points and the lakehead.

REV. S. S. WEBSTER NOT COMING NORTH

Vancouver Clergyman Has Accepted an Appointment in San Francisco Instead

Word has been received that Rev. S. S. Webster of Vancouver, who was to have come north to take temporary charge of the United Church at Terrace, had already accepted an appointment in San Francisco and, therefore, will be unable to come to Terrace. It is expected that arrangements will be made in the course of a few days to fill the pulpit at Terrace at least temporarily.

Coughs and Colds

Are dreaded by Mothers who do not know of Dr. Chase's Syrup of Linseed and Turpentine.

What a weight of responsibility rests on the mother of the family during the cold weather season. In every cough and cold she seems to hear the warning of serious developments. She dreads croup, bronchitis, pneumonia and consumption and realizes that these are the natural result of neglected colds.

But Dr. Chase has provided a prompt relief for coughs and colds and a preventive of more serious ailments of throat and lungs, in his Syrup of Linseed and Turpentine.

This medicine is so well-known that only a reminder is necessary to most people to recall its effectiveness in relieving croup, bronchitis, asthma and all forms of throat and bronchial troubles.

ONTARIO MAY BRING ON ANOTHER ELECTION

TORONTO, Nov. 30.—Whether there will be another session of the Ontario Legislature or not, rests, according to a declaration made by Col. John A. Currie, M.P.P., at a meeting of the Ward Three Conservative Association "on the knees of the gods and the brewers." After stating that the latter wanted stronger beer, while the people at large desired a more satisfactory liquor law, he avowed that government control alone would meet with all-around approval, and stated that the Ferguson administration would shortly make an appeal on a platform designed to bring it about.

SPORT CHAT

Two tournaments remain to be played before the billiard league complete the first half of their season's schedules and cease activities until after the Yuletide holidays. Tonight the Grotto and Prince Rupert Fish Co. meet in the second division and next Tuesday evening the Great War Veterans and Prince Rupert Billiard Parlor will play the closing fixture of the first division first half. Though the first half of the season will close with the Billiard Parlor leading handily in the second division and the War Veterans, probably, on top in the first division, there will still be plenty of chances for other teams to catch up on them in the second half and, for that reason, league billiards after the New Year may be expected to be just as interesting as they have been up to now.

Line-ups in the second division billiard tournament tonight between the Grotto and the Rupert Fish Co. will be as follows:

J. Hillman (Grotto) vs. W. Bailey (Rupert Fish Co.)

J. Beesley vs. J. Krause.

Bert Morgan vs. H. Corbett.

George Howe vs. S. Darton.

J. McLean vs. G. Newell.

The deer season having closed last night, rifles are now being hung up for another year by most of the local nimrods. There were a number of deer hunting expeditions out at the end of last week and a good quantity of venison was brought into town as a result. Bird hunters will have until the end of the month to fire away at the feathery creatures with their shotguns. The most of the birdmen have already had pretty good hunting this year but they are promising themselves one more good trip before the season ends. Exceptionally good success has attended both deer and bird hunters this year. This has had the tendency to discount to a great extent the general theory that it needs snow and cold weather to bring the deer down to where the hunters can get them. However, it is said that the main body of geese have not yet passed this way on their southward migration. If that is the case, there should still be some very good hunting for seekers of these elusive birds.
