McLEOD CLAIM IS REJECTED BY CITY

Decided not to pay $2,317 claimed to be due under street Repair Contract

The city council last night, in spite of a warning by Ald. Stephens that it might be courting a lawsuit, decided to reject the claim of M. R. McLeod for $2,317 as a balance due him under his street repair contract which was recently cancelled by the council. The finance committee recommended that the claim be refused.

City Solicitor Jones reported that the sum asked for might have been due under the original contract with Mr. McLeod but a new arrangement had been made since the original contract had been entered into and this would invalidate Mr. McLeod's claim. Mr. McLeod at the time had accepted the new arrangement although he now claimed that he had taken payment under protest. It might be well to get in communication with the former city engineer before finally closing the matter. Mr. McLeod had never entered a protest with him (Mr. Jones).

Ald. Perry and Ald. Casey both urged that the matter be closed now and the claim rejected.

Ald. Stephens urged that Mr. McLeod's claim be fully looked into before making a final decision. The matter might be laid over for a week. Ald. Stephens thought that the matter should be fully investigated. The city should not openly court a lawsuit.

After further discussion, the matter was put to the vote and it was decided to reject the claim. Ald. Stephens and Ald. Smith dissenting.

REASON FOR GREATEST OPTIMISM FOR FUTURE

W. J. Alder Says Prince Rupert Is Looking Better Now Than it has for many years

Stating that he has seen a great improvement in the city since he was last here about twelve months ago, W. J. Alder, pioneer investor, declares that there is reason for only the greatest optimism as to Prince Rupert's prospects for the future. He points to the fact that the sawmill is operating, the big elevator is under construction and a good deal of permanent building is in progress. None of these things were going on last year. Mr. Alder deplores the fact that there still seem to be a number of pessimists about the town. They are doing themselves no good and are certainly not helping the city which would be better without them.

Mr. Alder is here from Victoria looking after his various interests in the city. He expects to return south on the Cardena this evening.

SMITHERS

The opening of the Burns Lake-Endako section of the B.C. highway is proving a boon to this part of the country and already several parties are planning long motor trips to cities in the south. The first to start is Jas Fea and family, who left here in their Dodge Friday morning for Vernon. Mr. Fea is a C.N.R. conductor, and is working for the summer on the branch line being built from Kamloops to Kelowna.

A copy of the Diamond Fields Advertiser, a newspaper published in Kimberley, South Africa, was received in town this week and it contained some interesting news of the Prince of Wales visit to that section. The Prince evidently intends not to miss any opportunities for experience on his trip as on the front page appeared a fac-simile of a Diamond Diggers certificate issued to him on June 16th at Barkly West, Union of South Africa. The number is 71584 and it was issued by C. Hamilton Hoskins, registrar of claims, who is a brother of Stephen H. Hoskins the local government agent and gold commissioner.

VANDERHOOF

Following are the winners in the clover growing competition recently held in this district by the illustration station: first, F. C. Borhaven; second, J. Irvine; third, M. J. Griffin.

George Williams and Peter Ackerman, two trappers, were found dead in their cabin on Nation River, about 120 miles north of Fort St. James, by Provincial Constable Van Dyck. An inquest opened at Stuart Lake and was adjourned until such time as a cup and some powder found in the cabin may be analyzed.

Dr. and Mrs. W. Ross Store and family are camping at Stuart Lake near Douglas Lodge.

Last Tuesday, Lawrence Ellsworth Taylor, eight year old son of W. Turner of Finmoore, was drowned while paddling in the Nechako River. The body has not yet been recovered.

Does Your Grocer Use Scales?

HE DOES!—Because you expect him to weigh your orders of bulk goods. If he didn't you would assuredly change your grocer.

The same thing is true with circulation. During the last few years Advertisers have not been satisfied to suppose they were getting a certain circulation for their money; they don't want to be merely told, they want to know.

They want the circulation measured by a standardized and unquestionable measurement.

The Audit Bureau of Circulations is the recognized authority for proving circulation. It is maintained as a co-operative organization by the advertisers, advertising agencies and publishers who realize the necessity for businesslike methods in advertising.

A.B.C. reports place in the hands of advertisers, essential facts that have been secured and verified by a searching examination of the publisher's records

You don't need to buy Space by Guess.!

You can get the full circulation facts on the Prince Rupert Daily News by referring to the last A.B.C. report which will be gladly furnished by request.
