Her Heart Palpitated She Had Fainting Spells

Mrs. J. Wilson, Port George, N.S., writes:—"I suffered from palpitation of the heart and fainting spells, and, at times, I could not be left alone I was so nervous.

My trouble was caused from overwork and worry, having been left alone with a large family.

I had tried everything, without any relief, but I know, to-day, that I would have been a nervous wreck but for your wonderful

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.

GRAIN LOADING BEATS RECORDS

Resumption of Threshing Gives Impetus to C.N.R. Traffic

WINNIPEG, Nov. 12. — With the resumption of threshing operations throughout western Canada, grain loading records are again being shattered by the Canadian National Railways according to figures issued at the Winnipeg offices of the company today. Western Canada farmers celebrated armistice day yesterday by loading the largest number of cars which have yet been loaded on Canadian National lines when 2,199,000 bushels of grain were placed in 1,621 cars. The previous day's report showed 1,710 cars loaded but this included some loading which had taken place on Thanksgiving Day when no report was made. The report for the two days, showing 3,331 cars was the highest in the history of the company in western Canada.

the total of 2,854,000 bushels as

Marketing yesterday reached against 1,602,000 bushels on the same date of last year. There is now in store 19,362,000 bushels against 12,339,000 bushels at the same date last year and total loadings since the opening of the grain year on August 1, show 68,789 cars with 92,448,000 bushels loaded against 39,062 cars and 59,290,000 bushels at this date in 1924.

Saskatchewan loaded more than half of yesterday's total with 1,334,000 bushels while Alberta had 575,000 bushels. Inspections for the day were 1,028 cars against 459 cars on the same date in 1924.

Total grain deliveries by the Canadian National to Vancouver since August 1 has now reached 5,070 cars.

Unloadings at the Lakehead yesterday were 829 cars and 1,093 cars were reported in transit there. Deliveries at Vancouver were 162 and 1,725 cars enroute there. From the Lakehead five boats cleared with 1,089,000 bushels of grain and one vessel cleared from Vancouver with 168,682 bushels.

PEACE RIVER OPENING IS ONLY EXCUSE FOR COMPLETING P. G. & E.

(Vancouver Province

When the P.G.E. was conceived and started a dozen years ago, it had two objects; to tap the Grand Trunk Pacific, leading through traffic from that road to Vancouver, and to open up and develop the magnificent wheat areas of the Peace River country, thus bringing the products of a new empire to tidewater on Burrard Inlet. The hope of through traffic is gone. But there is still a possibility of developing the Peace River country and making it tributory to Vancouver, and the fulfilment of this hope is the only excuse for continuing the line northward from Quesnel.

If the British Columbia government can get some assurance from either of the transcontinental railways or from the province of Alberta that they will construct a Peace River line through Pine River Pass southward into British Columbia, then it may be justified in completing the P.G.E. through to Prince George.

But lacking this assurance it will have no excuse for throwing the people's money away on steel to fill the existing gap along the Fraser to Quesnel—the present end of the line—to Prince George.

KU KLUX KLAN KREED SUBJECT OF RIDICULE VANCOUVER NEWSPAPER

The Kanadian Order of the Ku Klux Klan has issued a large advertisement containing a statement of its Kreed. It starts off strangely enough, by acknowledging the majesty and supremacy of the Almighty. Which is very handsome of it. It thereafter devotes itself to declaring the Klan in favor of a number of very glorious but very common things to which all sane men heartily subscribe without finding it necessary to shout about them.

Owing, however, to an apparent intimacy with the Creator that is denied to the common man, it goes on to say that it recognizes the distinction between the "races of mankind decreed by the Creator" and that it will ever be true to White supremacy.

Out of a fairly comprehensive study of most of the accepted systems of theology I have not been able to isolate any such decree upon the part of the Creator. The only instance of the kind that is recorded is a certain preference for a race to whose destruction the Klan has up to the present moment devotedly applied itself.

The impetus behind the Klan, of course, has nothing to do with its published flapdoodle. It is merely the instinct of the colorless man, with no claim upon the notice of his fellow men, to dramatize himself. That is amusing and human; but it does not give him the right to dramatize his Creator. That is merely silly.

Three Women

A picture for sweethearts, wives and mothers. The story of a man involved in a love affair with three women and of a woman who lost a lover and gained a son-in-law. The tale of a mother and her daughter, rivals for the love of one man, each of them fighting tooth and nail for a worthless Don Juan. A photo-play with situations which for sheer dramatic power, heart interest and thrills would be hard to equal.
