Low Grade Grain
Might Use This Port.

The damp and tough grades of grain which are not immediately marketable are filling up the elevators at Vancouver to such an extent that it is suggested an embargo may have to be placed on them. Possibly these grades could be handled at this port. The elevator is new and is not expecting very much business this year because of the late start. The cleaning and drying departments will be ready to operate before the end of the month and a million bushels of low grade grain might possibly be stored here and got ready for shipment. Possibly it might be worth while for the grain board to notify the Merchants Exchanges at Calgary and Winnipeg that we have the accommodation here. At any rate the matter is worthy of consideration.

Either To Vancouver
Or Nowhere Else.

The idea of a great many people in and around Vancouver is that if it is not of direct value to Vancouver it should not exist. There is but one place of any importance in the world and that is on Burrard Inlet. All roads should lead to it, all eyes be turned to it, all expenditures be made for the benefit of it. Nothing else in the world counts.

H. G. Perry of Prince George suggested that before finishing the P.G.E. to Prince George, the line should be built northward into the Peace River country. That would not at once benefit Vancouver as the grain would come out of the Peace River country to Prince Rupert. Hence opposition to it.

J. G. Sullivan, a C.P.R. engineer, has given his opinion that it should not be built because Vancouver would not get all the freight. Prince Rupert would benefit.

We are not advocating the building of the railway from Prince George into the Peace River country by the Provincial Government. It is a big undertaking and should be a Dominion work. But we object very strenuously to the reason given for opposing it.

Fishermen's Dock
Most Desirable.

From time to time the Daily News has drawn attention to the need here for a fishermen's dock. Just now all they have is the small float built by the Provincial Government at Cow Bay, which is very much overcrowded and quite inadequate. The building of docks is not a Provincial Government work but should be undertaken by the Dominion. They control the waterfront and their work is to provide necessary facilities. The Provincial Government floats have served an excellent purpose and will still be useful even after other docks are built.

Fred Stork, the local federal member, having seen the elevator about completed, is now turning his attention to this work. He has asked for suggestions as to what course might be followed.

Most of the waterfront is owned by the Railway Company although the Provincial Government have part of it. While doubtless an arrangement could be made for the Dominion Government to take over and utilize part of the railway property, it would have to be such part as would not interfere with the plans of the company. In any deal it is probable the railway company would insist on the Cow Bay exchange which was authorized by the people of the city being implemented.

It is hoped that no obstacle will be allowed to stand in the way of having provision made for the fishermen, especially in view of the fact that Ketchikan, Prince Rupert's rival, is doing her utmost to cater to the business.

ARMISTICE DAY
BANQUET HELD

Occasion Celebrated in Enthusiastic Manner With Touch of Solemnity Last Night

In an enthusiastic manner well befitting the occasion, Armistice Day was celebrated last night at a banquet in the St. Regis Cafe under the auspices of the Great War Veterans' Association. There were something over 100 persons in attendance and the program included five stirring speeches as well as a great musical program.

Before the festivities opened, the gathering rose and with bowed heads observed two minutes of silence for dead comrades. The "Last Post" was sounded by Bugler Bance followed by the "Beveille."

J. F. Hutchinson, president of the Great War Veterans' Association, presided and, in the course of an opening address, publicly thanked the children of the city schools for their magnificent contribution to the Poppy Day fund.

During the banquet, a collection was taken and the sum of \$24.80 was realized for the fund. The proceedings opened at 8.30 and closed at 11.30. The program of the evening was as follows:

- Opening address, President J. F. Hutchinson.
- Song, Rev. Walter Allen.
- Address, Fred Stork, M.P.
- Solo, C. V. Evitt.
- Solo, Bob James.
- Club swinging, Bob Arthur.
- Song, Bill Murray.
- Address, Mayor S. M. Newton.
- Alouette by G. P. Tinker.
- Duet, Wright Davies and Bandmaster Wilson.
- Address, Archdeacon G. A. Rix.
- Song, Bill Murray.
- Address, Col. J. W. Nicholls.
- Song, Bob James.

