Independence and United Empire Mines in Bear River Valley at Stewart Dealt With in Report

(By G. A. Clothier, Resident Mining Engineer)
The Independence Gold Mining Co., Ltd., was incorporated early in 1924 with a capitalization of 1,500,000 shares of \$1.00 a share par value. The holdings of the company consist of the Independence group of six claims on Goose creek owned by the Fitzgerald Bros., of Stewart. During the winter the main tunnel was extended to about 270 feet, exposing some ore, and it was therefore decided to erect a small compressor. Several log buildings were erected, including a bunk house, cook house,

Work was started on the No. 3 vein, on which there is a very promising exposure of ore. A cut was put across this with good results. The compressor was started in June and work was resumed on No. 1 or the main tunnel in driving ahead. At a point about 300 feet from the portal a crosscut was started towards cutting the No. 2 vein, on which some work was done on the surface at 1,750 feet elevation. The main tunnel was then continued and is reported by J. Fitzgerald as being in ore practically continuously to the face, at 400 feet from the portal, where a crosscut is being driven across the vein. Altogether there has been about 650 feet of underground work done, besides extensive surface work.

Considering snow conditions in the spring and trail conditions during the summer, the property has had a very creditable amount of work done on it this year, with, it is reported, very satisfactory results. Though the Mines Department expended a considerable sum on the trail this year, it will require further improvement next spring.

United Empire
The United Empire group of mineral claims includes a number of claims formerly in the Bayview property, and the Gold Cliff group, owned by Dann & Douville, of Stewart, about twenty claims in all. The claims are situated on the west side of Bear river, just north of the town of Stewart and adjoining the Bayview group, an ideal location for tramway transportation to tide water in the event of becoming producers. The combined properties were taken under bond in October by A. B.

PICTURE BROKE LONG RECORDS

"The Ten Commandments" is Feature of Program at Westholme Theatre This Week
The big picture "The Ten Commandments," which is to be shown on Thursday, Friday and Saturday nights, is of course the feature of this week's program at the Westholme Theatre.

The picture broke all long run records at road show prices in the United States and other countries. Playing the "two-a-day" in New York City, it broke the record of 59 weeks which had been held by "The Covered Wagon," remaining at capacity business for 62 consecutive weeks. "The Birth of a Nation" was only able to last 44 weeks on Broadway, while "Way Down East," "The Four Horsemen," and "The Thief of Bagdad" held up for a lesser period. About five million people have seen this remarkable picture since it was first shown at a two dollar scale.

In Los Angeles it held up for 31 weeks, Chicago and Philadelphia 20, Boston 14, San Francisco and Cleveland 8; while in Detroit, Washington and Cincinnati it stayed 5 weeks. Sydney, Australia, played host to it for 30 weeks as did Melbourne; while Paris and Auckland, New Zealand greeted it enthusiastically for 10 weeks. Berlin, as impoverished as it was at the time, played the picture for 4 weeks, with the best seats selling at five dollars each.

CORINNE GRIFFITHS IN INTERESTING PLAY

British Society Drama Will be Mid-week Feature at Westholme Theatre
Unhappily married, Lady Helen, played by Corinne Griffiths in "De-classe" coming to the Westholme Theatre Wednesday night, of a fine, aristocratic English family, finds in Ned Thayer's companionship the one spark of joy in her life. Yet even this must be extinguished, for at a card party at her home she detects Thayer cheating at cards with a Mrs. Leslie, social climber, who has made a fool of Thayer.

To prevent exposure, Mrs. Leslie threatens to give Lady Helen's husband letters of an endearing nature written to Thayer, which she has intercepted, and the proud Lady Helen, accepting the deft, denounces the couple to her guests.
Mrs. Leslie carries out her threat, and London is shaken with one of its most sensational divorce trials.

Going to America, the "land of a second chance," Lady Helen is rapidly approaching destitution when she meets Rudolph Solomon, vastly wealthy retired antique dealer, who once had vainly sought entry into her circle in London. In her want, she accepts Solomon's friendship and decides to capitulate to his insistent wooing.
On the night she has promised herself to him, he takes her to an apartment he has furnished for her and here, to her surprise, she discovers all the prized furniture and heirlooms of her former home in England, which Solomon

Does Your Grocer Use Scales?

HE DOES!--Because you expect him to weigh your orders of bulk goods. If he didn't you would assuredly change your grocer.

The same thing is true with circulation. During the last few years Advertisers have not been satisfied to suppose they were getting a certain circulation for their money; they don't want to be merely told, they want to know.

They want the circulation measured by a standardized and unquestionable measurement.

The Audit Bureau of Circulations is the recognized authority for proving circulation. It is maintained as a co-operative organization by the advertisers, advertising agencies and publishers who realize the necessity for businesslike methods in advertising.

A.B.C. reports place in the hands of advertisers, essential facts that have been secured and verified by a searching examination of the publisher's records

had secretly bought up in the hope of bringing about just what is happening.
But an oil-painting of an ancestor who had died for honor, labelled "Death Before Dishonor," rouses her out of her moral torpor and she flees the place.
She is struck by a passing motor car. A stranger carries the limp form to the sidewalk and under a street lamp Lady Helen, regaining consciousness recognizes Ned Thayer as her rescuer. He has made a man of himself and now so closely approaches Lady Helen's ideal that the rest can be guessed.

"THE BANDOLERO" IS THRILLING PICTURE
Love and Hate in Spain are Depicted in Film to be Shown Tonight and Tomorrow
"The Bandolero," a romance of Spain, in which the vendetta of parents and the love of a boy and girl are woven against a background of bullfights and mountain brigandage, is to be shown at the Westholme Theatre tonight and tomorrow. This photodrama, which was photographed in Cuba and in natural locations in Spain, is based on the novel by Paul Gwynne, and was adapted and directed by Tom Terriss.
Pedro de Cordoba has the title role of Dorando, the Bandolero, or brigand chief, who is a Spanish version of Robin Hood. He has been driven to outlawry by his discovery that the Marques de la Torre is making unwelcome

love to his wife, who is killed in the fight that follows. Dorando sends his daughter away to be brought up by a servant. There as the first step in his sworn revenge, he kidnaps the marquis's son Ramon whom he hides away in the mountains—but not so far from his daughter's retreat that the young persons do not meet and fall in love with one another. Then the hatred of the fathers and the love of their children work to a dramatic climax.
