FURTHER GRANT TO GRAIN BOARD

City Council Added $150 to Former Amount Voted for Securing Business

A recommendation from the finance committee that an additional grant of $150 be made to the grain board was adopted by the city council last night.

Speaking to the recommendation, Ald. McMordie stated that the Grain Board had now overexpended by $98 the original grant of $500 that had been made to it by the council. In view of the work the board was doing in investigating the possibility of having grain shipments made through the local elevator, the committee felt that it would be well to keep the account open and for that reason the recommendation had been submitted.

Ald. Stephens referred to the fact that the grain board, with financial backing from the city, had sent a man to the prairies to go into the situation and his report had been given neither to the city council nor to the people. He was not in favor of voting any more money until the city knew where it was going. In any case, he understood that the Grain Board was to have paid dollar for dollar with the city grant and, as far as he knew, this had not been done. When the council was called upon to vote money to the board for its work, it might at least be taken into the confidence of the board. Apparently, the council could not be trusted with the information that had been obtained by the board.

Replying to Ald. Stephens' criticism, Mayor Newton said that Mr. Riel's report had not been made public because it had not been known what the outcome of his recommendations would be. There was the greatest necessity to keep information and the policy being worked upon in the background until negotiations were completed. The situation was deemed critical and he would rather make no statement until further word was received from Ottawa. In the meantime, there would be another meeting of the grain board at an early date and he would then ask that Mr. Riel's report be submitted to the council.

The recommendation for the making of the additional grant was adopted by the council, Ald. Stephens voting against its passage.

COUNCIL DECIDES TO PROTECT NURSES

Troublesome Patient Will be Removed to Jail Until Admitted to Home for Incurables

James Dancy, a chronic epileptic, being deemed a menace to the hospital and the safety of the nurses there, the city council last night, on recommendation of the finance committee, decided to have him removed to the city jail and there kept until his admission to the home for incurables can be obtained.

A letter from Dr. J. P. Cade, medical health officer, dealing with Dancy's case, stated that he was a chronic epileptic and had come here originally from Nelson. He was a menace to the hospital and having been abusive to the nurses, had already been removed from the hospital once but it had been necessary to take him back. He was not a subject for the Old Men's Home or for the mental hospital. The only place for him was the incurable hospital.

In speaking of the report, Ald McMordie stated that Dancy had become most abusive and troublesome at the hospital and the nurses were afraid of him. Especially in view of the recent unfortunate occurrence in the Vancouver hospital, it was felt but fair to the nurses to have him removed. Apparently there was no solution for his case other than to send him to the jail for lodging until he could be admitted to the home for incurables.

Mayor Newton pointed out that Dancy would not be deprived of his freedom in the jail and would be allowed to move in and out at will as long as he was not considered a menace to public safety.

RUSHING REPAIRS ON DAMAGED BRIDGES ON C.N. RAILWAY LINE

Khyex Repairs Should Allow Trains to Cross Thursday But Other Washouts Worse

It is expected at the office of the C.N.R. superintendent that the Khyex River bridge will be repaired by Thursday and that equipment may then be sent across to start work on slides and washouts beyond. It will take longer to repair the two bridges near Usk that were washed out and it will be next week, at the earliest, before service can be resumed.

The Lindup bridge between McBride and Prince George it is expected will be ready to bear traffic tonight. No. 3 from the East, to have arrived here tomorrow morning, reached Lindup this morning and passengers for points as far west as Pacific were transferred. No passengers are being booked at this time for points west of Pacific. As soon as possible, however, they will be handled and, if it is found practicable to transfer to a stub train into Prince Rupert, this will be done.

Superintendent W. H. Tobey, Roadmaster R. A. Harlow and R. F. Perry, B. and B. foreman, are at the Khyex bridge while A. R. Holtby, master of bridges, is at the Lindup trouble.

A report from the finance committee recommending that the city assume responsibility for the paying of $4 a month rent for Mike Donnelly who is already being supplied with food by the city was adopted at last night's council meeting. Ald. McMordie stated that Donnelly had been receiving rent free but the property had changed hands and $4 a month was now demanded.

SPORT CHAT

The final tournament of the first half of the schedule in the first division billiard league between the Great War Veterans and the Prince Rupert Billiard Parlor takes place this evening. The Vets are now ahead by 127 points in the standing and the chances of the Billiard Parlor to overcome that lead look pretty slim especially since two of the team's most effective players—George McIlmoyle and Don Brown— are out of the city. The War Veterans' team, which has been going strong of late, is intact at full strength.

Teams in the first division billiard league tournament tonight between the Prince Rupert Billiard Parlor and the Great War Veterans will line up as follows:

G. Balagno (Billiard Parlor) vs. Col. S. P. McMordie (War Veterans.)

G. Waugh vs. Sergt. Jebson.
W. Long vs. Fred Pyle.
W. Mitchell vs. J. Andrews.
M. Andrews vs. G. P. Tinker.

Things are tightening up in the men's section of the Fraternal Whist League and the Moose and Knights of Pythias are close on the heels of the St. Andrew's Society for the top place in the standing. There will be two more sets of games before the close of the first half of the season. On Thursday night of this week the teams will meet as follows: Knights of Pythias vs. St. Andrew's; Elks vs. Oddfellows; Moose vs. Sons of Canada. The game between the Great War Veterans and the Loyal Orange Lodge will be played on Friday evening at the G.W.V.A. rooms instead of on Thursday evening.

The Maple Leafs, champion girl basketball players of the city, do not meet very well with the suggestion that their aggregation should be broken up on the grounds that it is unbeatable In fact, the Leafs say that their team of last year is not intact at full strength and they feel that an aggregation could be mustered in the city that could give them good competition. In any case, the Maple Leafs have made up their minds that their team is not to be disbanded and lose its name and, to keep in trim for any competition that may come along, they are now practicing regularly at the Exhibition Hall by filling out the regular Saturday program with the High School league teams.