LADIES' MUSIC CLUB
MISCELLANEOUS PROGRAM

Large Attendance at Meeting in Home of Mrs. George Bryant, Fourth Avenue

The Ladies' Music Club met yesterday at the home of Mrs. George Bryant, Fourth Ave. The program was a miscellaneous one arranged by Mrs. Ponder as follows:

- Piano solo, Mrs. Hubert Ward, "Elegy" by Mollet.
- Duet, Mrs. Larson and Mrs. McMillan, "Schubert's Serenade."
- Song, Mrs. William Miller, "The Fairies."
- Piano solo, Mrs. D. Wilton, "Pasdeanphores."
- Song, Mrs. Larson, "A May Morning."
- Song, Mrs. Fraser, "Slave Song."
- Songs, Mrs. Jarvis McLeod (a) "Tis You, My Rosebud"; (b) "From the Land of the Skyblue Water"

Mrs. McLeod's first song was composed by S. F. Chamberlain, a brother-in-law of Norman Wall, government agent here. There was a large attendance of members.

ROAD TO ELEVATOR
NOW BEING BUILT

Connects with Graham Avenue Near Old Garbage Wharf Approach but Goes in Different Direction

Work on the road being built by the city to give connection with the grain elevator is now proceeding. The road, which is to be of timber mattress construction, with crushed rock surface, joins with Graham Avenue near the point where the old garbage wharf formerly branched off but comes east and will switchback through a natural draw coming out near the elevator at the base of the bluff. So far no arrangements have been made for the road to cross the railway tracks to come right to the elevator.

BURNING OLD BOAT.

The old steamer Jefferson, pioneer of the Alaska run and vessel that has called a number of times at Prince Rupert in the course of her career, is being burned at Seattle in order to recover the metal used in her construction. The Jefferson at one time was considered one of the finest vessels in the Alaska service.

NOW we have the fishermen's wharf before us as our next political issue. Shall we have it or shall we do without it or shall we build it ourselves?

THE fisherman wanted a wharf to tie his boat when he came into port.

For years and years he vainly inquired.

But got an evasive retort.

But one day when he least expected to hear

Of any good things coming here,

He is told he can have whatever he likes.

I have tried and tried and again I have tried

To build you a dock my good friends,

And just you remember how every December

That dock an election cry lends.

November 12, 1915.

The per capita expenditure of the province of British Columbia, \$32.30, is the highest for any province in the Dominion of Canada. Manitoba comes next with \$10.52.

The American steamer City of Seattle went on the rocks at the mouth of Grenville Channel at 5:50 this morning and the passengers were brought in here this afternoon on the schooner Albatross and are staying at the Central Hotel. The steamer Princess May is standing by the City of Seattle which it is hoped will be floated soon.

It is reported that the Belmont-Surf Inlet Co. has struck ore carrying gold values of \$100 per ton at 1,000 foot depth.

WHATEVER YOUR
SKIN TROUBLE

Heal It With Zam-Buk!

If you have any local disturbance a dressing of Zam-Buk will quickly put your skin right. If more serious disease has already taken root there is no surer way of dislodging it from the tissues than by regular use of Zam-Buk.

When applied to broken or diseased skin, Zam-Buk stops pain and prevents germ infection. It ends the burning irritation of eczema, draws poison and irritation out of ulcerated places and quickly purifies the ringworm-ridden scalp of a child. Also for cold sores, chilblains, frostbite, etc., Zam-Buk is a splendid remedy.

Zam-Buk's wide range of utility and its certainty of benefit are due to the rare properties of the herbal extracts from which it is prepared. Furthermore, Zam-Buk has the advantage of being absolutely free from the coarse mineral drugs and rancid animal fats found in ordinary ointments and salves.

IRRITATING ECZEMA. Mr. John Connane, of 19, Belvidere St., Boston, Mass., writes:—"I suffered from eczema for years. It broke out at intervals, and was very irritating and annoying. After a deal of experimenting I found a real remedy in Zam-Buk. This splendid balm subdued all irritation and when its use was continued the sores and blotches rapidly healed and disappeared."

Are the Pennies
Blocking Your Way

Some women, even though they realize what a waste of time and what a tiring job washing is, still they struggle with washday because they think laundry service is beyond their names.

But if they'd only try our Thrift-T Service they'd know how economical laundry service can be.

Everything washed clean, your flat work ironed, wearing apparel just to iron—and the cost is only 5c per lb. and 1c per piece.

Get rid of washday and you'll have many new hours a week to use them as you wish. You'd like to have them of course, so don't let the pennies stand in the way.
